WELCOME TO

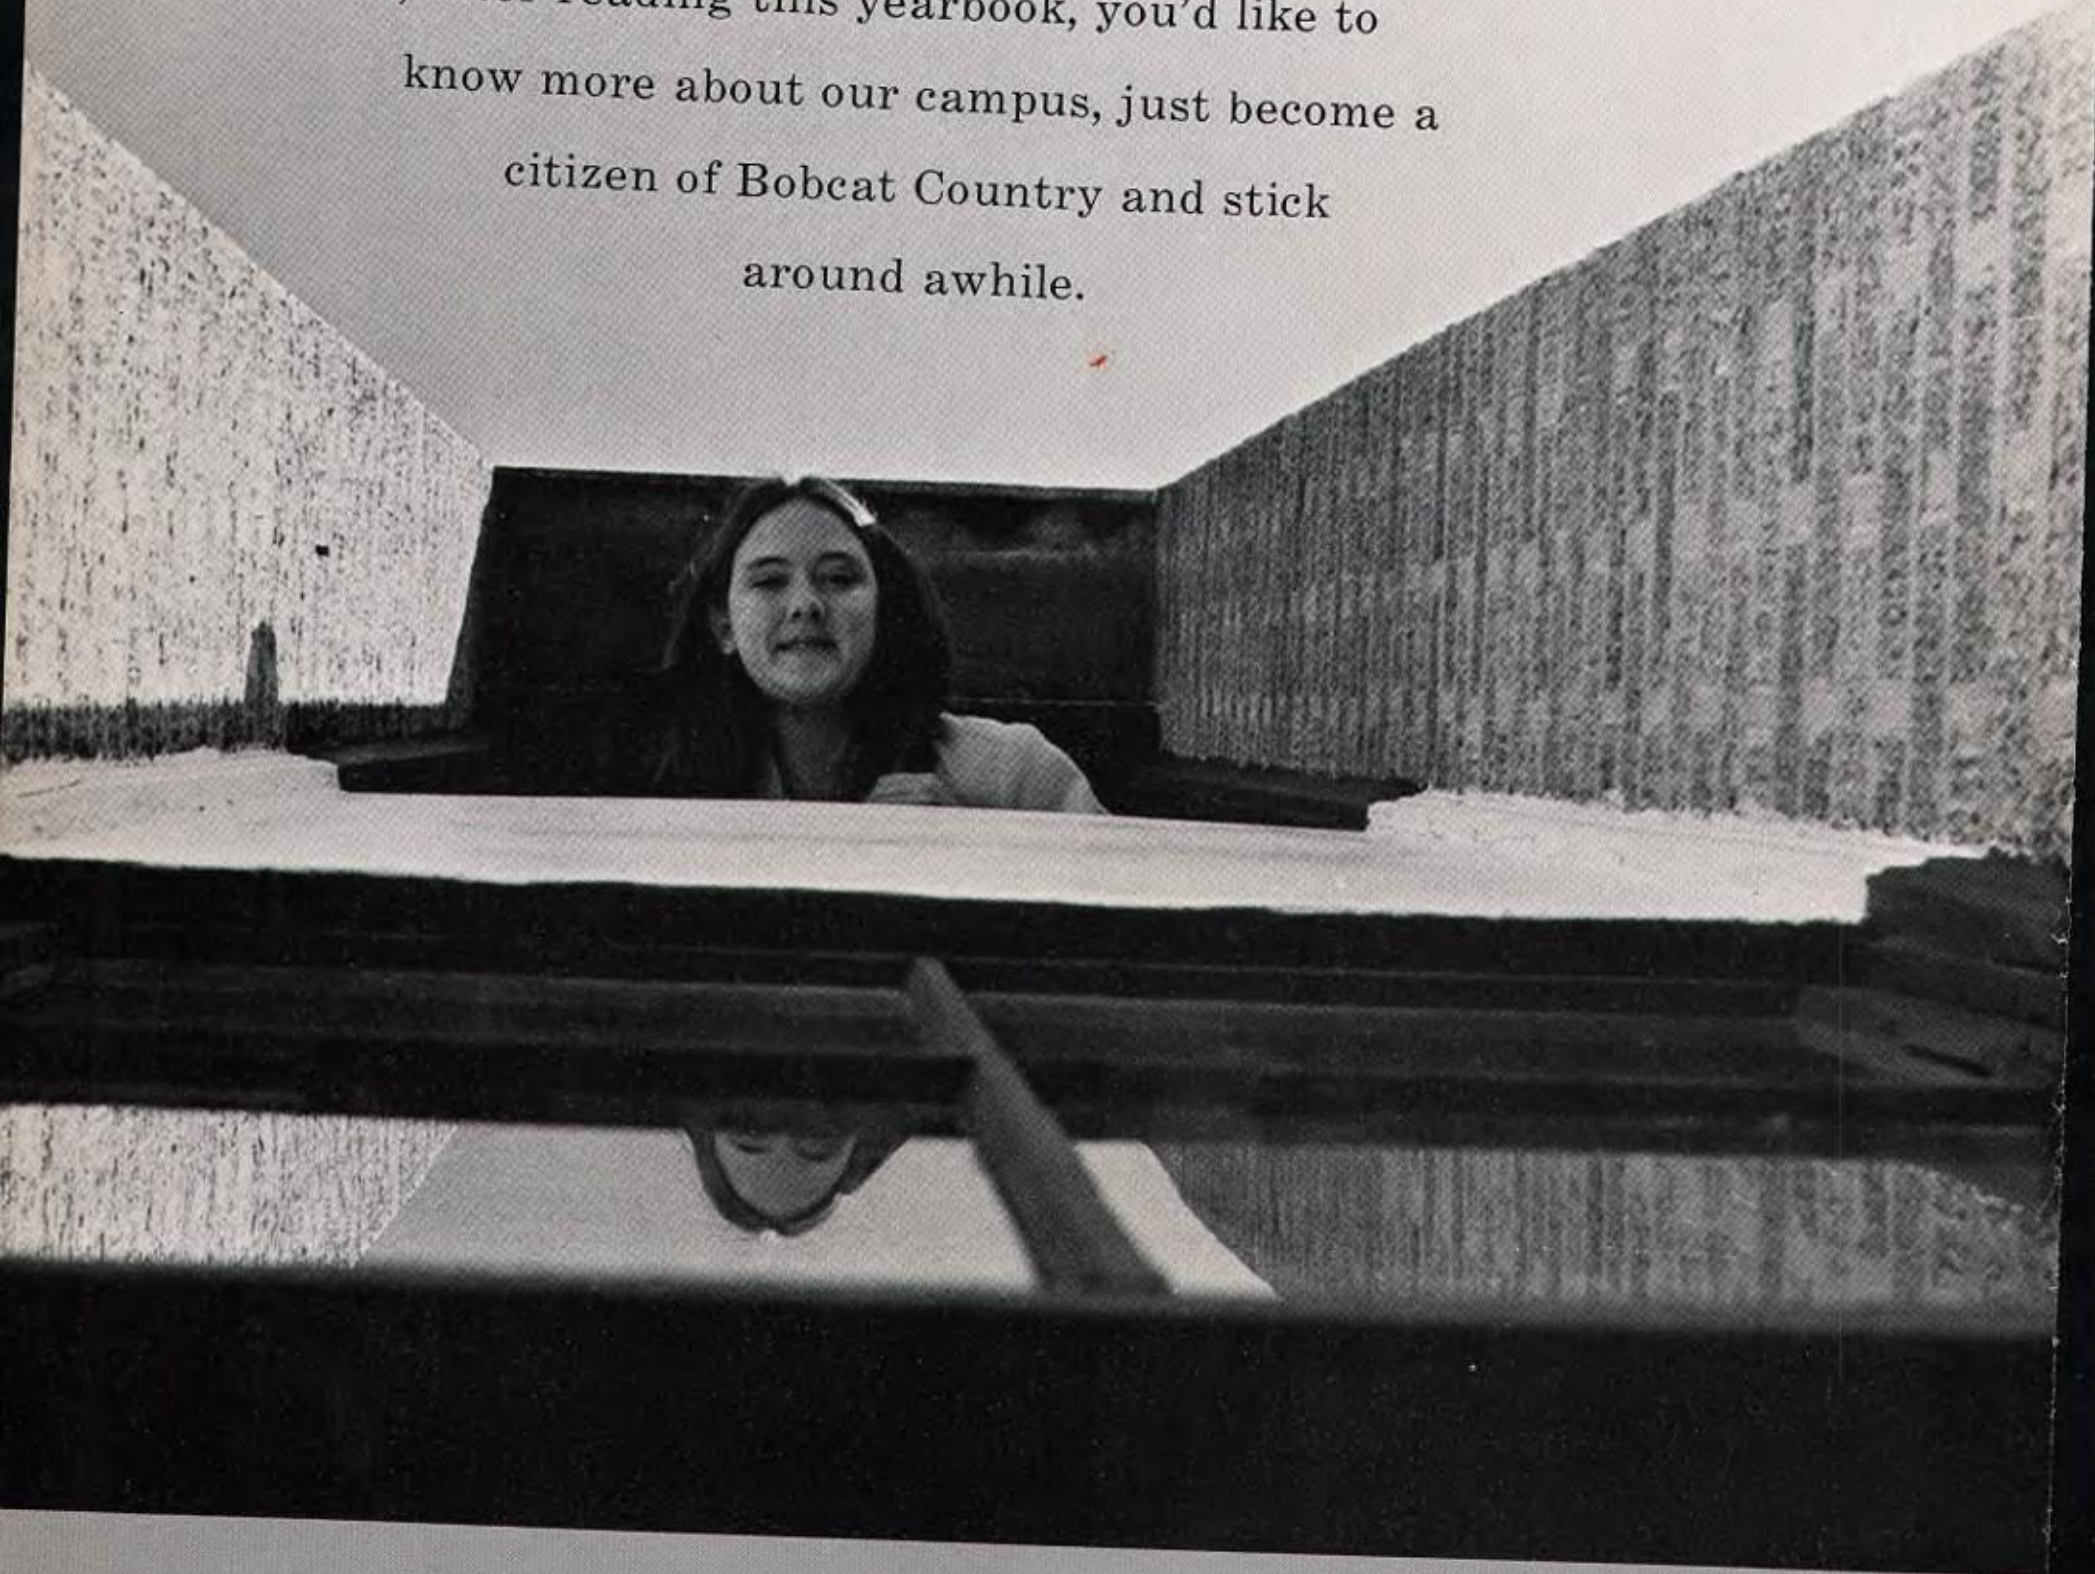

Relax. Get comfortable. And read what Bobcat Land is really like. Not the land you may think you know. But the real Hope High School. The HHS that has numerous large buildings. A green, litter-free campus. Friendly teachers. And even some new colorful desks. The HHS students know and love. Welcome to Bobcat country! Land of every sight and sound you ever heard!

FALL

School started in late August and nervous freshmen got their first taste of high school routine. Even before classes began, the football team and band were getting ready to show students an exciting fall season.

The fair as always drew a crowd; and special high school classes made daily trips to the grounds to look at art exhibits, observe events in the coliseum, and eat hot dogs and hamburgers.

So, when students start buying new clothes and comparing class schedules, you can be sure it's Fall — pretty soon school will be in full swing!

(Bottom Right) Hi-Lights staffers get a "taste" of the Fair.

Pep rallies get school going

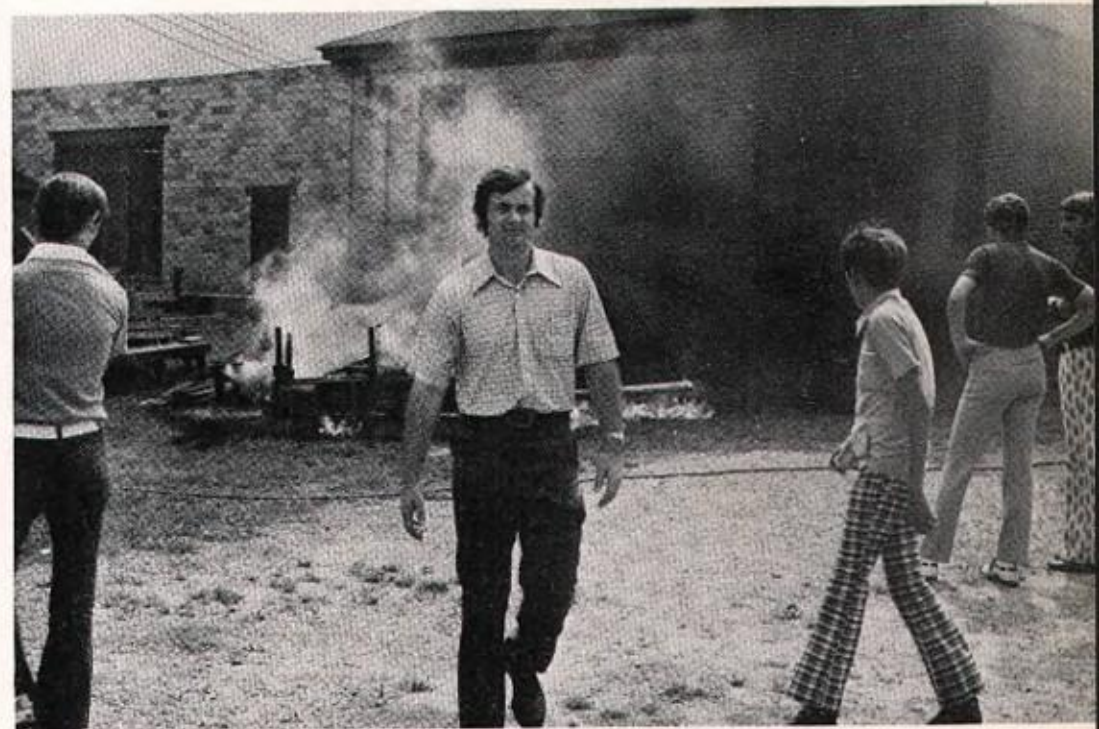

School got underway with hot but lively inside and outside pep rallies. Of course, the band added that extra noise that makes the spirit climb, and classes provided bright balloons to give it more lift.

Banner headlines told the news of the October 10 resignation of former Vice-President Spiro T. Agnew after a plea of no contest in his tax case. This fall event was a First in American history and caused widely varied expressions from shock and disbelief to gladness.

Watergate and its implications and unfolding kept history and journalism classes guessing.

Because hot weather lingered, those with new fall clothes had to wait for weeks and weeks to show them off.

Homecoming has a thousand memories----

Homecoming '73 was a week to remember. Tuesday, sucker day, gave everybody a chance to get on the stick for the Bobcats. Wednesday, blue-jean day, was kind of natural for the HHS students who wore them especially to show recognition of Bobcat Homecoming week.

But 50's day! There was everything from flippy ponytails and red lipstick to a group of greasy-haired "Rats." Friday was red/white day and the students showed pride by saluting their school, team, and '74 Homecoming Royalty.

Freshmen through Seniors worked on class parade floats all during that week. They displayed them on Friday afternoon all down Hope's main street and at the football game that night.

But the night belongs to the Royalty

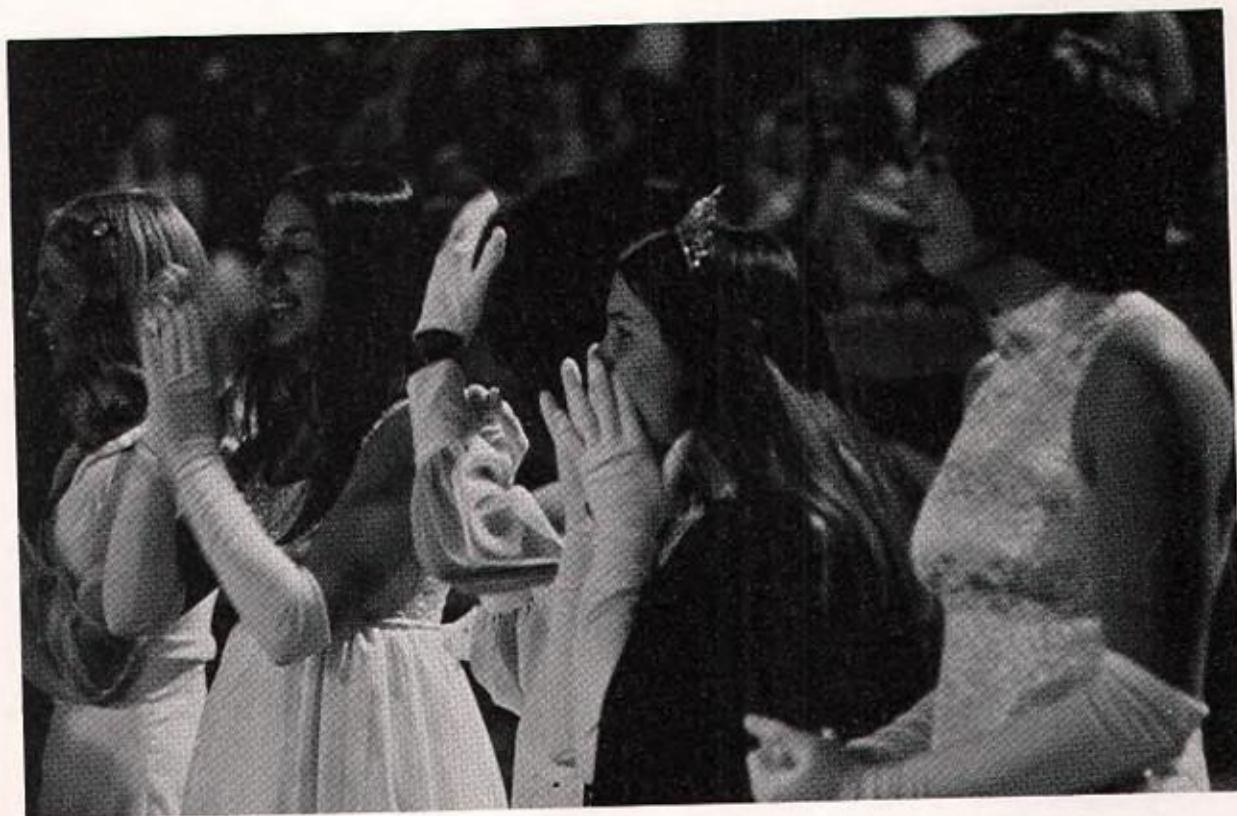

Homecoming at HHS especially honors seven senior girls and the senior Bobcats.

The seven girls are chosen by the team and presented in a special pep rally. Principal Whitmarsh crowned Carol and cheerleaders draped the red velvet robe on her shoulders.

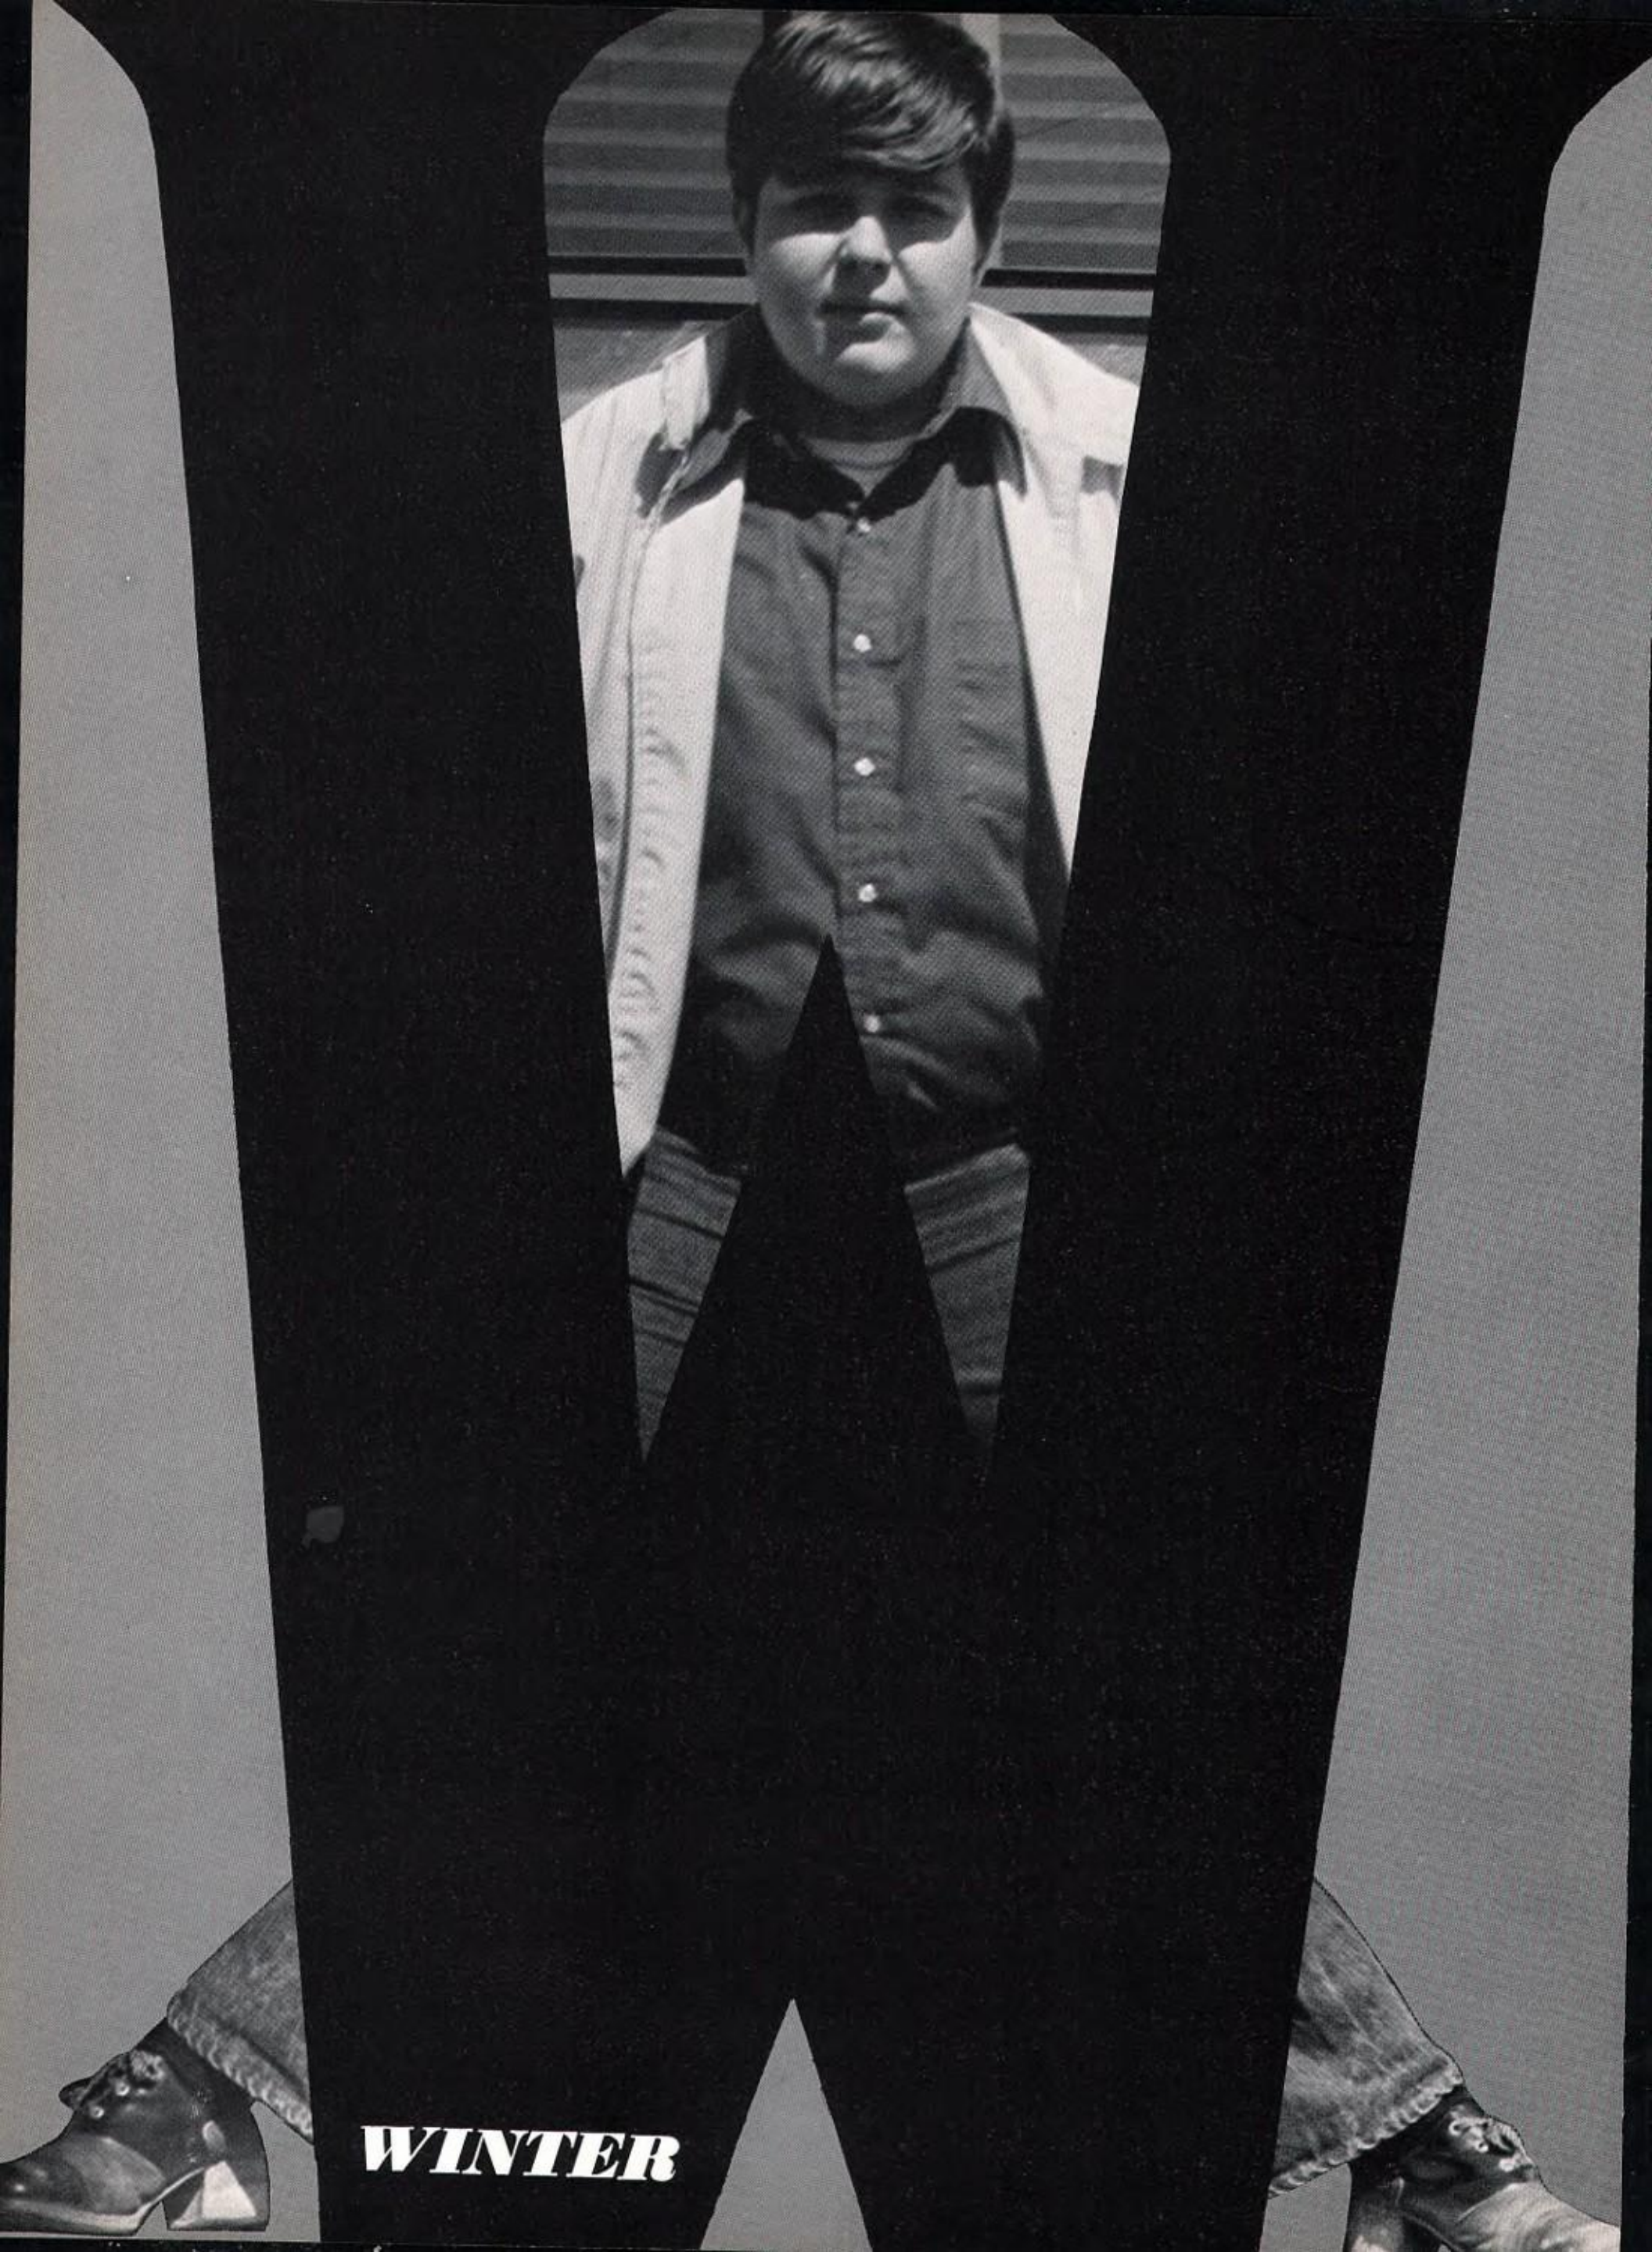

Queen Carol made her speech of acceptance for her honor and then sat on her throne with her Maids to be saluted by majorettes and cheerleaders.

For the first time in many years, the girls again wore their formals for the presentation in the pre-game ceremony that night.

The day ended with a dance at the Coliseum, but the memories continue for seven senior girls especially.

WINTER

The energy crisis was a different start for Winter. With it came the switch to year-round daylight savings time.

Second semester got underway at the peak of freezing weather, but students didn't mind because exams had been taken before Christmas vacation.

Women have their game

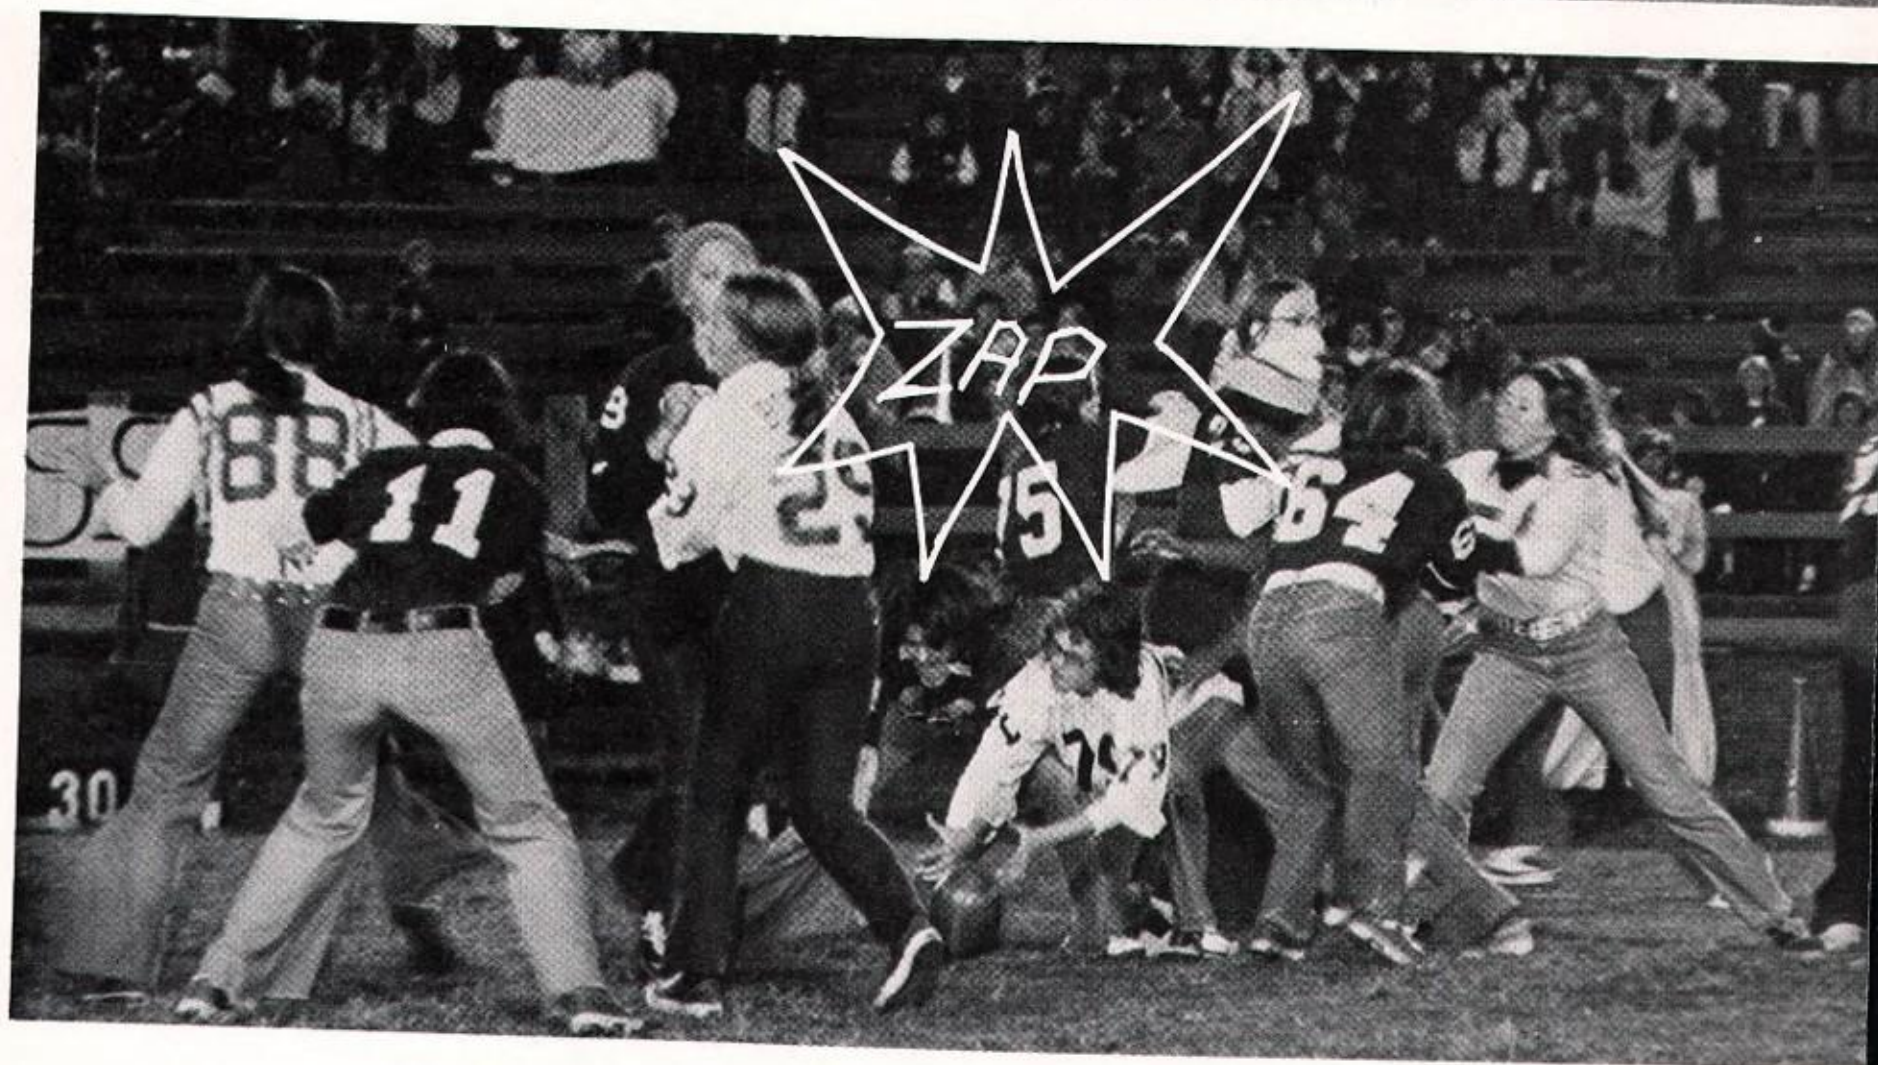

The traditional HHS women's liberation day, Powder Puff Football, was a close battle this year between two tough Junior and Senior teams. Seniors won 14-12. Senior Mary Williams and Juniors Annette Walker and Anita Hoggard were standouts as running backs.

With colorful half-time activities including a featured majorette routine came the royal walk of the Powder Puff Queens Senior Joey Galloway and Junior Mike Butler.

Senior Cheerleaders were David Bain, Herb Flores, Ted Price, and Majorettes were Ricky Fawcett and Harold Collins.

Junior Cheerleaders were Dennis Bass, David Flenory, Mickey McCormack, Larry Butler, and Stan Cook. Majorettes were Don Still, Mitch Downs, Clay O'Steen, and Tom Flores.

Senior coaches were Tim Hogan, Jack Still and David Johnson. Junior coaches were Tim Boyd, Willard Willmon, and Eugene Tyree.

HHS students wheel around

Winter at HHS meant riding bikes on Saturdays and Sundays to conserve energy and a drama production, MR. toad, with highlights about the U.S. Energy Crisis.

Club inductions and banquets made the rounds through every department and age group.

Project Operation: Goodwill is sharing

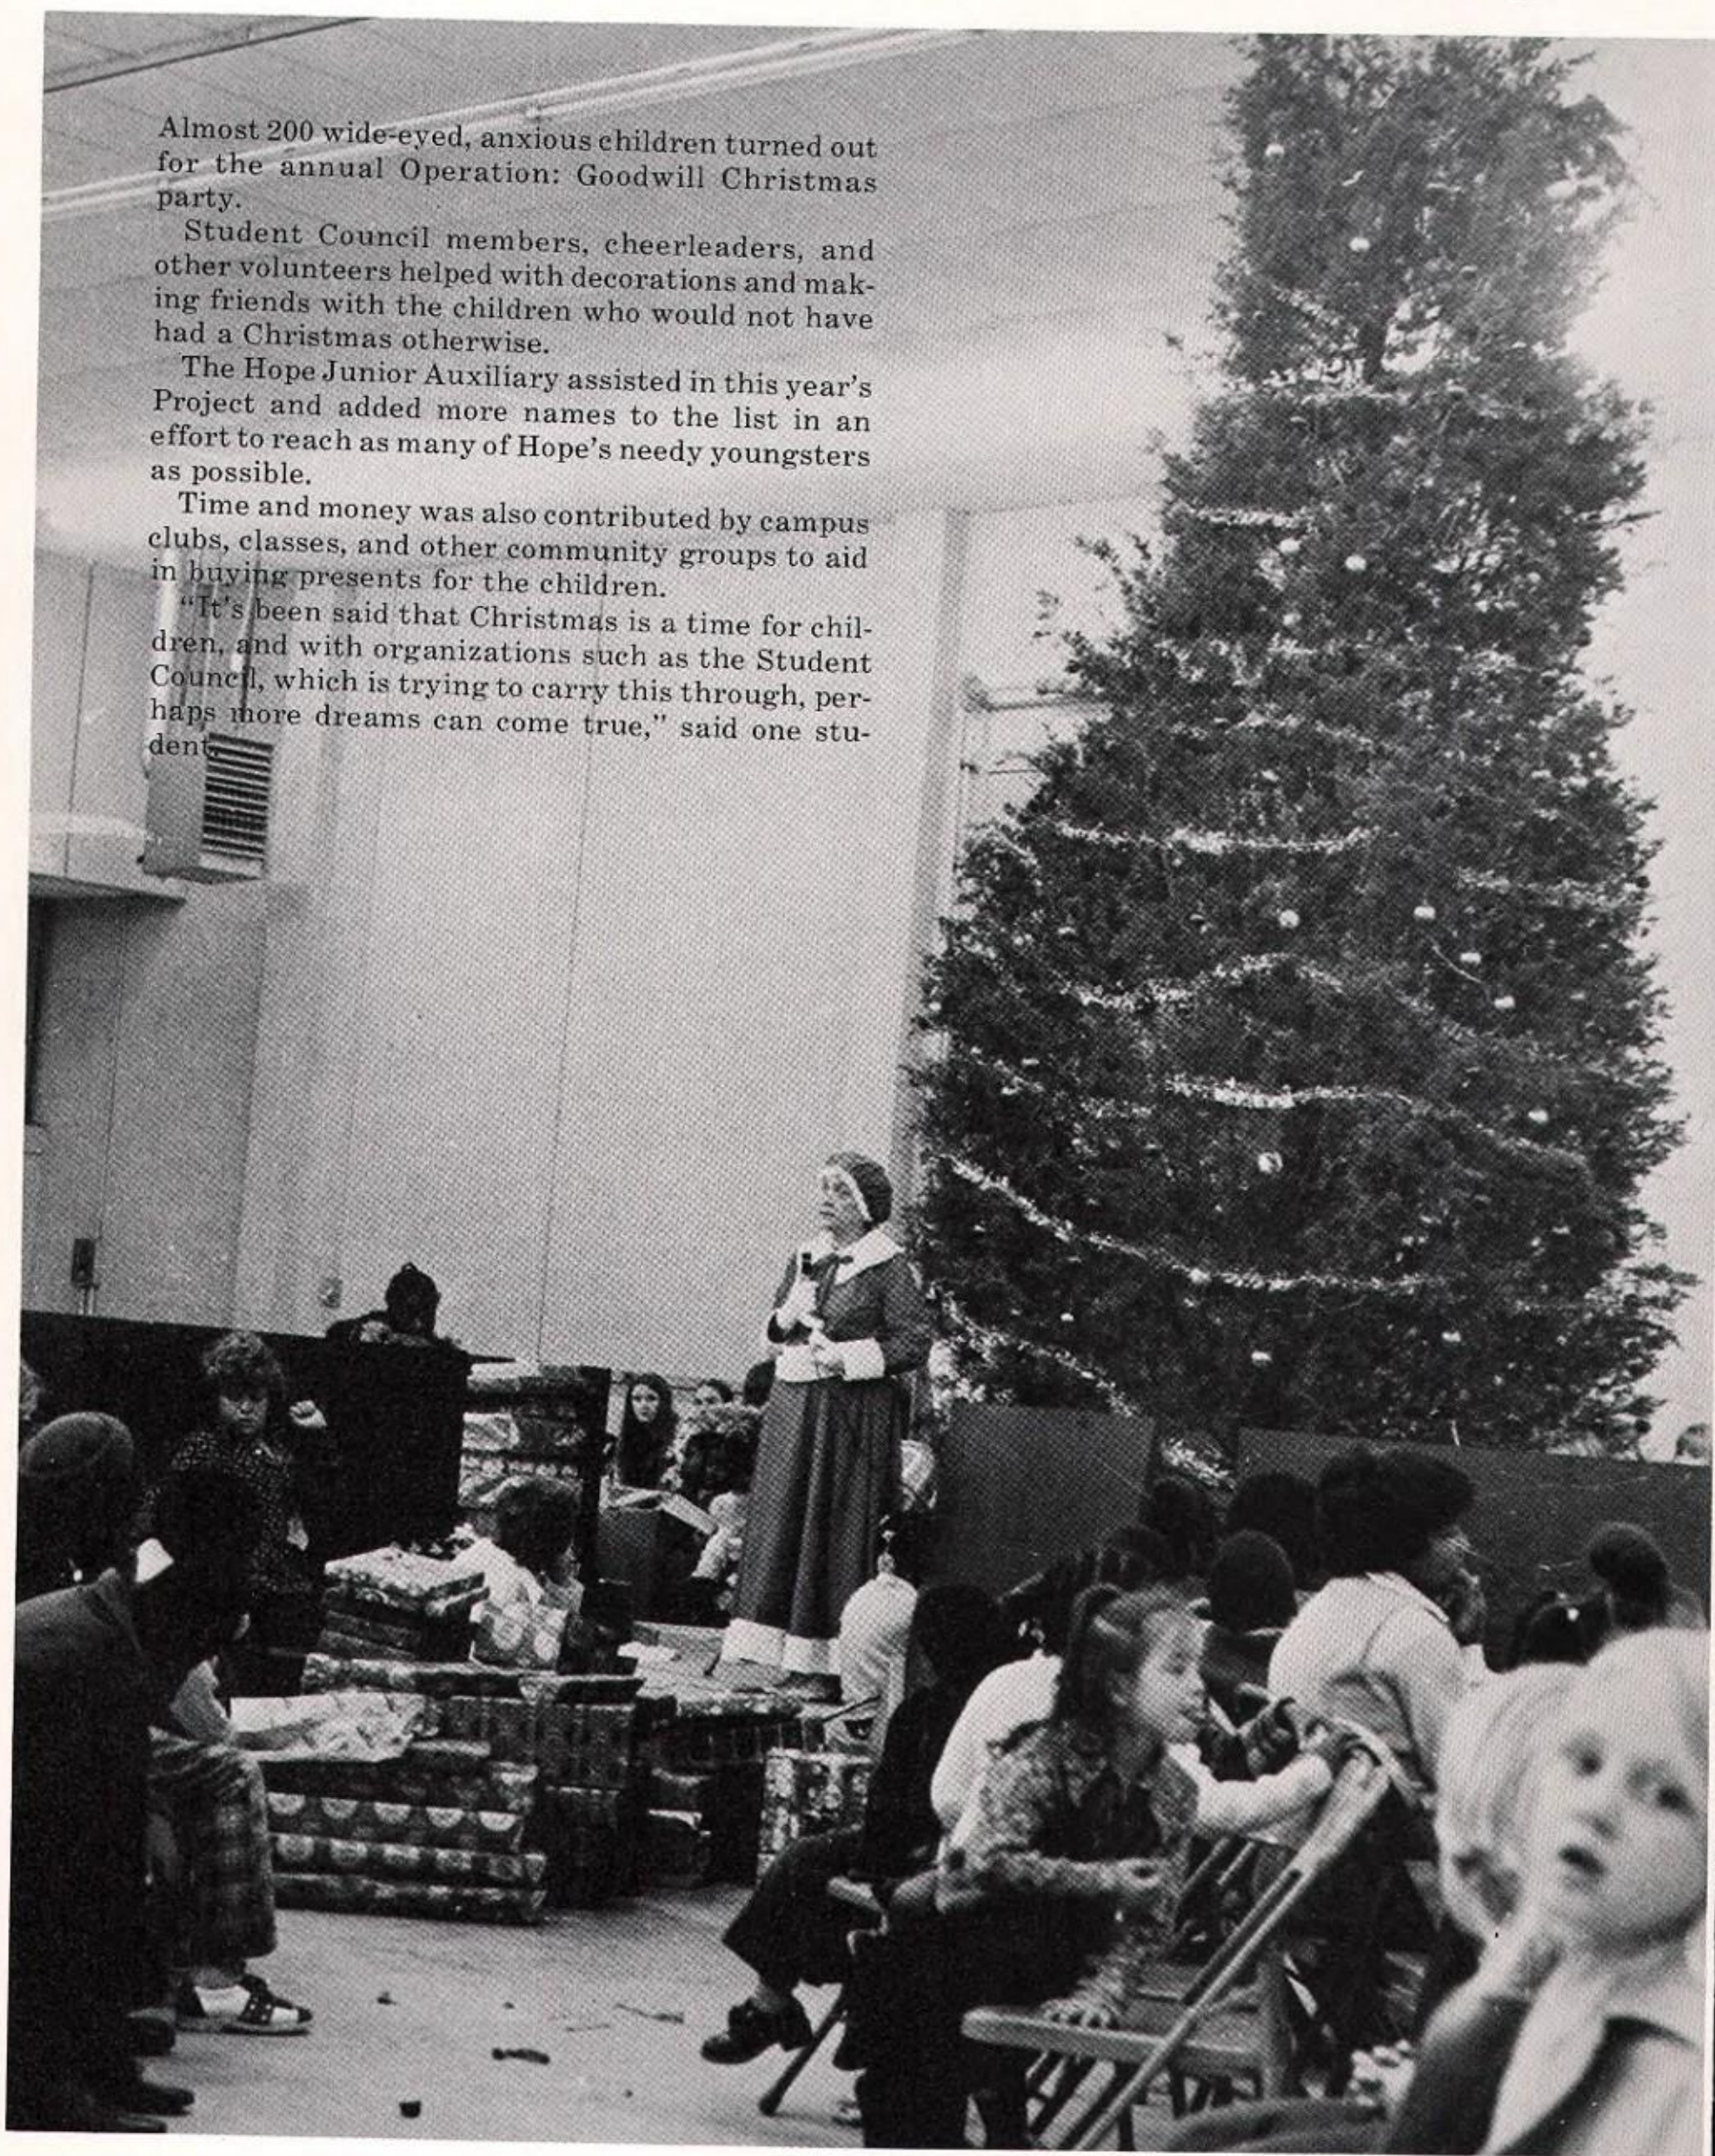

Almost 200 wide-eyed, anxious children turned out for the annual Operation: Goodwill Christmas party.

Student Council members, cheerleaders, and other volunteers helped with decorations and making friends with the children who would not have had a Christmas otherwise.

The Hope Junior Auxiliary assisted in this year's Project and added more names to the list in an effort to reach as many of Hope's needy youngsters as possible.

Time and money was also contributed by campus clubs, classes, and other community groups to aid in buying presents for the children.

"It's been said that Christmas is a time for children, and with organizations such as the Student Council, which is trying to carry this through, perhaps more dreams can come true," said one student.

SPRING

When Spring pops up, you can expect a lot of changes in routines and campus styles. Clothes lighten up, along with the "Spring Fever" that lights up faces.

Senioritus sets in and all HHS natives get restless.

Yearbooks come out and you get that funny feeling of having written the same thing in everybody's book. Spring has to be.

HHS cites talents and achievements

HHS students take pride in their school, its courses, teachers, and organizations; but the school is proud of its students, too, and recognizes outstanding achievements attained by the talented and ambitious.

Every year it awards those students with such honors as Joe Amour service awards, the Bausch-Lomb science award, all-district basketball stars, and the Betty Crocker Homemaker of Tomorrow award.

In the spring young love and flowers bloom

Flowers, Valentines, and strong winds mean spring anywhere you go and HHS is no exception. Cupid's arrow hits at least half the students every year when dances and warm weather roll around.

Nike girls made annual Valentines for students and teachers, some with lollipops, but all with a special message. Even the OHE/GCE banquet had a Valentine's theme when these club members honored their employers.

Proms are spring affairs

Proms are big spring affairs, and sometimes the only chance students get to see their friends and classmates really dressed up.

The FFA Rodeo is a popular spring happening, too for everyone who likes a good show.

Yearbooks, of course, come out in spring. Pens run out of ink fast.

Leaders, performers share honors

Performance is the key to many forms of recognition. Leadership is recognized in the selection of Girls State delegates by the faculty.

Mona Rowe was elected Arkansas Girls State Governor and Carol Frazier Arkansas Land Commissioner. Mona will preside at the 1974 session.

Athletes are given positions on all-district and all-state teams as their award for performance.

Eunice Walker, senior, was named the No. 2 Shorthand II performer at district FBLA contest and will compete at state. Also, Peggy Warren and Sharron Parham were 2nd and 3rd in Radio Speaking at HSC Speech Festival.

At a tri-state UA Language Festival, Lavenski Smith placed first in German I, David Jones third in German I, and Letish Mauldin third in German II. Delbra Collins earned third place in French II.

Academics--People's experiences

Whether you're involved in a hard-line debate for a stand which you believe in, or quietly watching and thinking, academics means people in action. Whichever you do you're experiencing something outside your realm of knowledge and hopefully motivated to think.

HHS's main objective is to encourage an atmosphere conducive to learning and expose students to differing opinions, cultures, and most importantly, themselves. How well the school succeeds or fails in this objective is dependent upon the people who compose the school system from the community to administration to faculty and to the student.

All persons involved in this system are integral parts of it both in giving and receiving. The atmosphere they create by these interactions define the attitudes which are to be prevalent at HHS.

Opposite Page. All QUIET on the Cole Front. This Page. (Top Left) Advanced math is for wading through and Mark Wright is ready. (Right Center) Keep an owlsh philosophy in Mrs. Cole's science class. (Bottom) Back-of-the-class cutups are Kathy Willmon and Sherry Crippen.

HHS starts to get it together

HHS has realized steady improvements in both physical and educational fields with much better organized cleanup and maintenance crews.

Changing to a free textbook system cost the school district \$39,537. But the needed update allowed Journalism I students to read the Arkansas Gazette daily.

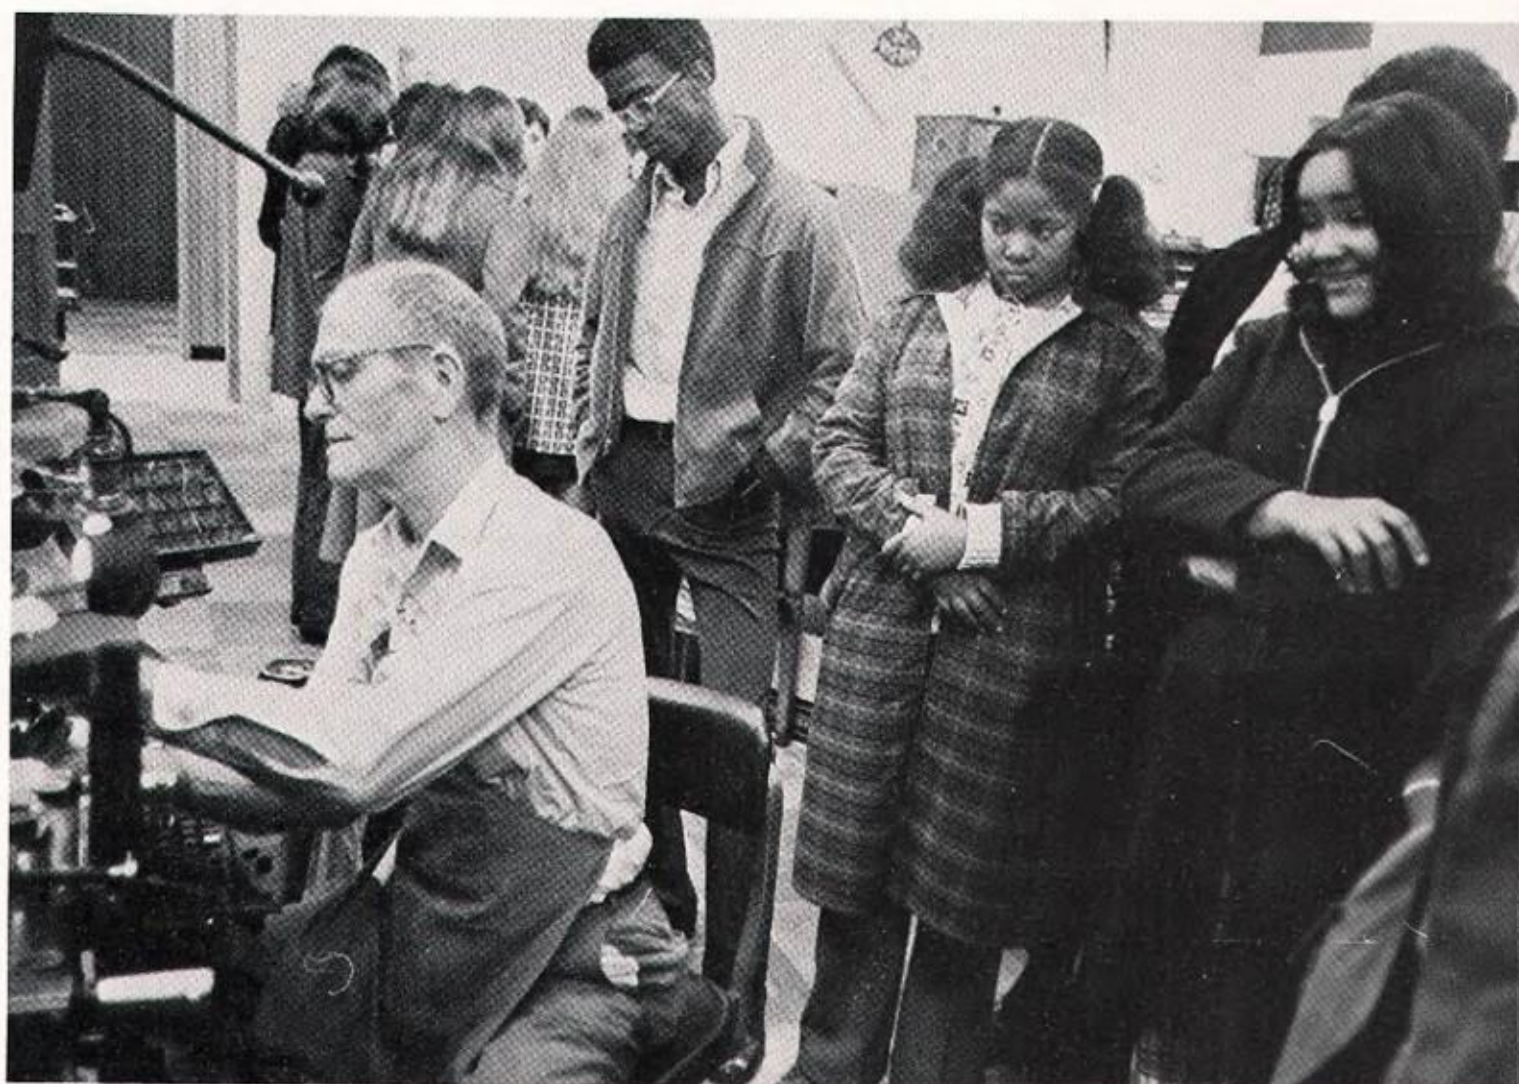

Other money was used for replacing outmoded or delapidated school equipment in anticipation of the North Central re-evaluation visit next year.

(Top Right) Ann Karney gives pointers on fossil digging.

Field trips are 'far-out'

Field trips are a side step from the ordinary class routine where students get a firsthand look at what textbooks just tell them.

Home Ec classes made several field trips downtown while studying foods for balanced meals, fabrics, and home furnishings.

Journalism I classes visited the Pioneer Printers to see how a linotype machine, flatbed press, and offset press work. And a real "field trip" was made by Mr. Rippy's Earth Science classes who went out to find rock and mineral samples.

(Above Right) Mr. Rippy's Earth Science takes to the woods near Saratoga to dig for fossils. (Above) Janet Gilbey was the only girl to try her skill in welding on RRVT day.

Reading's the word for ESAA's lab

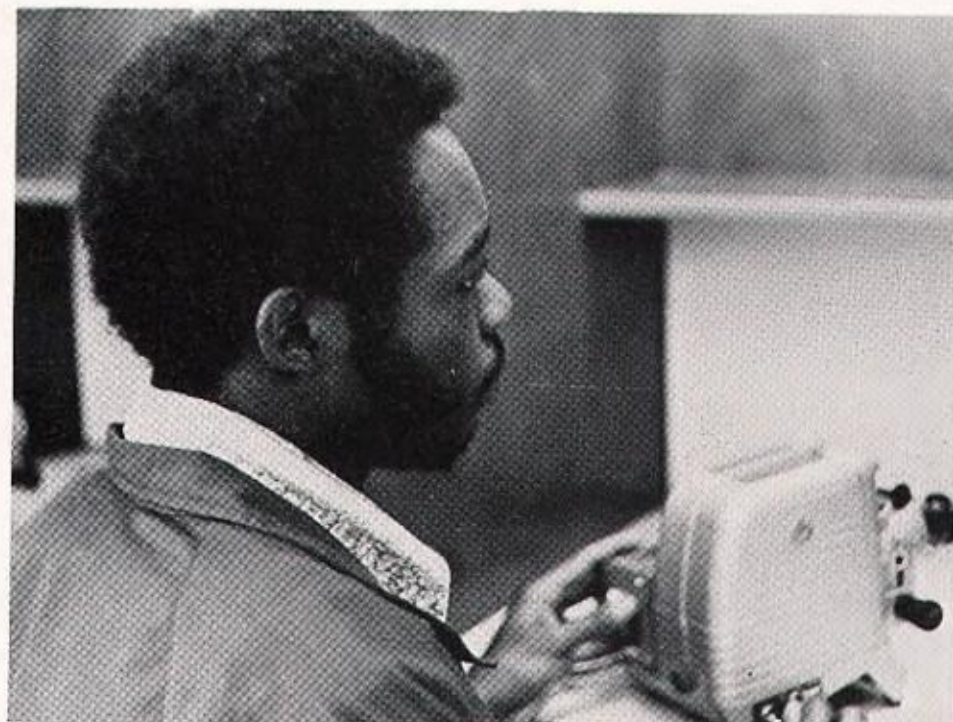

Trying to raise the reading level of students is the goal of the HHS reading laboratory funded by a \$73,000 grant from ESAA.

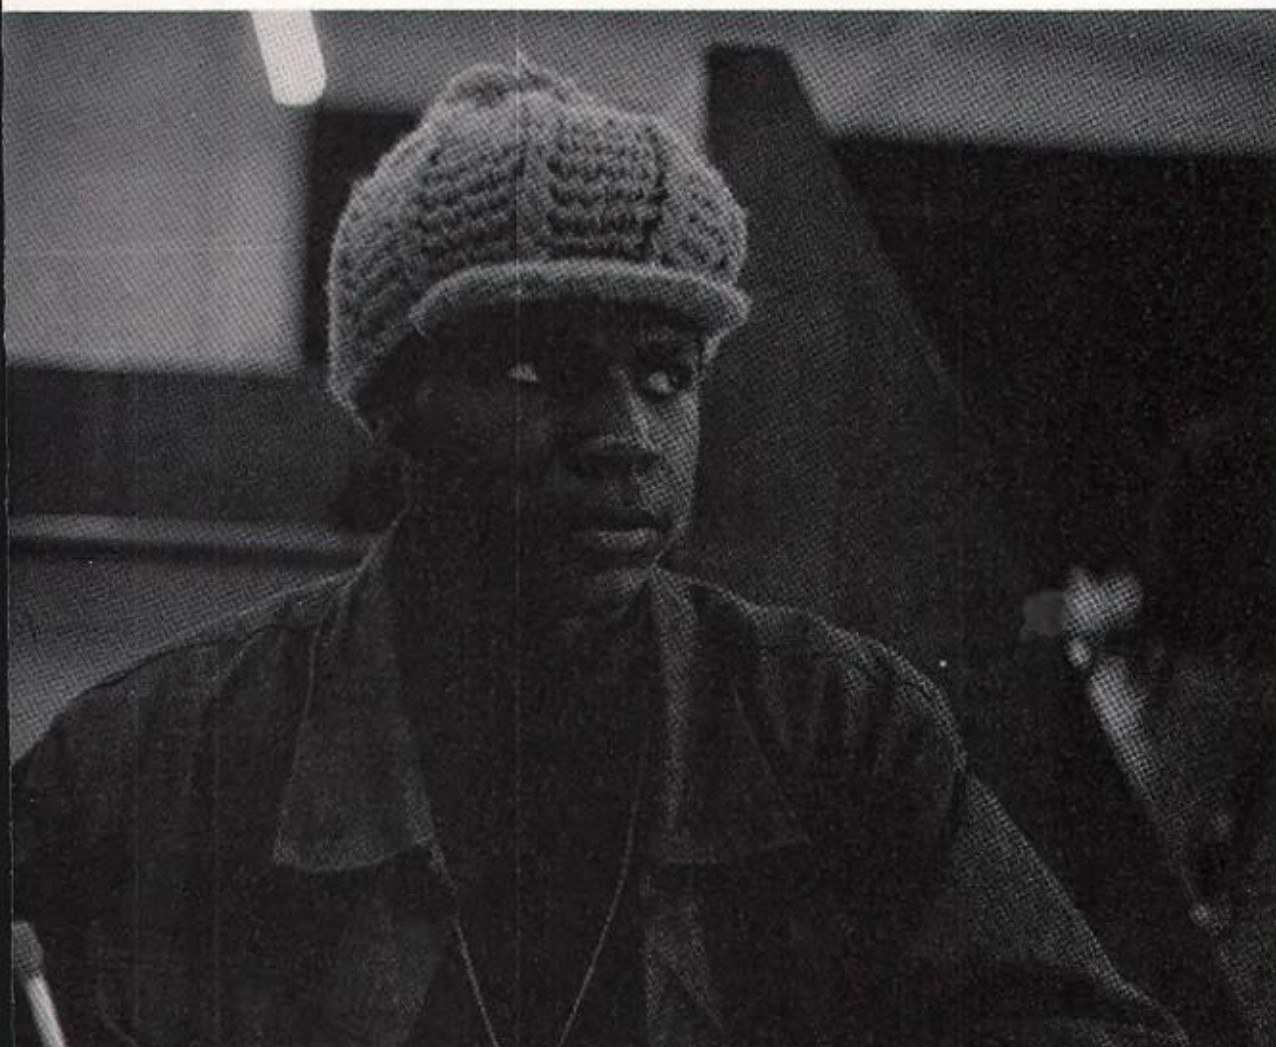

This money has allowed the school to provide three teachers, three assistants, extensive reading skill equipment, materials, and nearly 1,000 paperback books which the students are encouraged to check out.

"Highly individualized with emphasis on the student" is the key phrase in the program which fills a real need and enables each student to work at his own reading level.

Along with the reading skills, an English course is being taught once each week to the 140 students.

Mrs. Doris Millican is the co-ordinator of the lab's activities.

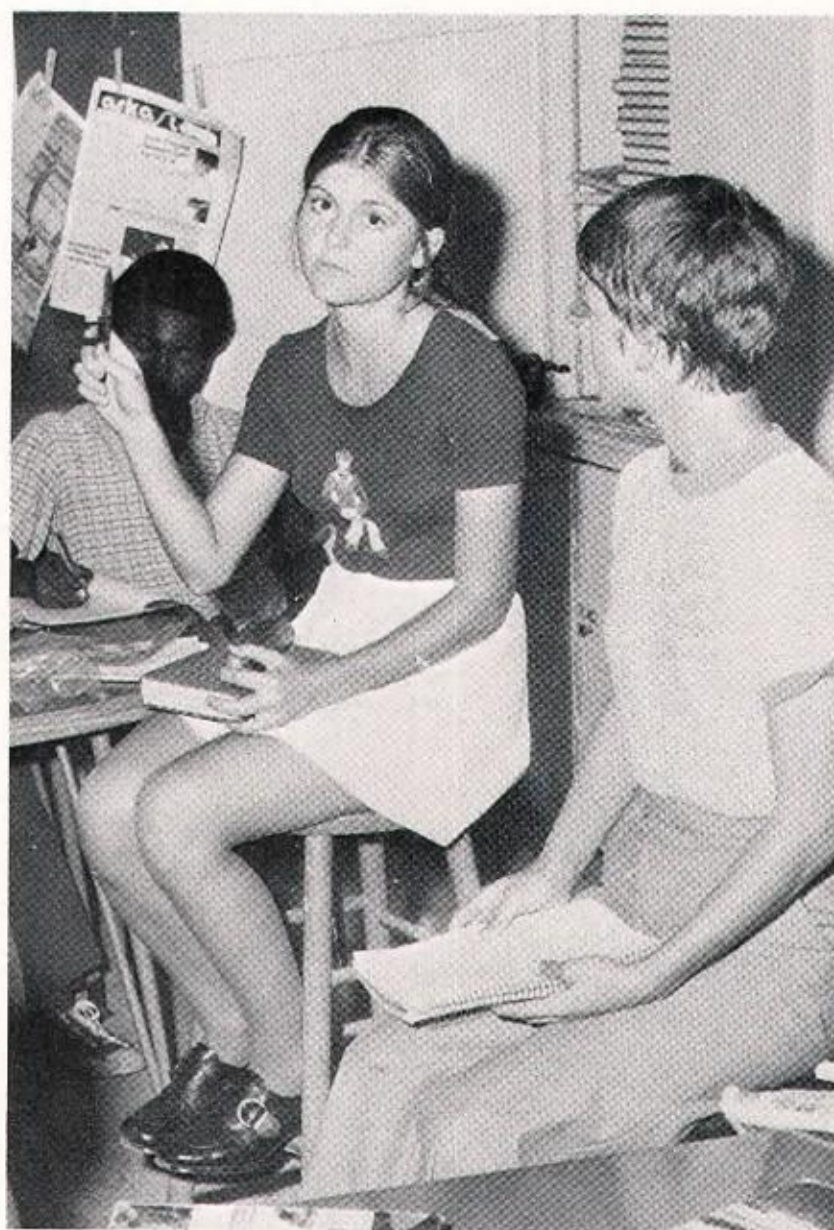

Opposite Page. (Bottom Left) Ronald Koontz studies individually. (Top Left) Mrs. White, aide, shows new cassette equipment. (Middle Right) "A picture is worth a thousand words," says Jerry Phillips. Students make HHS live

Class scenes are the moments when something happened that was enough to remember, like when your English teacher said "ain't" or the time some "nut" in the lunchroom swallowed a 4" x 4" square of fruit jello whole.

It was a break from the nameless crowd which flows past you in the hall, a light for a second, giving a reason to think.

Guests bring outside world into classroom

School is to inform students of what's likely to happen in the world. To supplement and update the classroom and textbooks, speakers offer an objective outlook upon their subject, giving the class a special insight by the use of the speakers' experiences.

Most HHS teachers are glad to have a person related to their subject matter come and talk; needless to say the students are glad for the break in the usual classroom routine.

For what it's worth: it's up to you

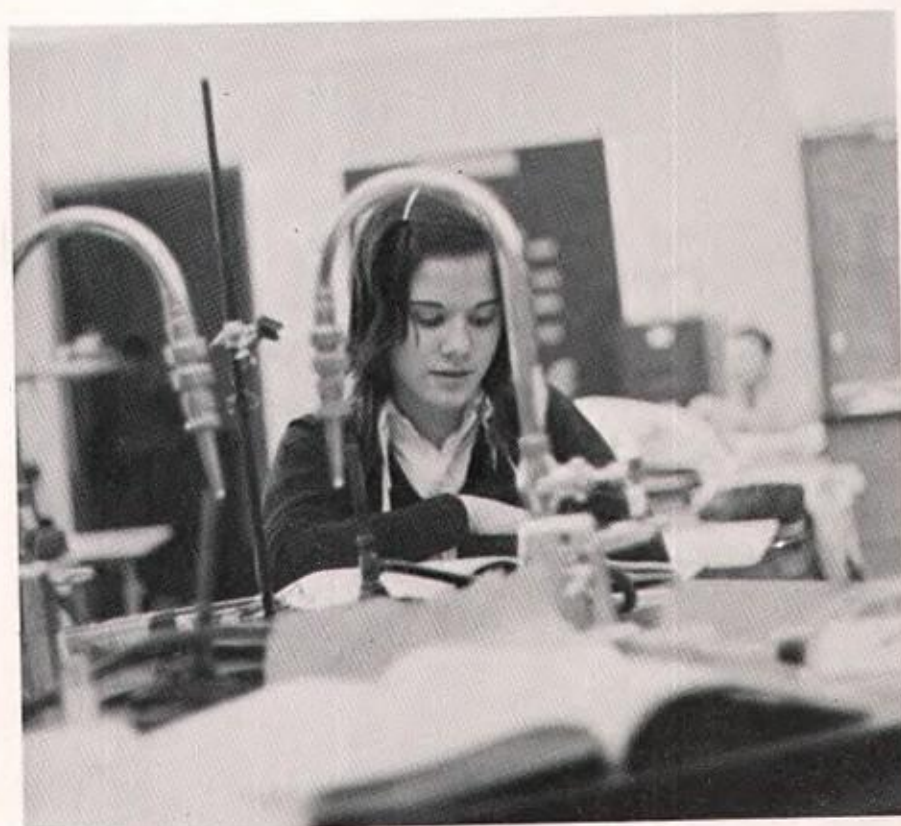

Experience is what learning's about. Whether fun or not, you're going to learn if the experience was memorable enough. HHS has attempted to let you encounter what would probably be most beneficial in this society. Where else would you learn about physics, and where else would you really need to?

But that's not really the entire picture. Perhaps fully half of your education at HHS is to be interacting with others, finding what others are like in a deeper sense than ever before.

Enabling a willing student to change these experiences into meaningful knowledge is the greatest good a school can do.

(Below) Dare we say it? -cutting up in biology. (Bottom) Science is creative in Mrs. Cole's class.

1973--a see-saw season to remember

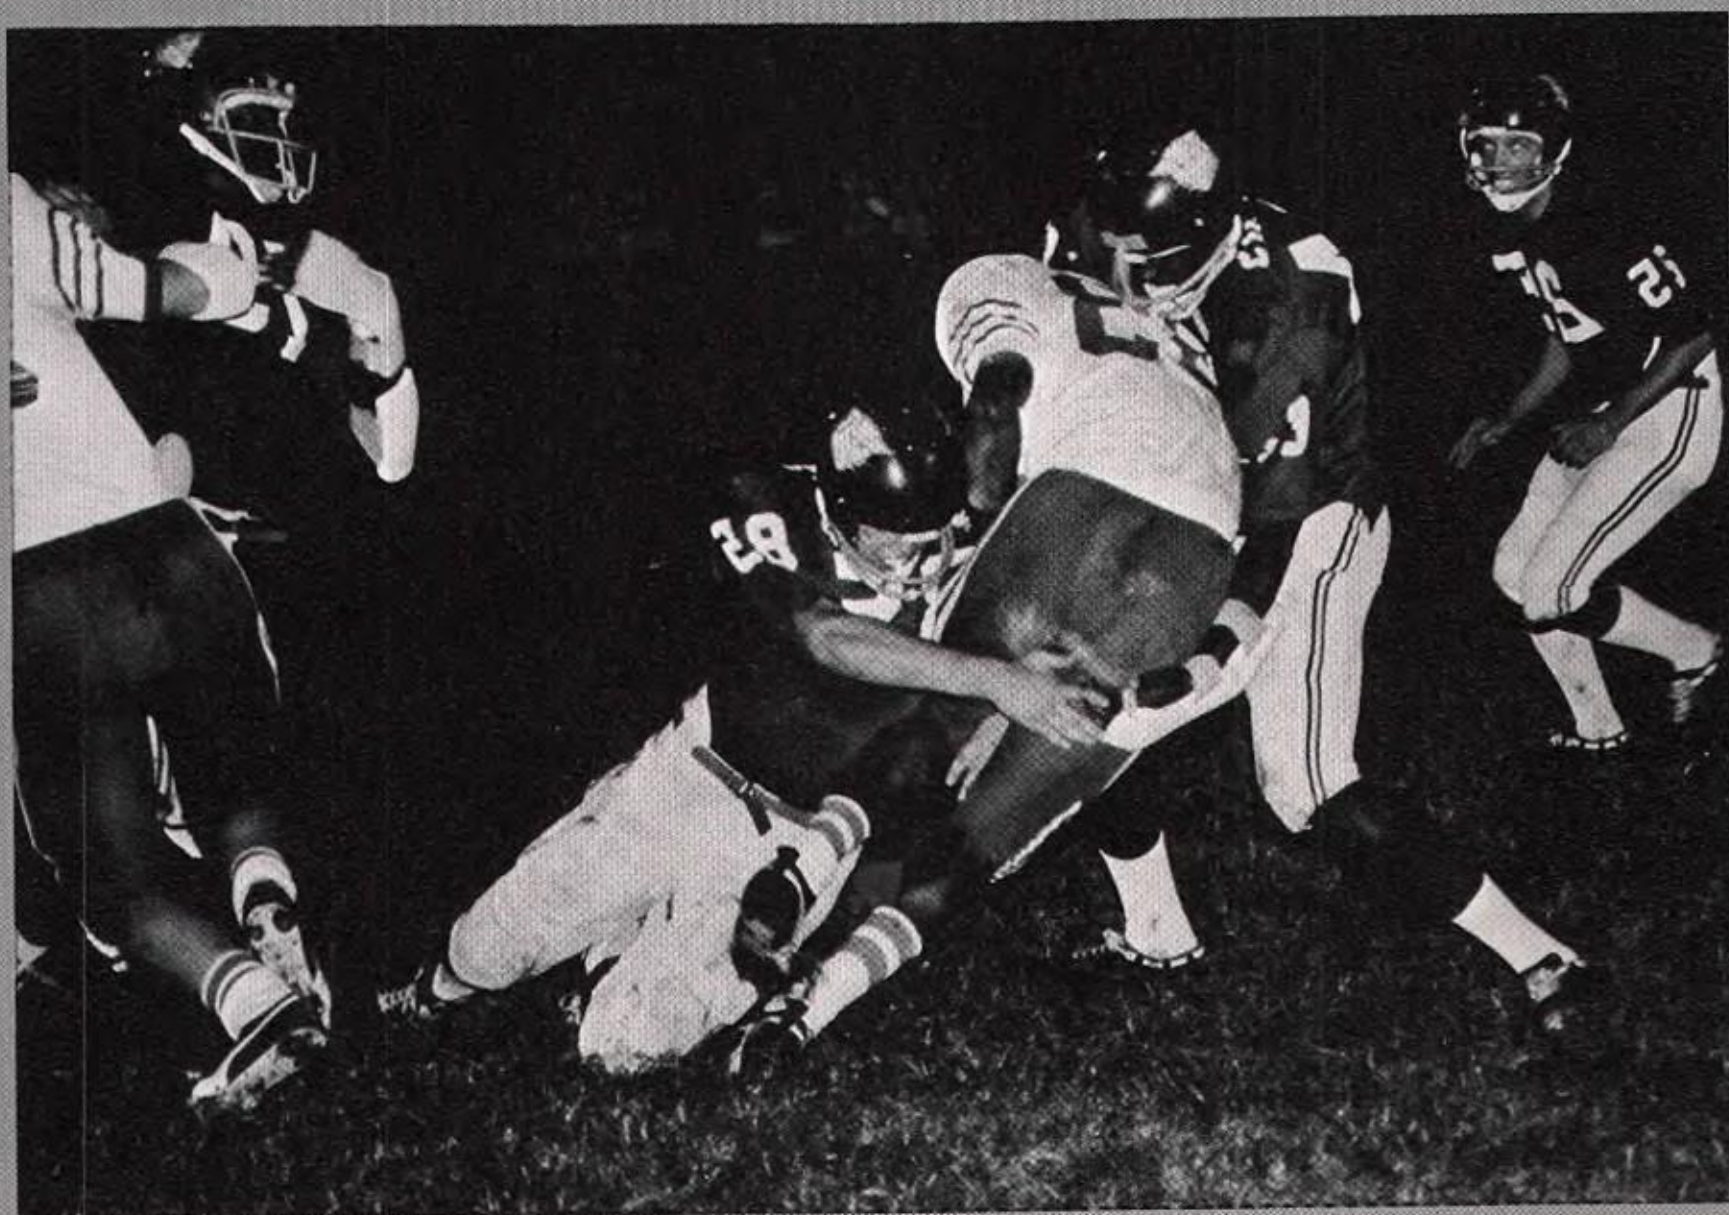

After starting off with what seemed to be a bad year and losses to old rivals Prescott and Arkadelphia, the Bobcats made a startling recovery, coming back to win their next five games. The Bobcats' season record for 1973 was 7-3. They even went so far as to beat last year's Class AA champs, Magnolia.

Then the moment of truth came when it all could have been decided. A win over Camden would give the conference crown to Hope, but because of a

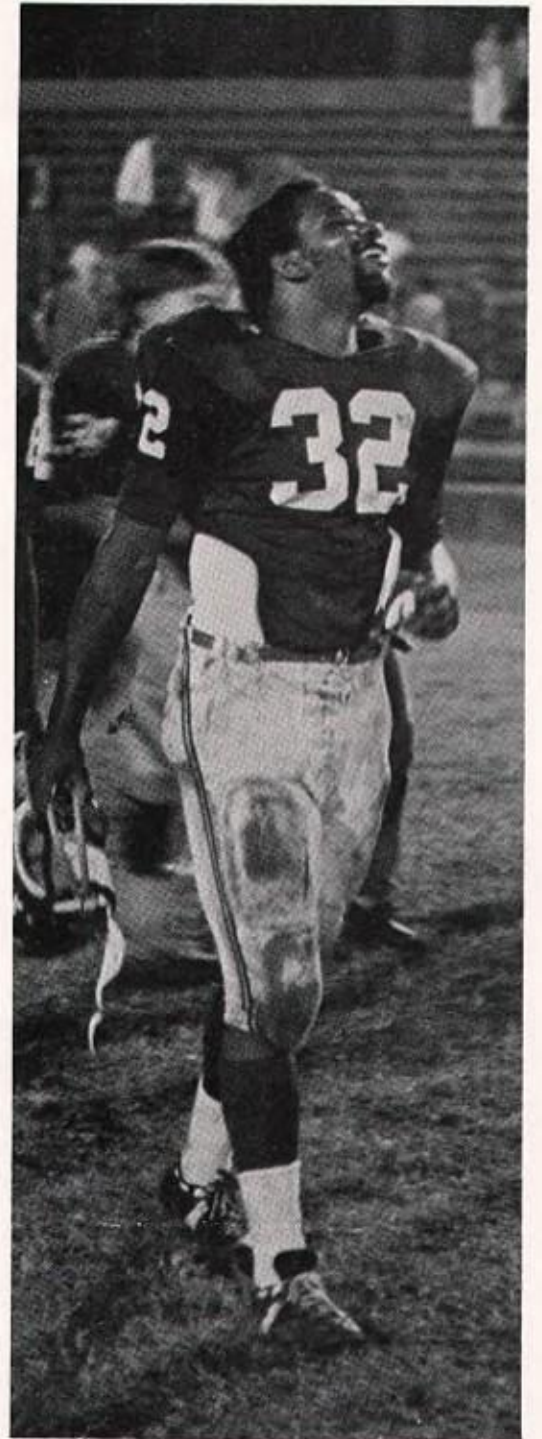

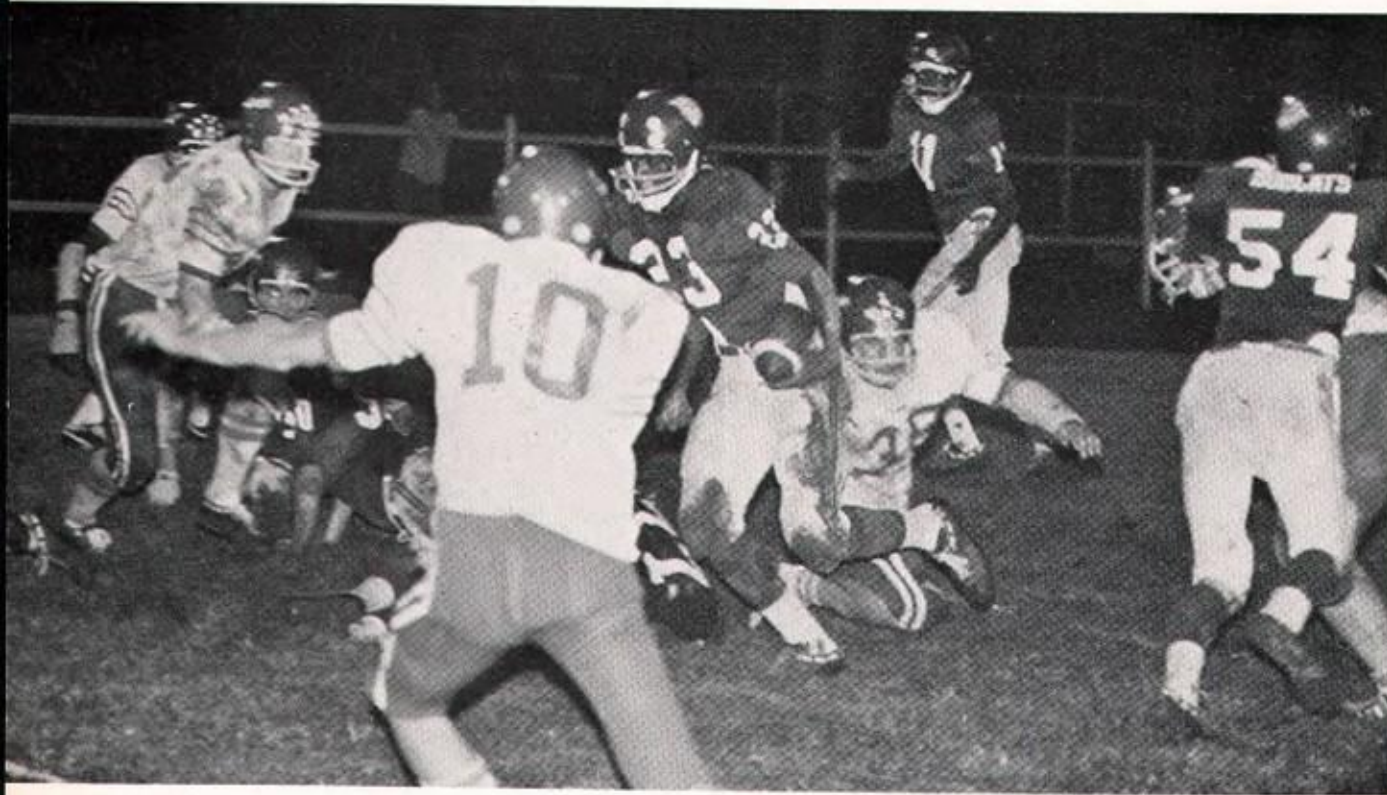

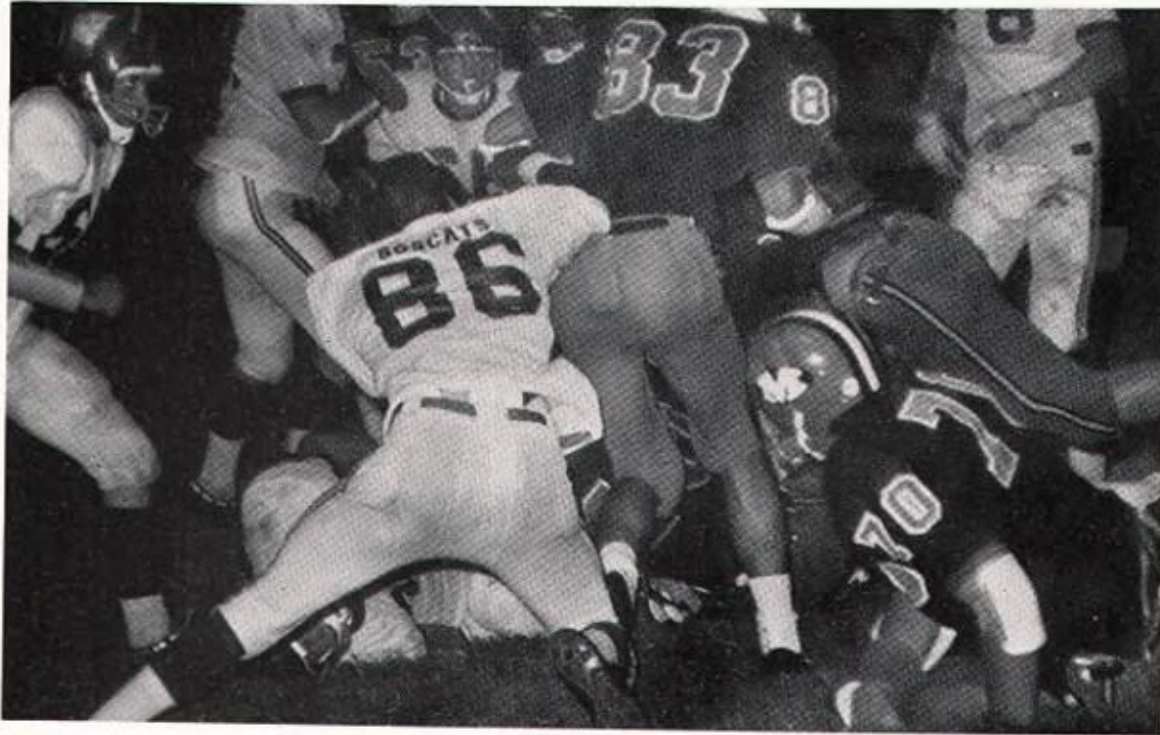

failure to make their point after, Camden won it by two points.

Finishing the season out on a victory note, Hope breezed by Nashville while Fairview took the crown leaving Hope and Camden in a toss-up for second place.

Also with the year came the retirement of head coach Gaylord Solomon in February. This brought about an all-out search for a new head coach which ended with Lawrence Hutson from Odessa, Texas.

(Below) Smith and Huddleston give a Magnolia Panther the ole one-two. (Bottom) The one that got away, leaving a trail of Bobcats.

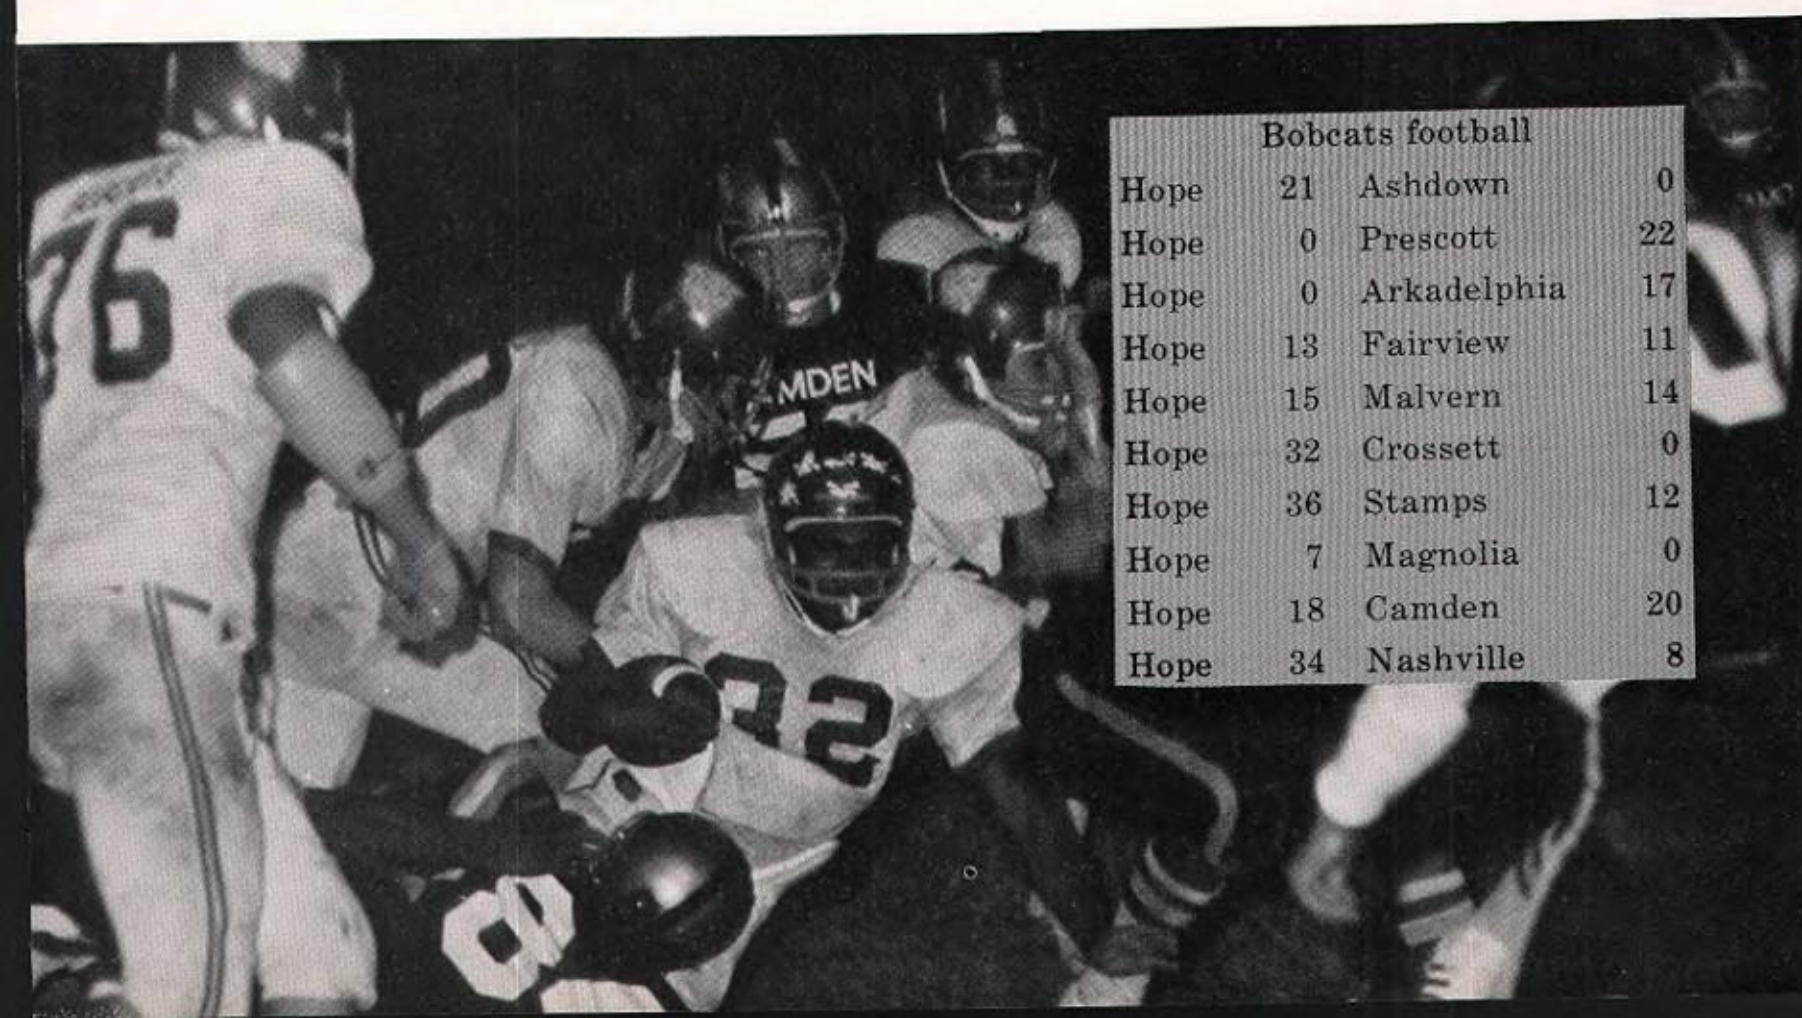

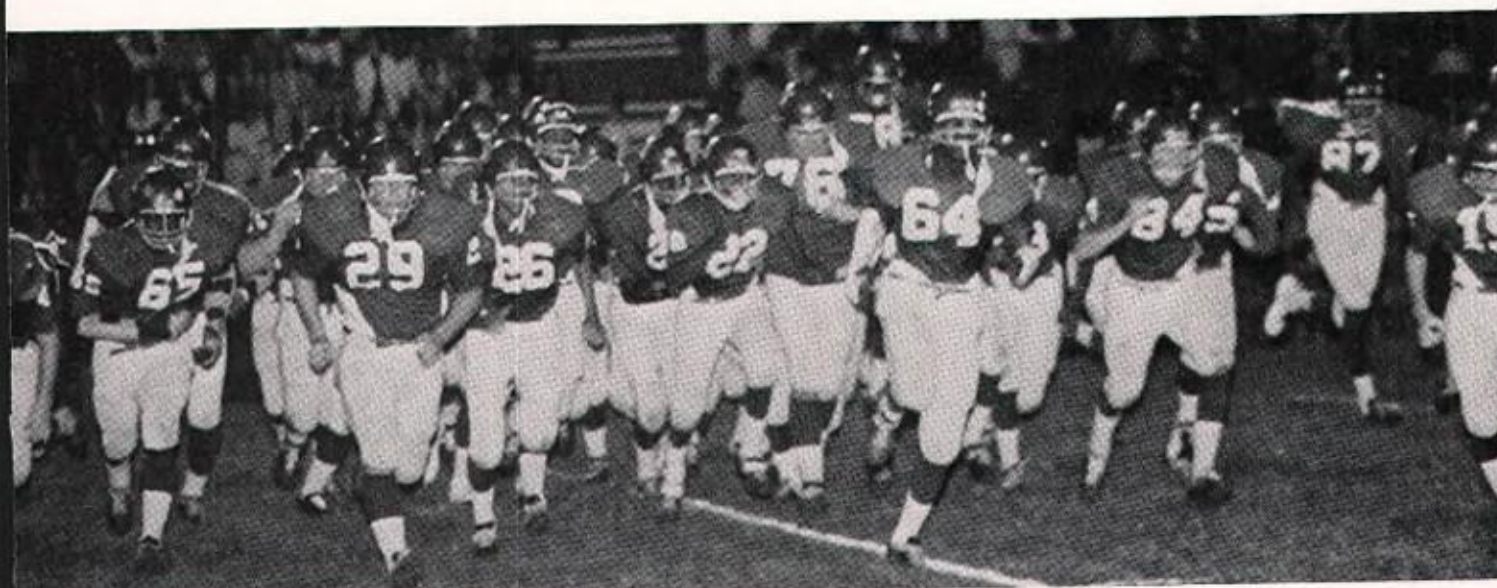

Camden, crucial contest

It was Friday night, October 26. The Bobcats were warming up for the decisive game of the year against the Camden Panthers.

As things got under way, it looked like Camden was sure to win; but as the second half unfolded, the Bobcats took control of things and snapped off three quick touchdowns. But this still left the Bobcats two points from championship.

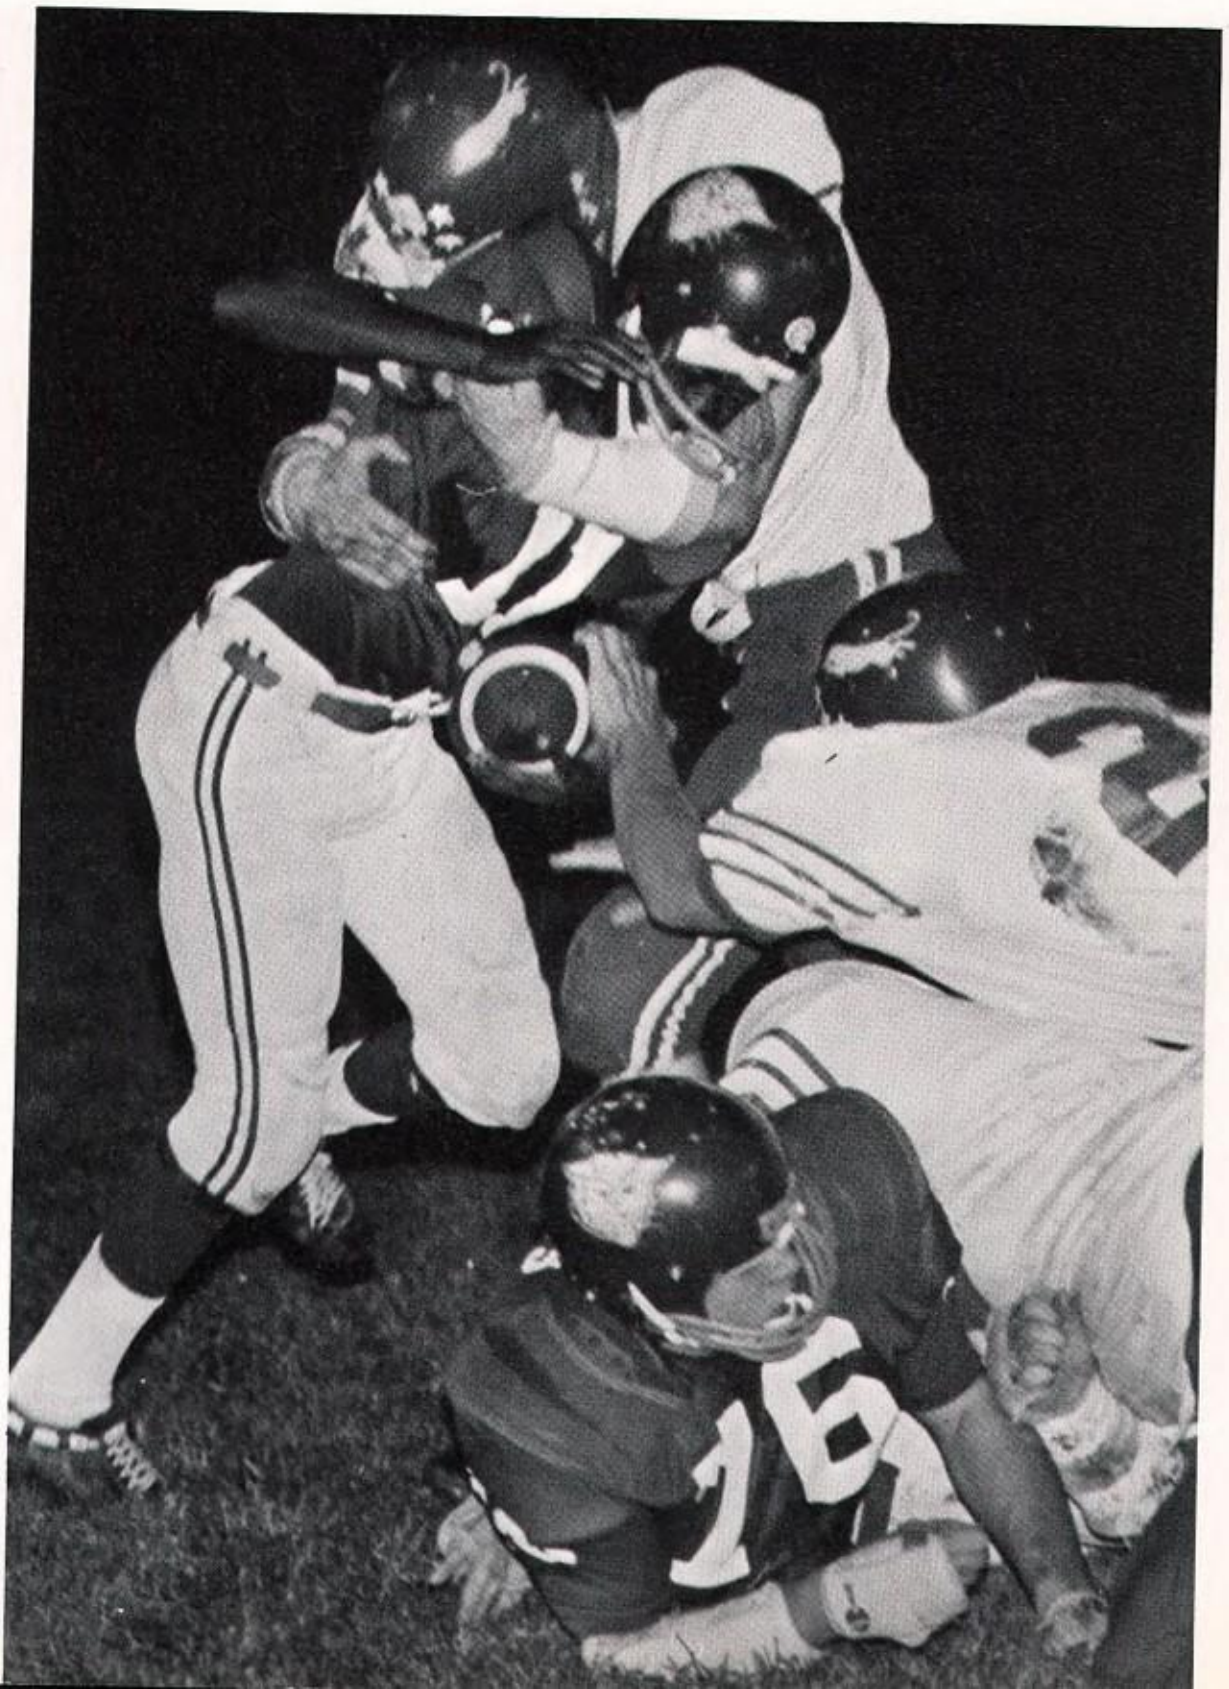

Three touchdowns helped, but three missed extra points dealt the Bobcats the blow which put them under for good.

fall to Bobcats 7-0

This was to be the game of the year for the Bobcats. To win over Magnolia would satisfy the withdrawal pains suffered in years past.

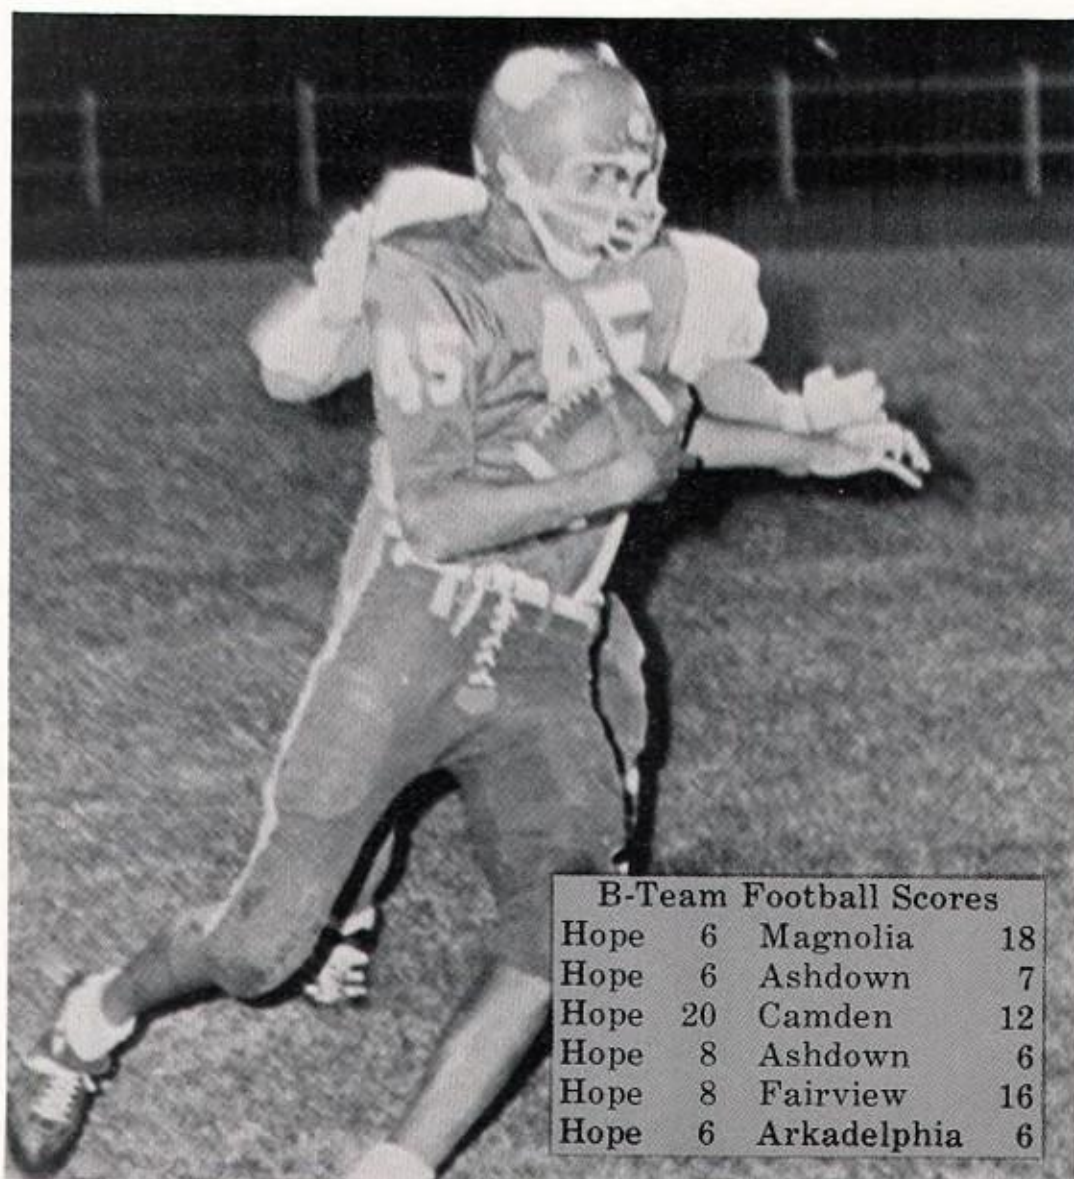

After a scoreless first half, the Panthers came back to score. But according to the referees there was foul play so it was called back.

This gave the Cats the momentum they needed. They took advantage of the changing tide and stormed to a 7-0 victory.

As far back as people care to remember, Hope and Prescott have stayed at each other's throats in athletics. But for the most part Hope has come out on top.

However, this year Prescott revealed to Hope how they won the State Class A championship last year and how they would win it again this year.

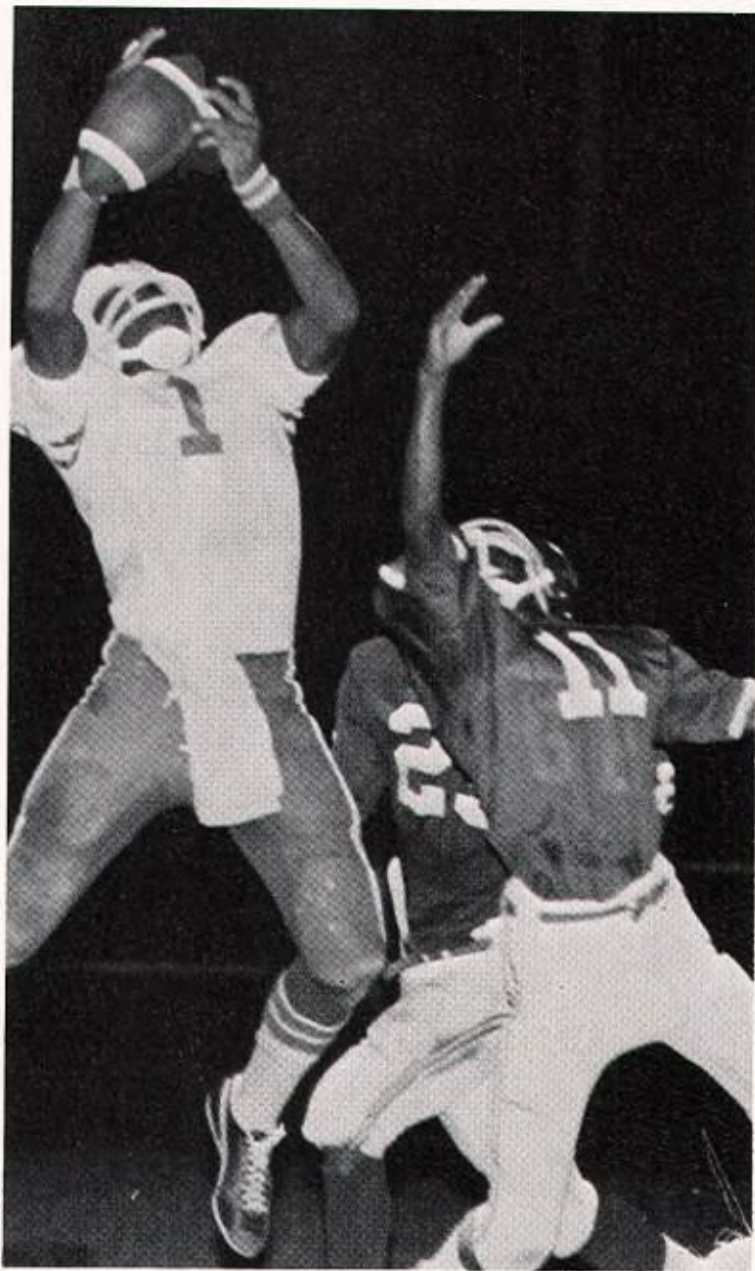

After years of defeat by the Bobcats, the Prescott Curly Wolves got revenge by handing Hope their stiffest defeat, 20-0.

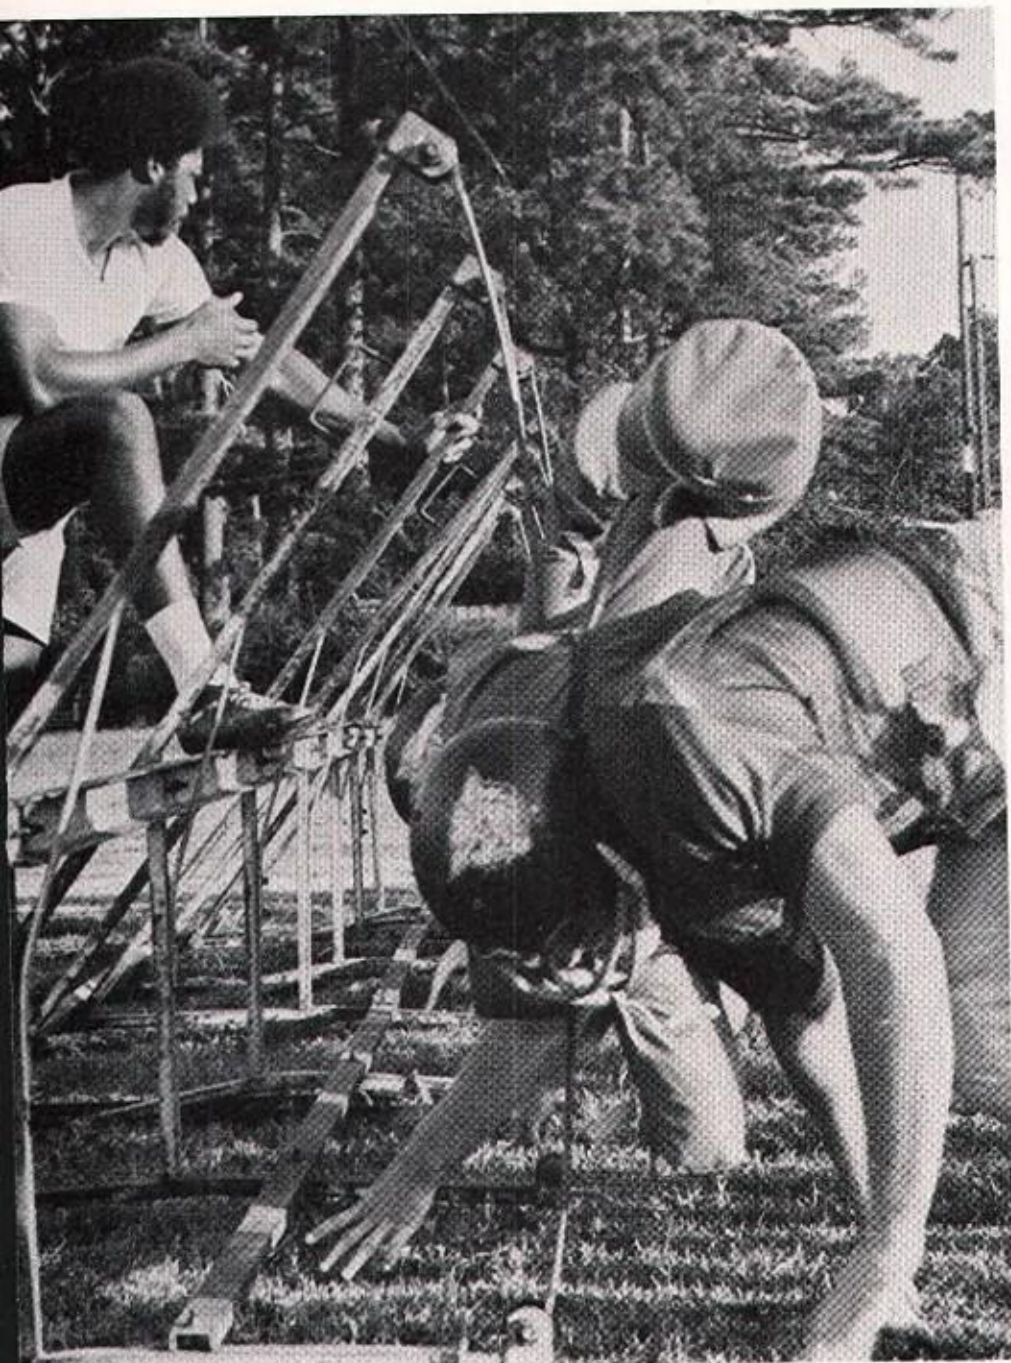

The only other shutout of the season was the next week against Arkadelphia 17-0.

Fairview, Malvern, two close wins

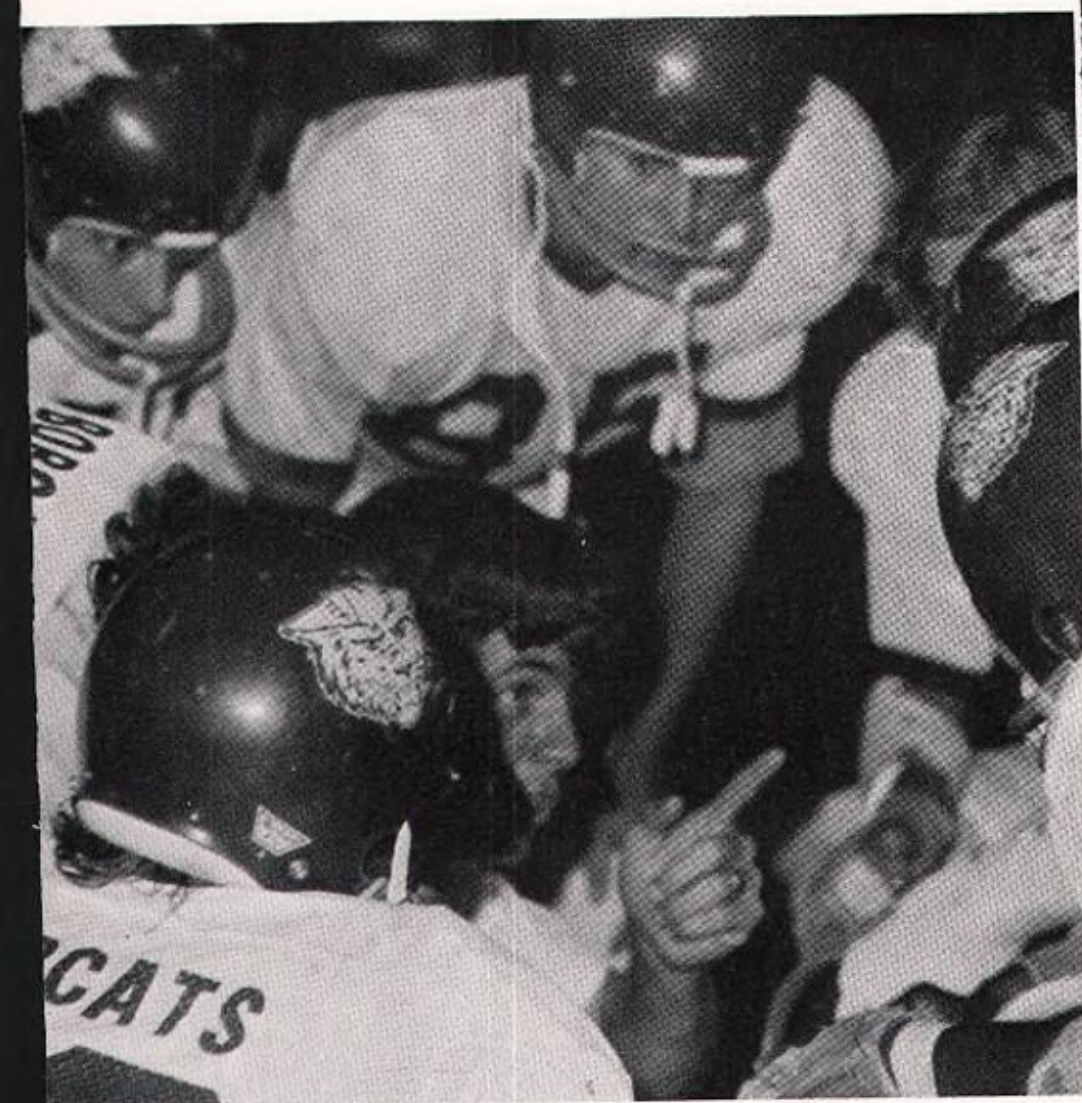

1974 was year of excitement. The biggest events were the Malvern and Fairview games.

These are the type you like to watch on T.V. In both games there was no winner until the final buzzer sounded.

Fans were on the edges of their seats waiting for the game to end, not knowing whether to rejoice or cry. The final scores were Malvern 14 — Hope 15, Fairview 11 — Hope 13.

(Below) 1973 coaching staff: Berry Bennett, Stan Parris, Harold Alexander, Gaylord Solomon, Jim Duncan, and Bill Barnes.

Making comeback, Bobcats triple last two years' wins

The 1973 season was a good one, but it had its ups and downs. The Bobcats did make a comeback, tripling their wins over the past two years and finishing out the year with a 10-16 record.

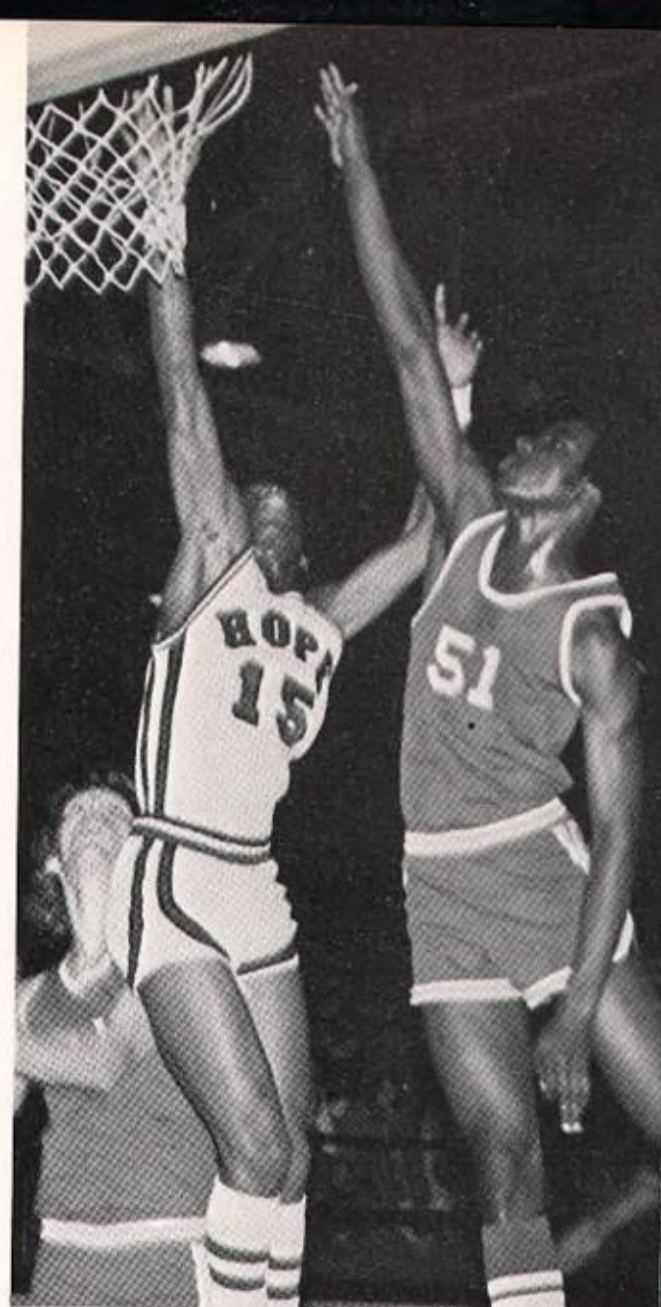

For the first time in a long time, they boosted their score past the 100-mark to beat DeQueen by 66 points.

Along with the good side there always seems to be a bad side. This year was no exception. It came in the form of losses by 1 to 3 points. Only one thing hurts worse than losing, and that is losing by a small margin. In five games — Ashdown, Arkadelphia, Prescott, and Malvern — a few points could have made the difference.

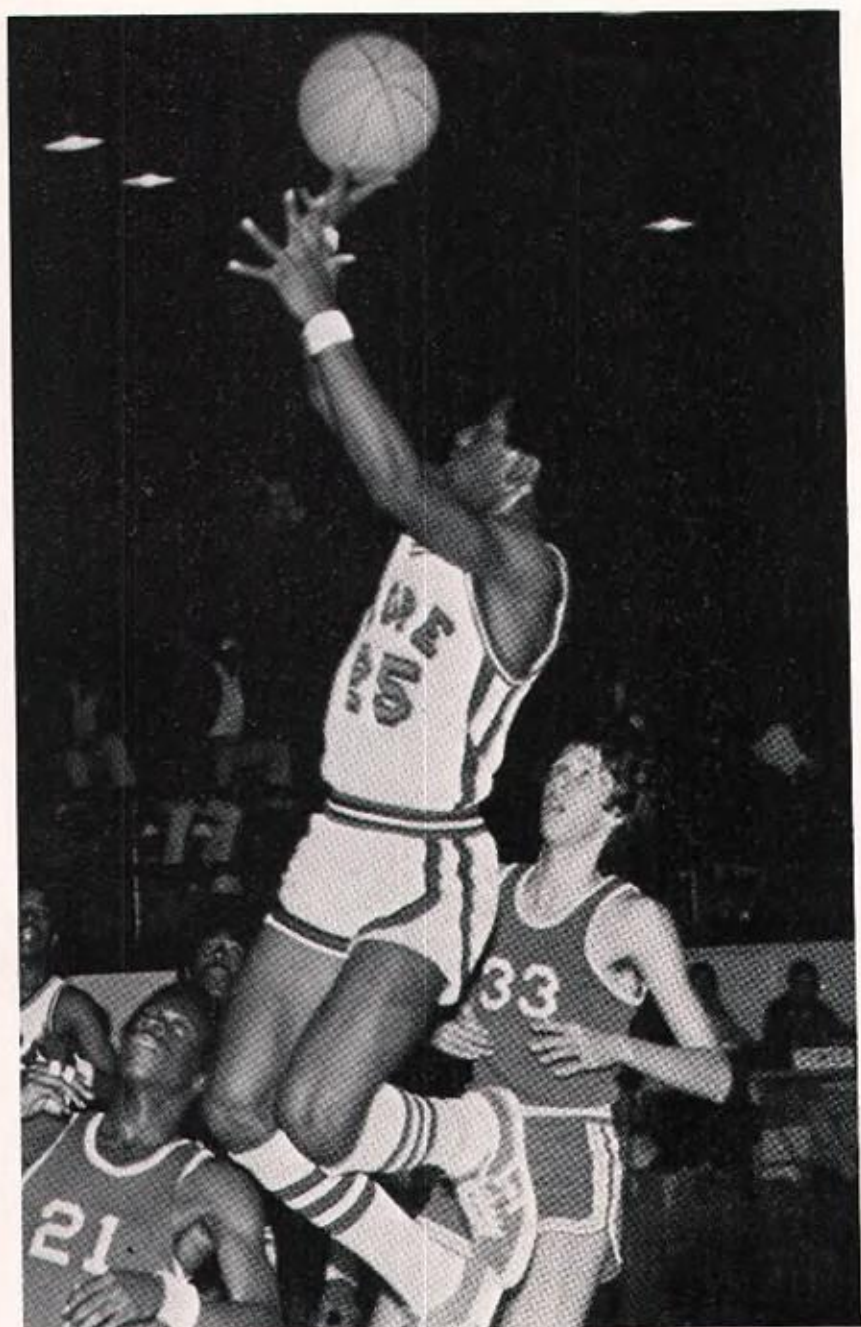

Things such as this destroy a team, but according to Gary Rhodes, "A man is not a failure until he makes excuses for his mistakes."

With this in mind, the Bobcats achieved the finals of the Nashville tourney only to be beaten by one point.

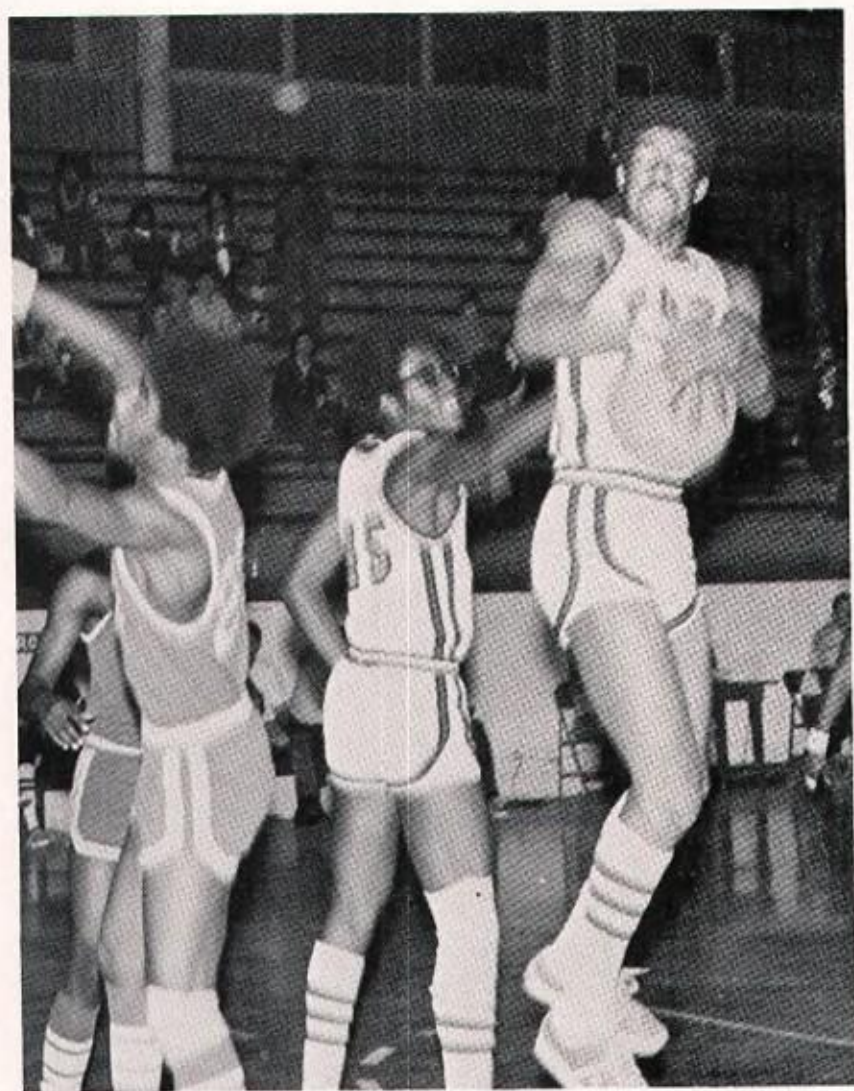

Harold Alexander was coach.

The 1974 Bobcats may have had trouble in some parts of the season, but they can always lean back on the DeQueen game. For the first time in years a game score ran into the hundreds.

The Bobcats can be proud of knowing they beat DeQueen by 66 points. A game where everyone got to play, got a feel of the excitement of a big win, and know the true meaning of victory!

A game to remember!

B-Bruins prepare for 1975 season

"This was more of a preparation year for the junior members of the team. With only four starters returning to the A-team this group will have to carry its share of the load." This is the way Coach Stan Parris felt about the 1974 B-Bruins' season.

The whole B-program is set up to keep an interest in the game and to prepare the boys for the future, and according to Coach Parris they accomplished this task.

Ending the season on an even note, 7-7, the Bruins lost several games by one point in overtime. The only big losses came from the conference powerhouses, Malvern and Magnolia.

Foreman shuts out Ladycats in district

After what started out as a possibility of making it to the district playoffs, the Lady Cats were shut off by Foreman who went on to win district and become state runner-up.

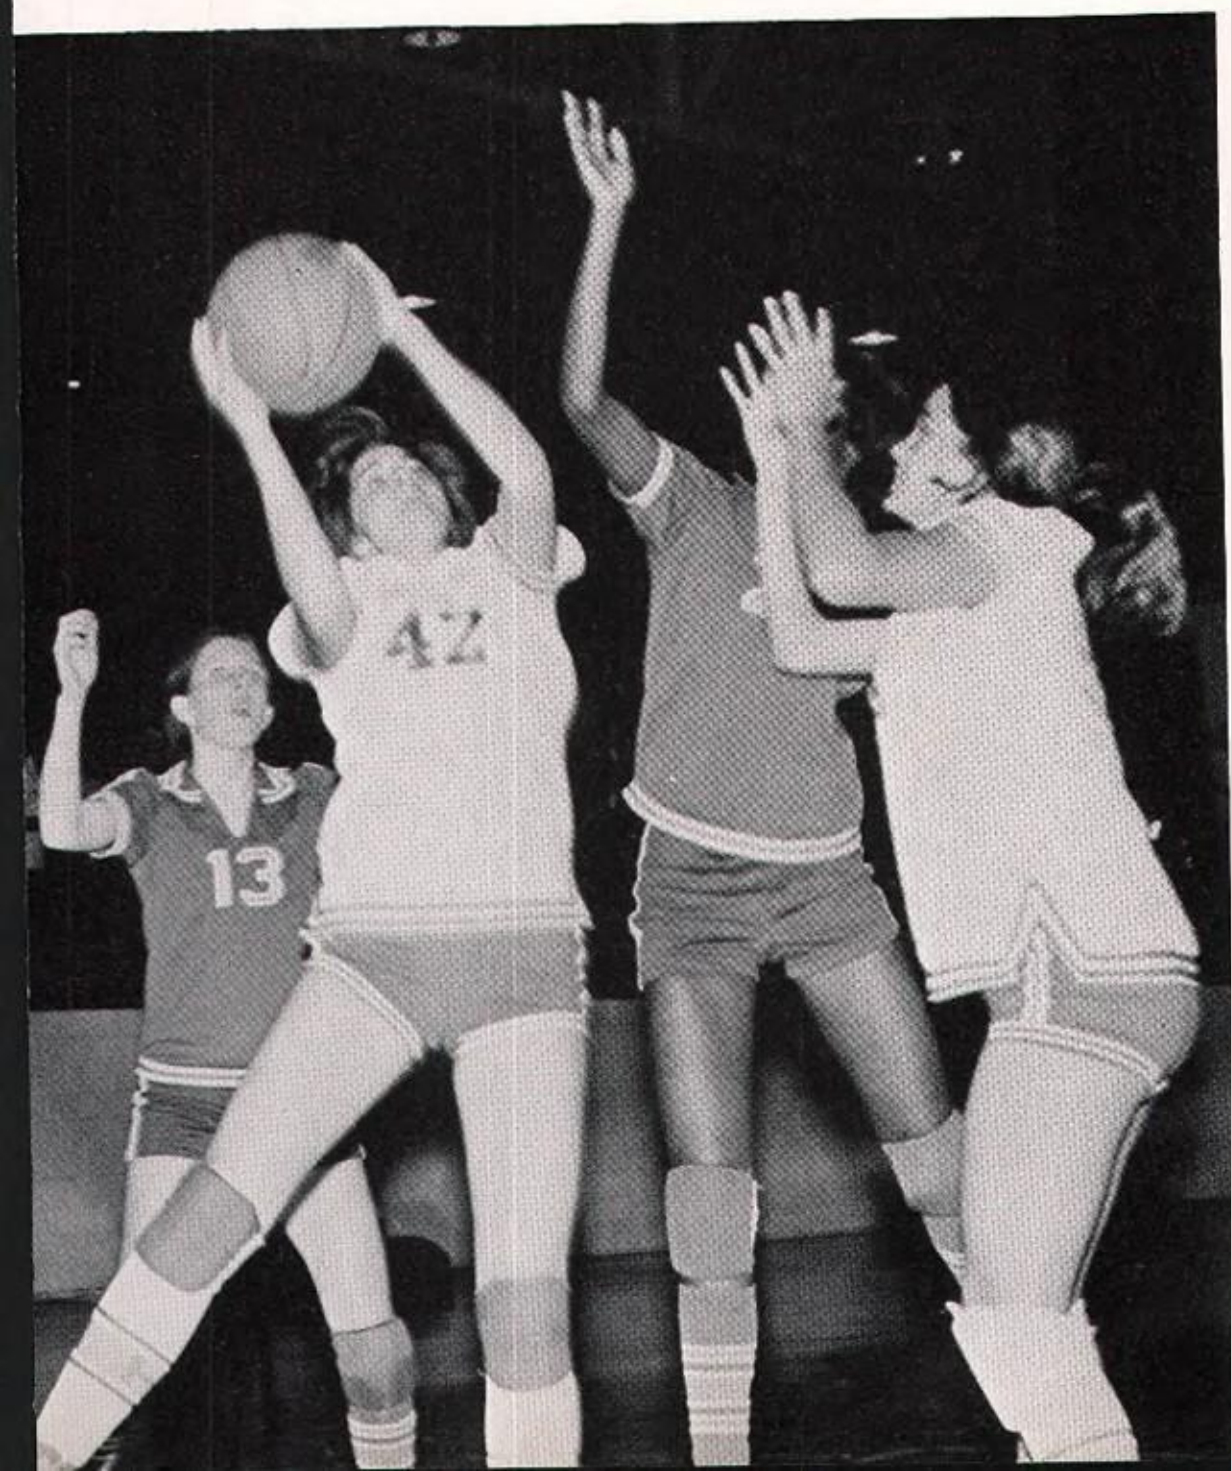

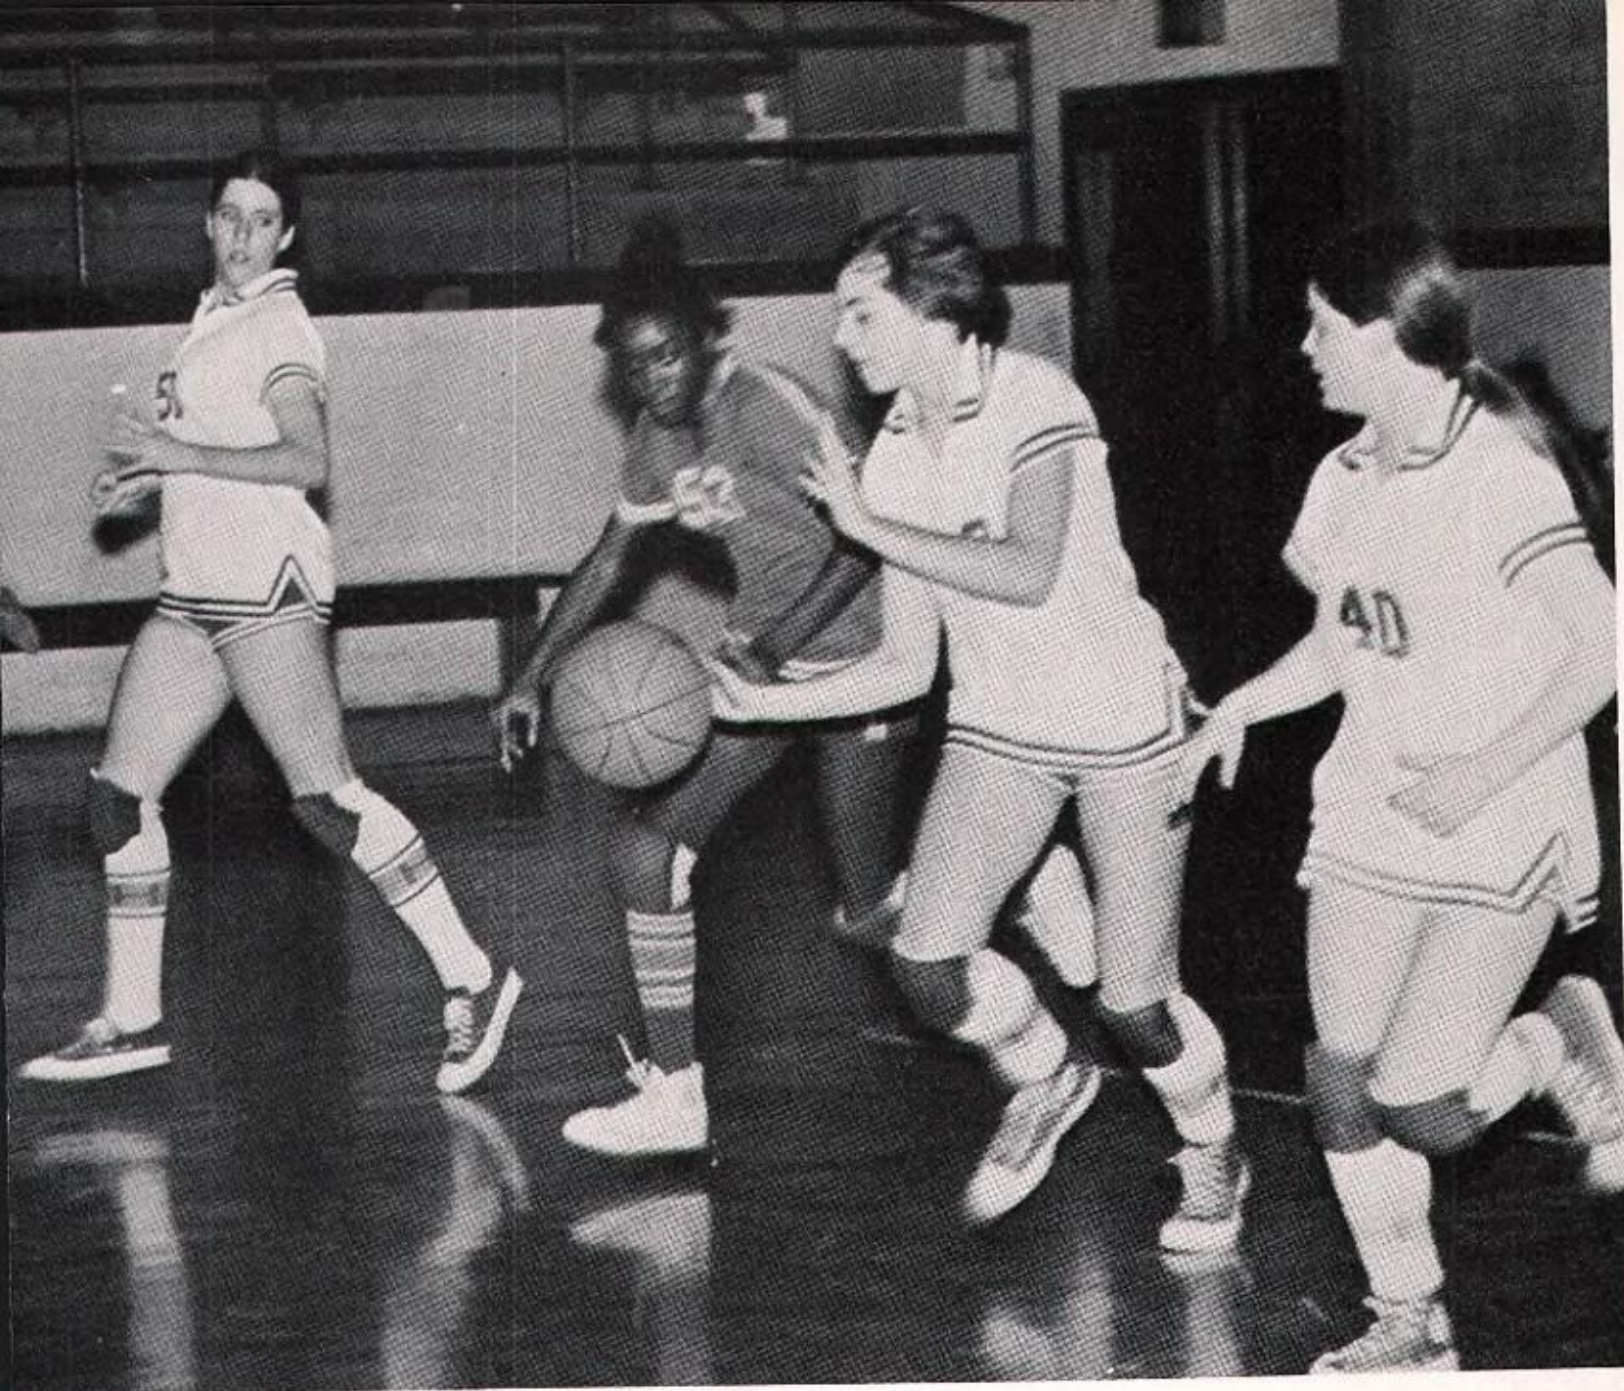

With an overall 13-9 season, the Lady Cats were disappointed in themselves, feeling they had not lived up to last year's 20-4 record.

Earlier in the season they met their match against long-time rival Stephens in the semi-finals of the Southern State Tournament. In this tourney Kathy "Pogo" Griffin was high scorer and Mona Lowe was chosen as one of the all-tournament team. In addition, these two seniors were named to the all-district team.

The Joe T. Robinson Invitational Tournament did not help matters because Hope lost in the first round to Mountain View.

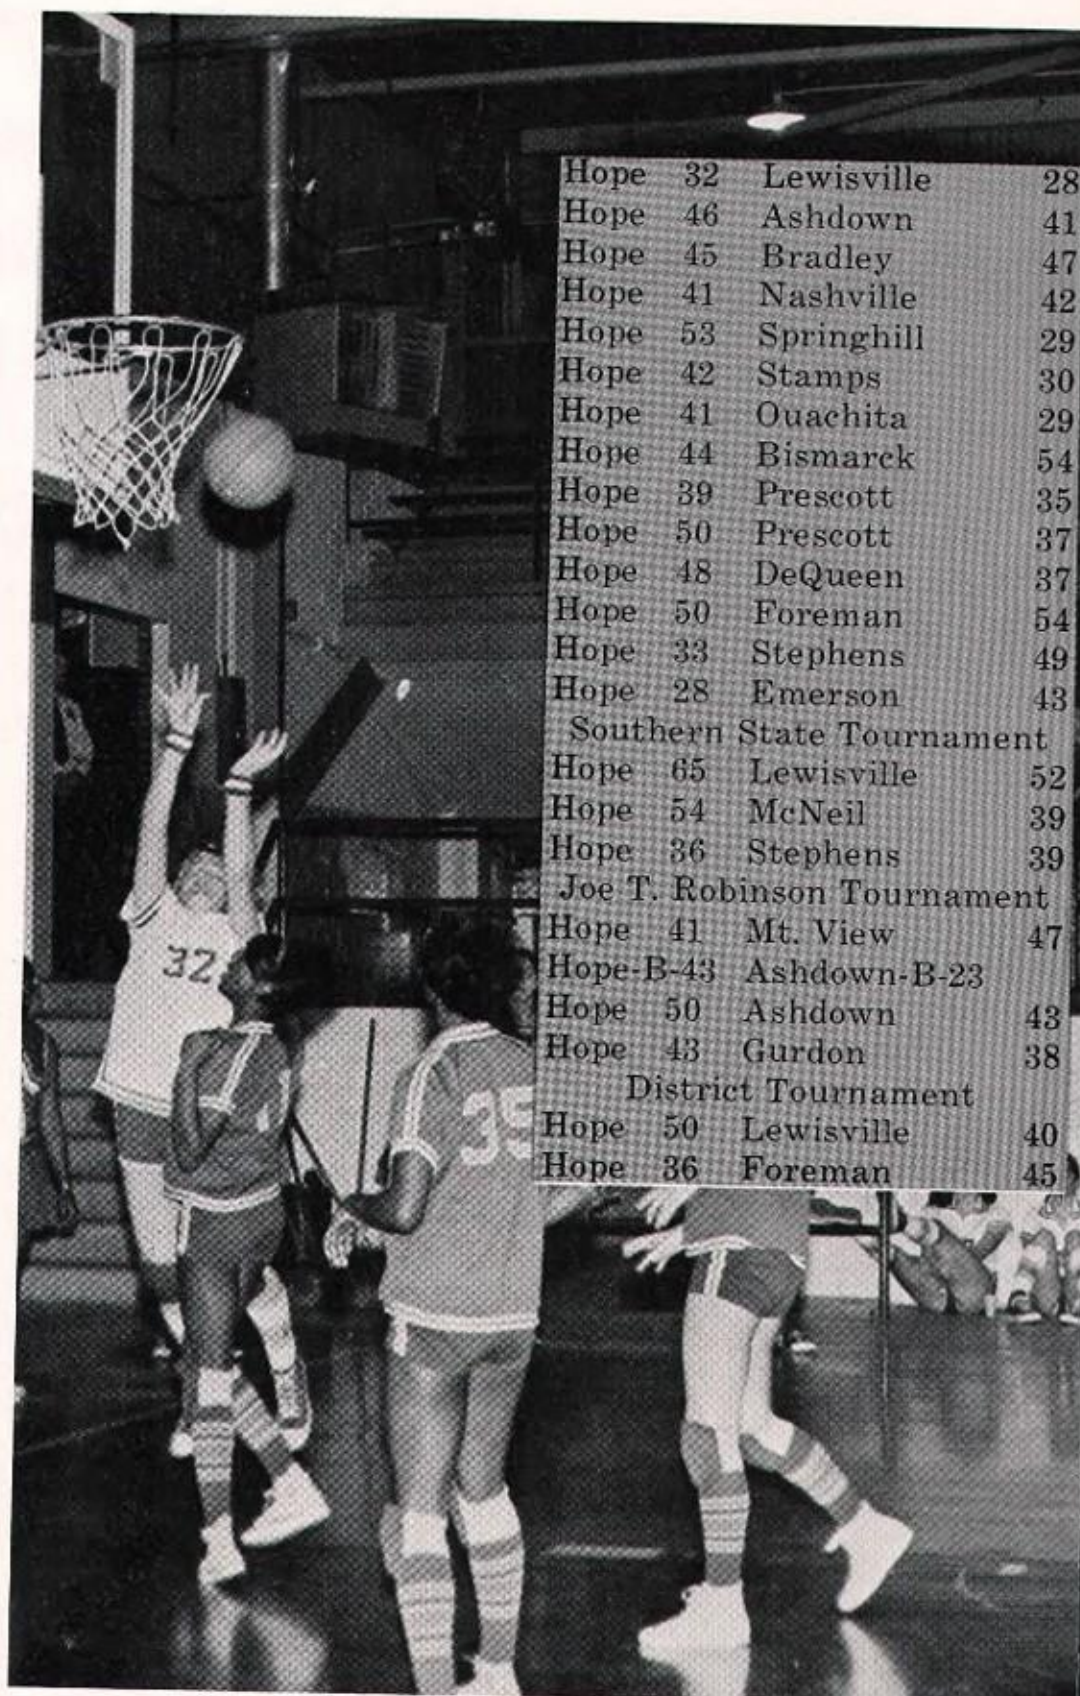

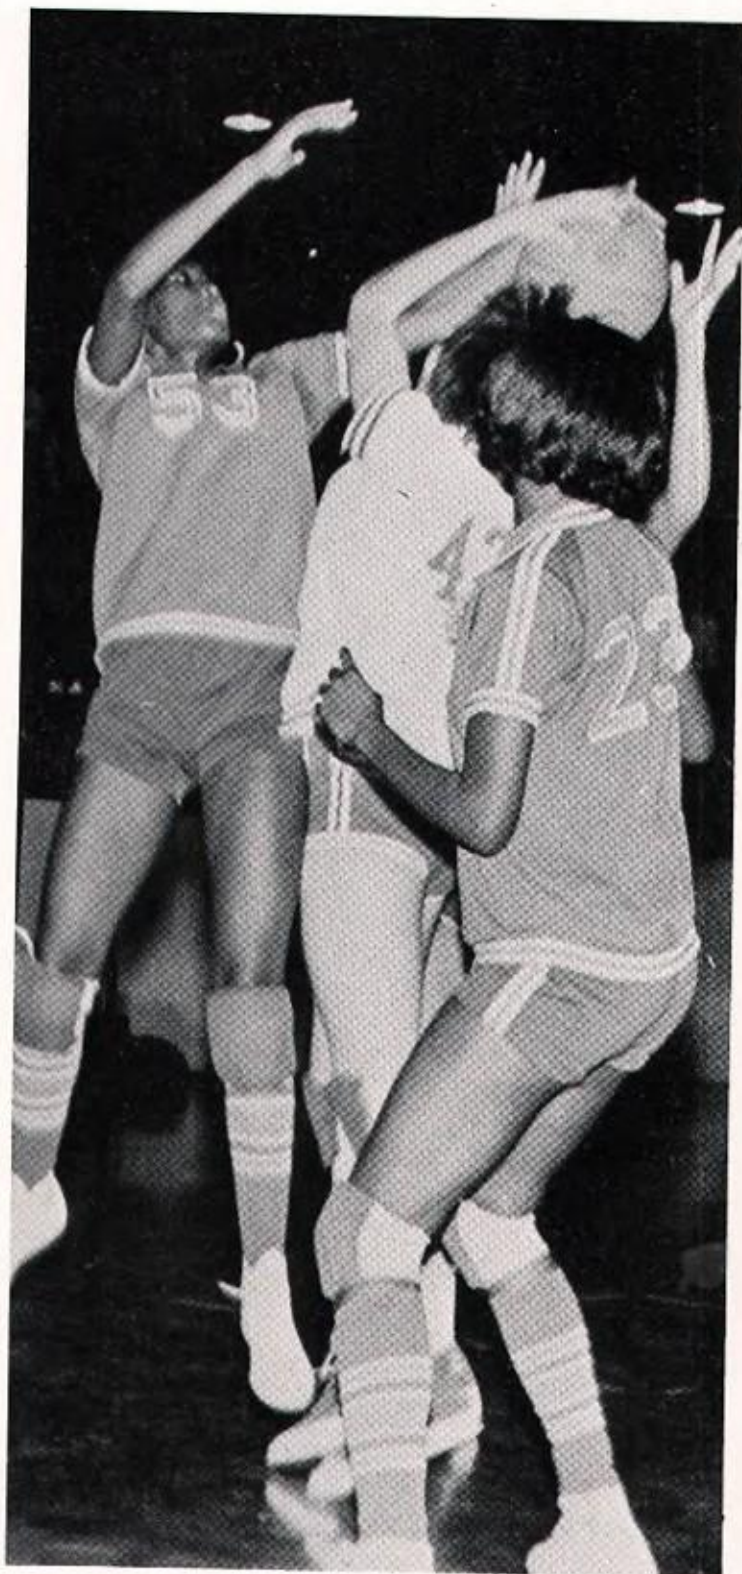

Mrs. Charlotte Burnett is the Ladycat coach.

The 1973-74 season will be remembered by all the basketball girls but maybe one more than the others. Karlene Coleman completed her sixth year of basketball to everyone else's five. She was allowed to play on the junior high team when she was in the seventh grade. This practice has since been stopped.

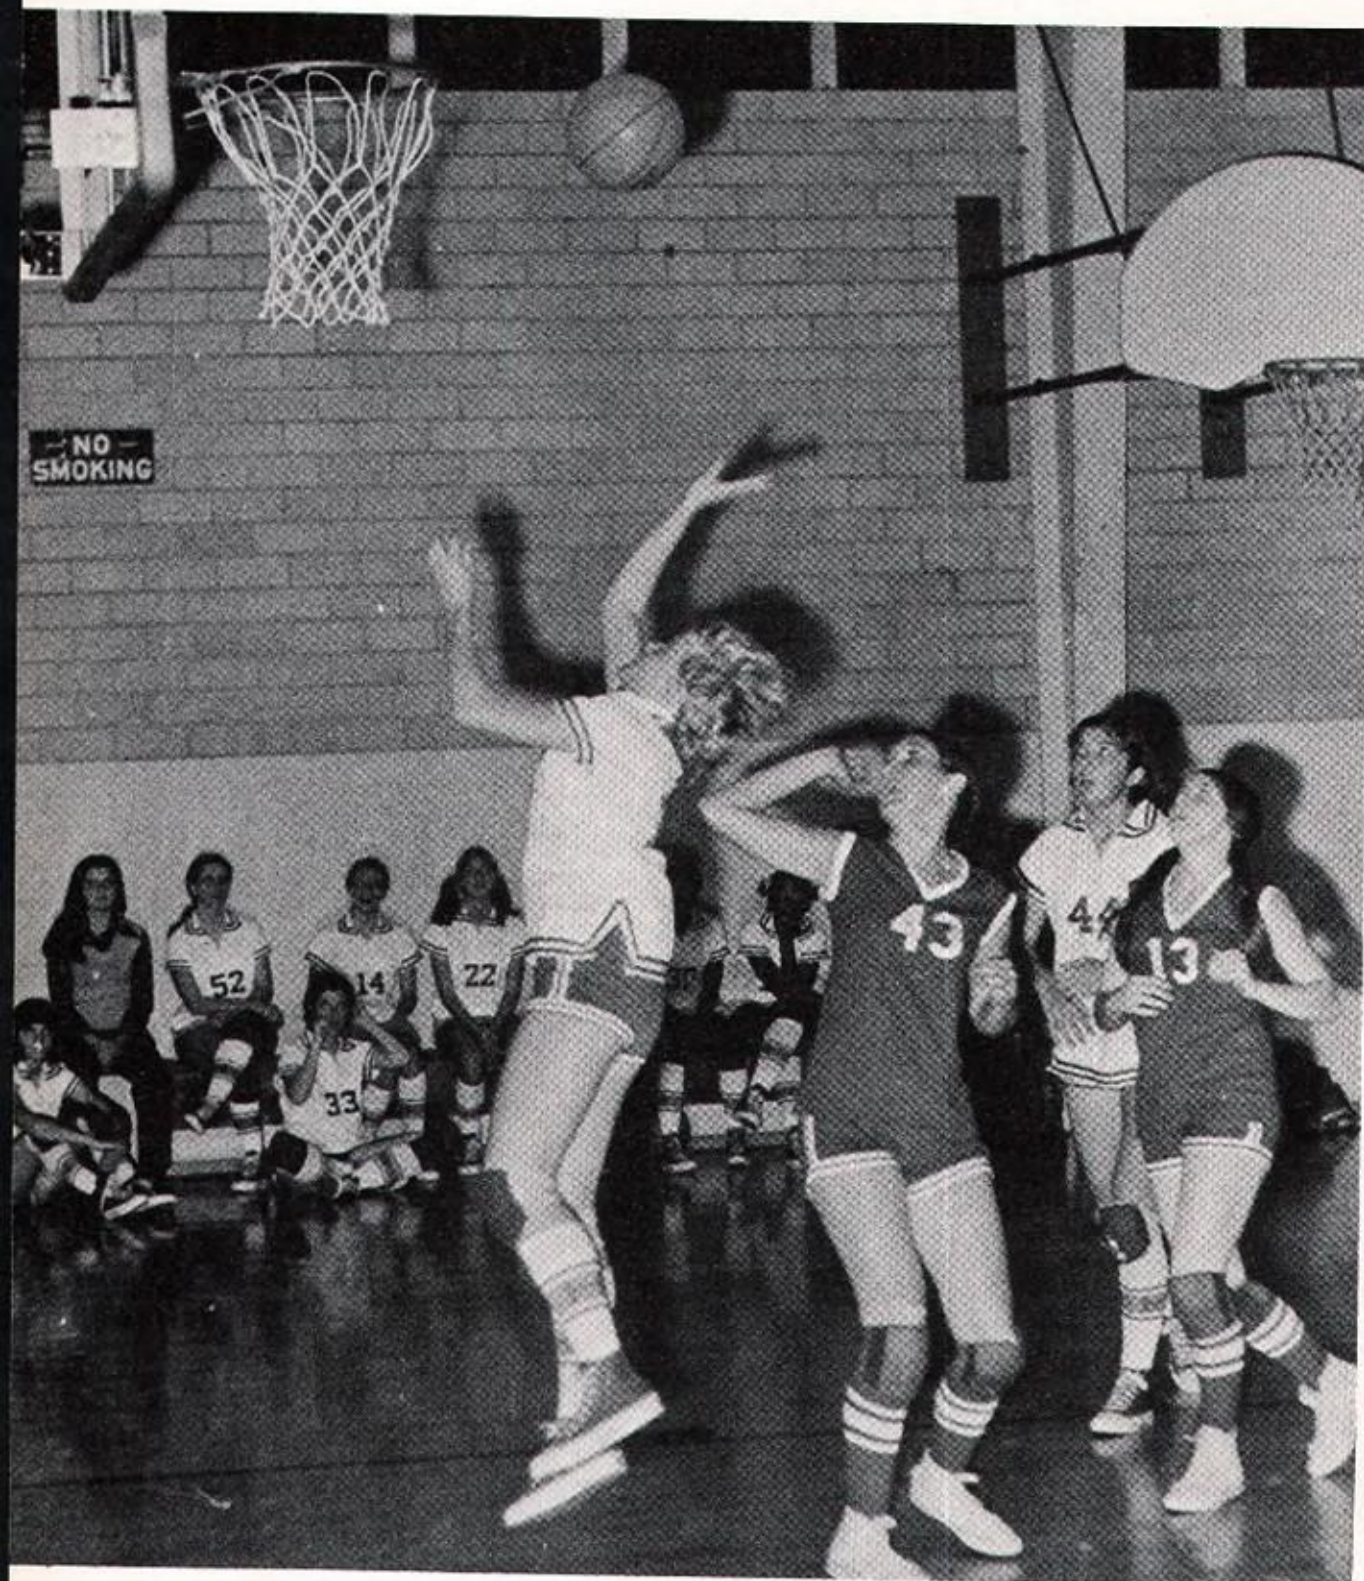

Gladney shoots in the dark

Where were you when the lights went out? If you had been Gigi Gladney, you would have been scoring two big points against Stephens, there.

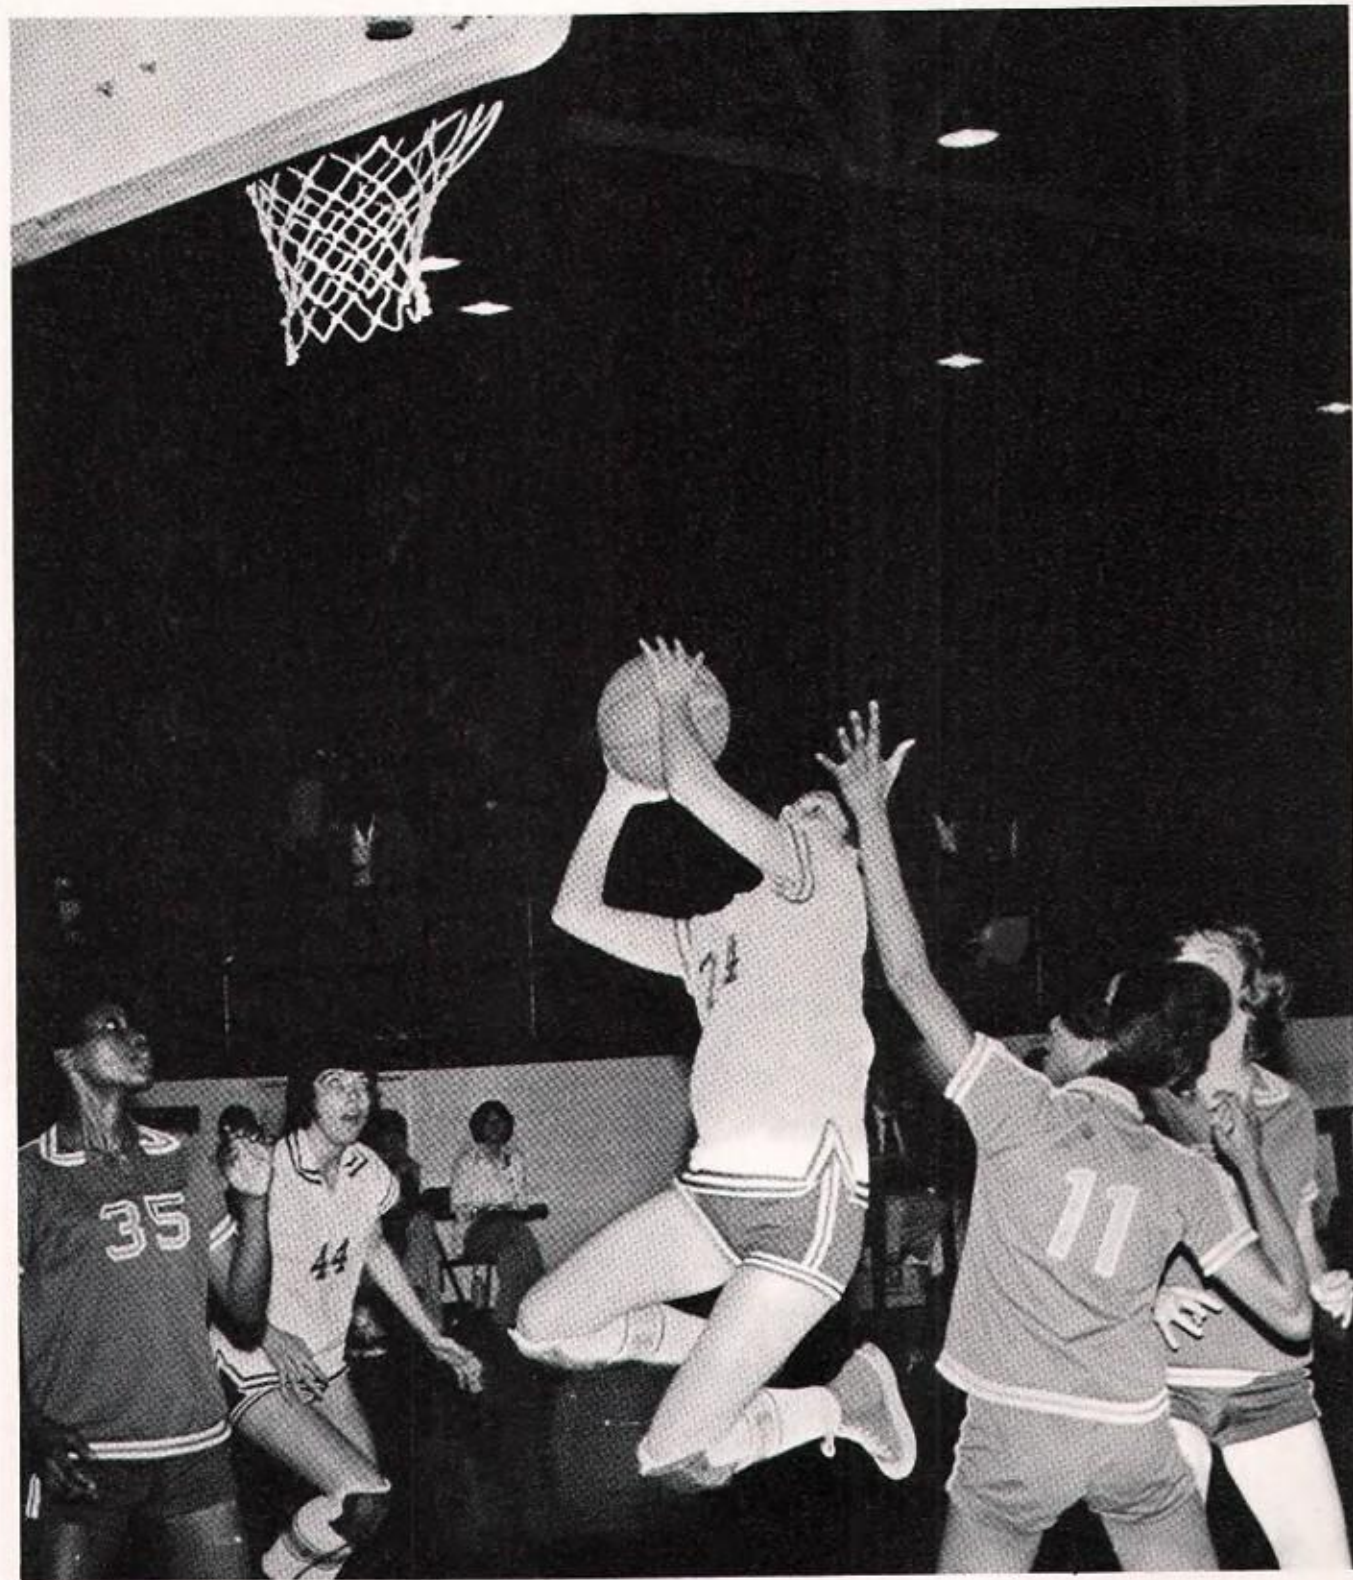

Because of a power failure in February, lights all across the southern half of the state went out. If you had been a Lady Cat fan you would have been sitting in the crowd watching an exciting game.

Just as the lights went out Gladney shot for two, but the referees could not see it. Within five minutes the lights were back and the game continued, but in the end Hope lost.

What are they up to now?

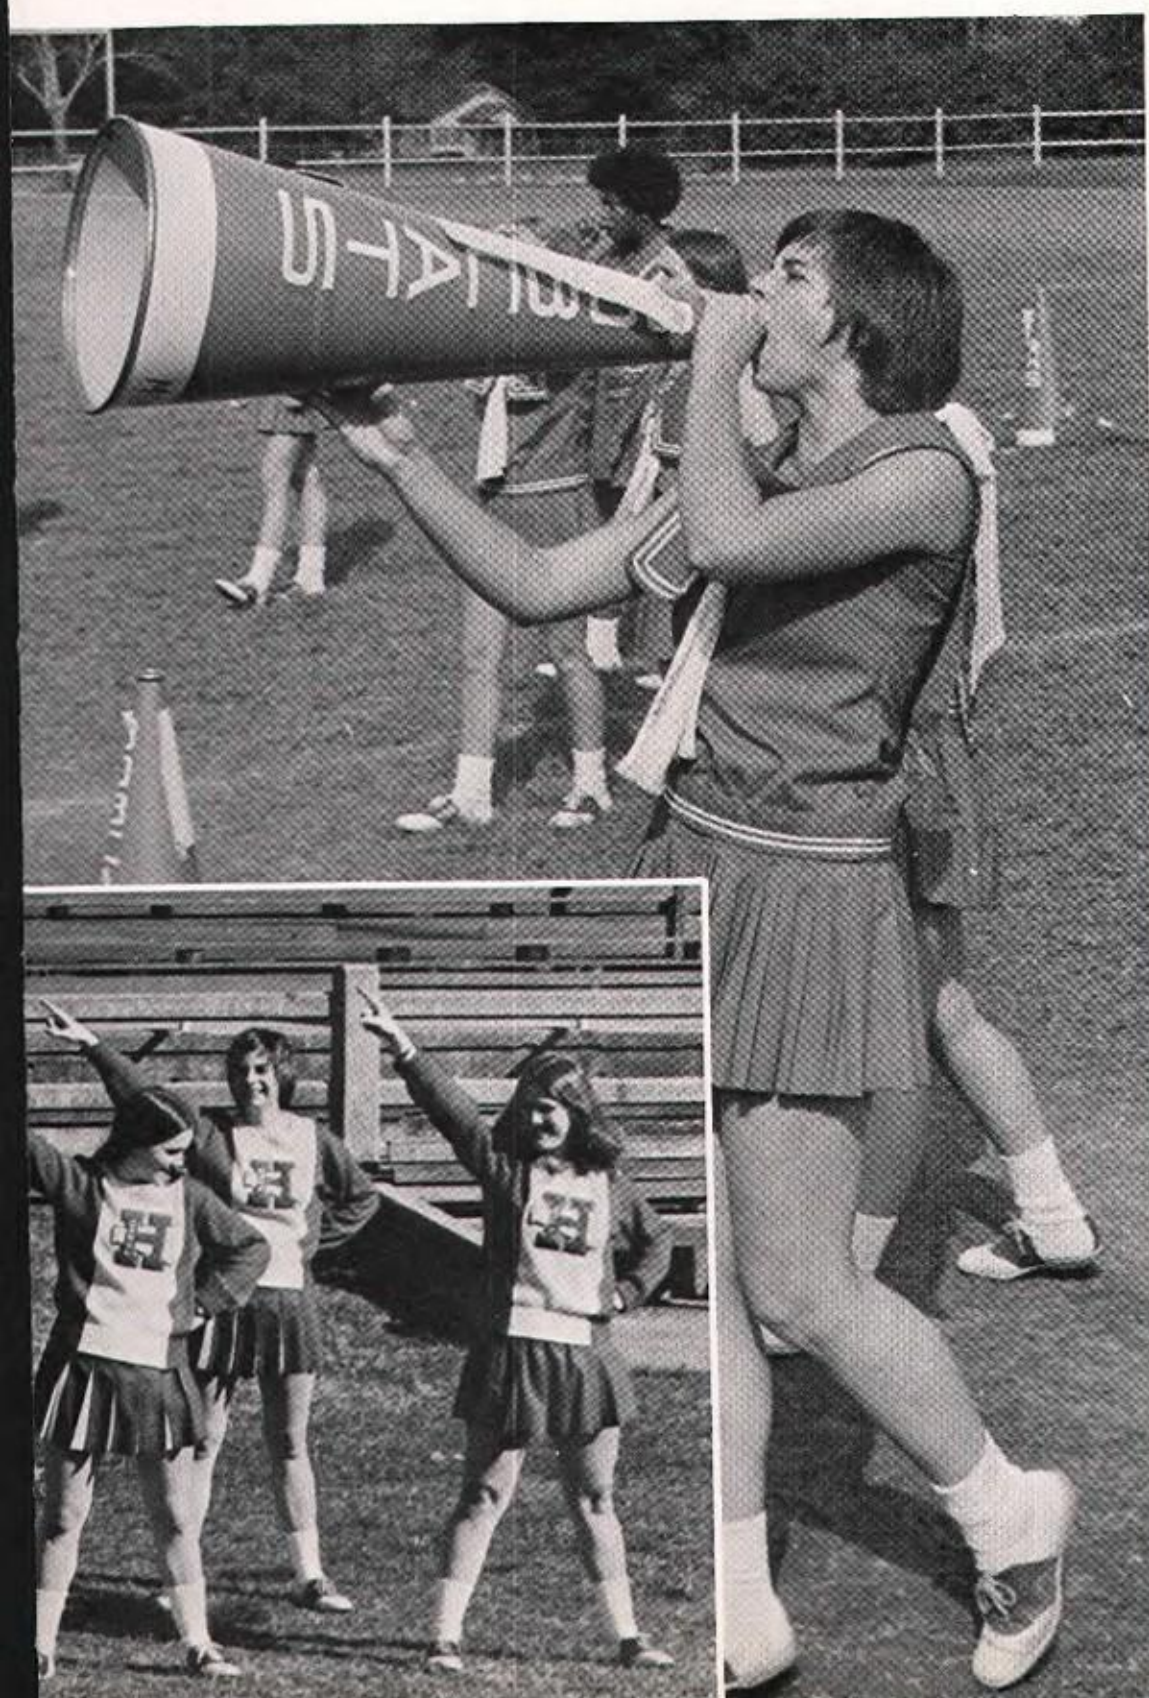

They number only ten, but sometimes it seems they do the work of hundreds: making favors, painting signs, decorating dressing rooms before games, and practicing year 'round.

They are the cheerleaders of HHS and they keep that spirit high when maybe the score isn't.

Captain Mona Rowe has led the group to have car washes and bake sales to earn enough money for their projects.

In fact, everywhere you see a Bobcat you're bound to see a cheerleader nearby.

(Opposite Page Top) Cheerleading is "A.O.K." according to Jill Herring. Golf, Track teams get set to go

Golf and Track are the other side of HHS sports life. These sports probably receive the least recognition of all sports but are still very much part of the athletic program.

Returning in golf are all but one from last year's team. This should be a definite advantage. Leading them along their putt-putt way will be seniors Tim Gunter and Tim Hogan.

Coach Jim Duncan will provide new leadership for this year's track team. They should be especially strong in the shot-put division with Jack Still and Larry Butler carrying that part of the field events.

The relays and individual events lack experience, but that can be compensated for with desire.

Bobcat Baseball has two-year record to keep up

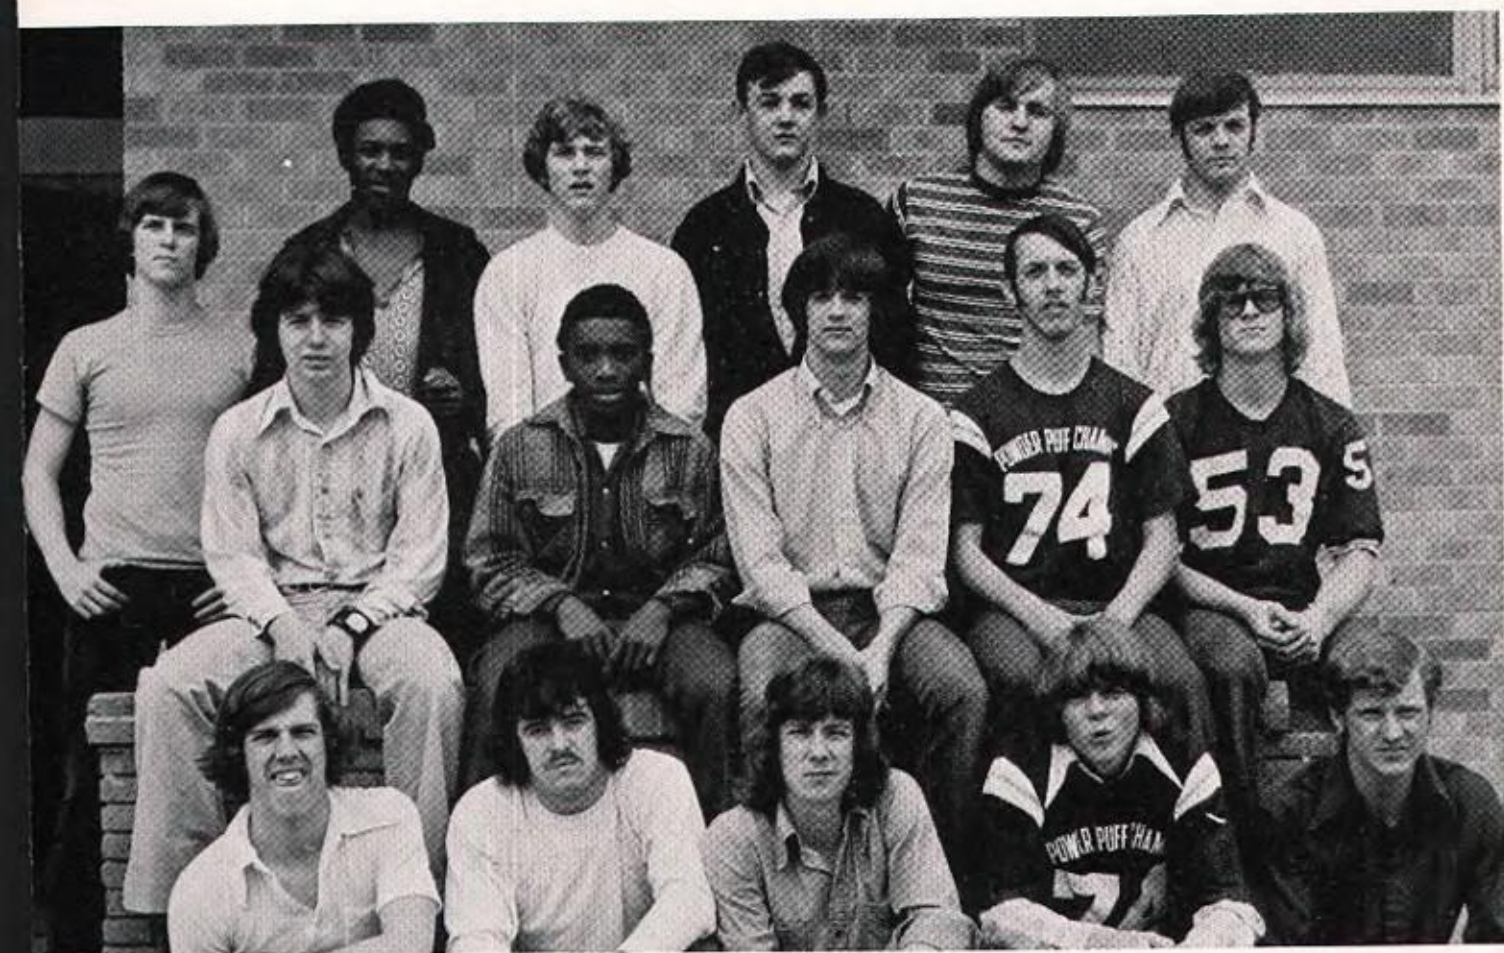

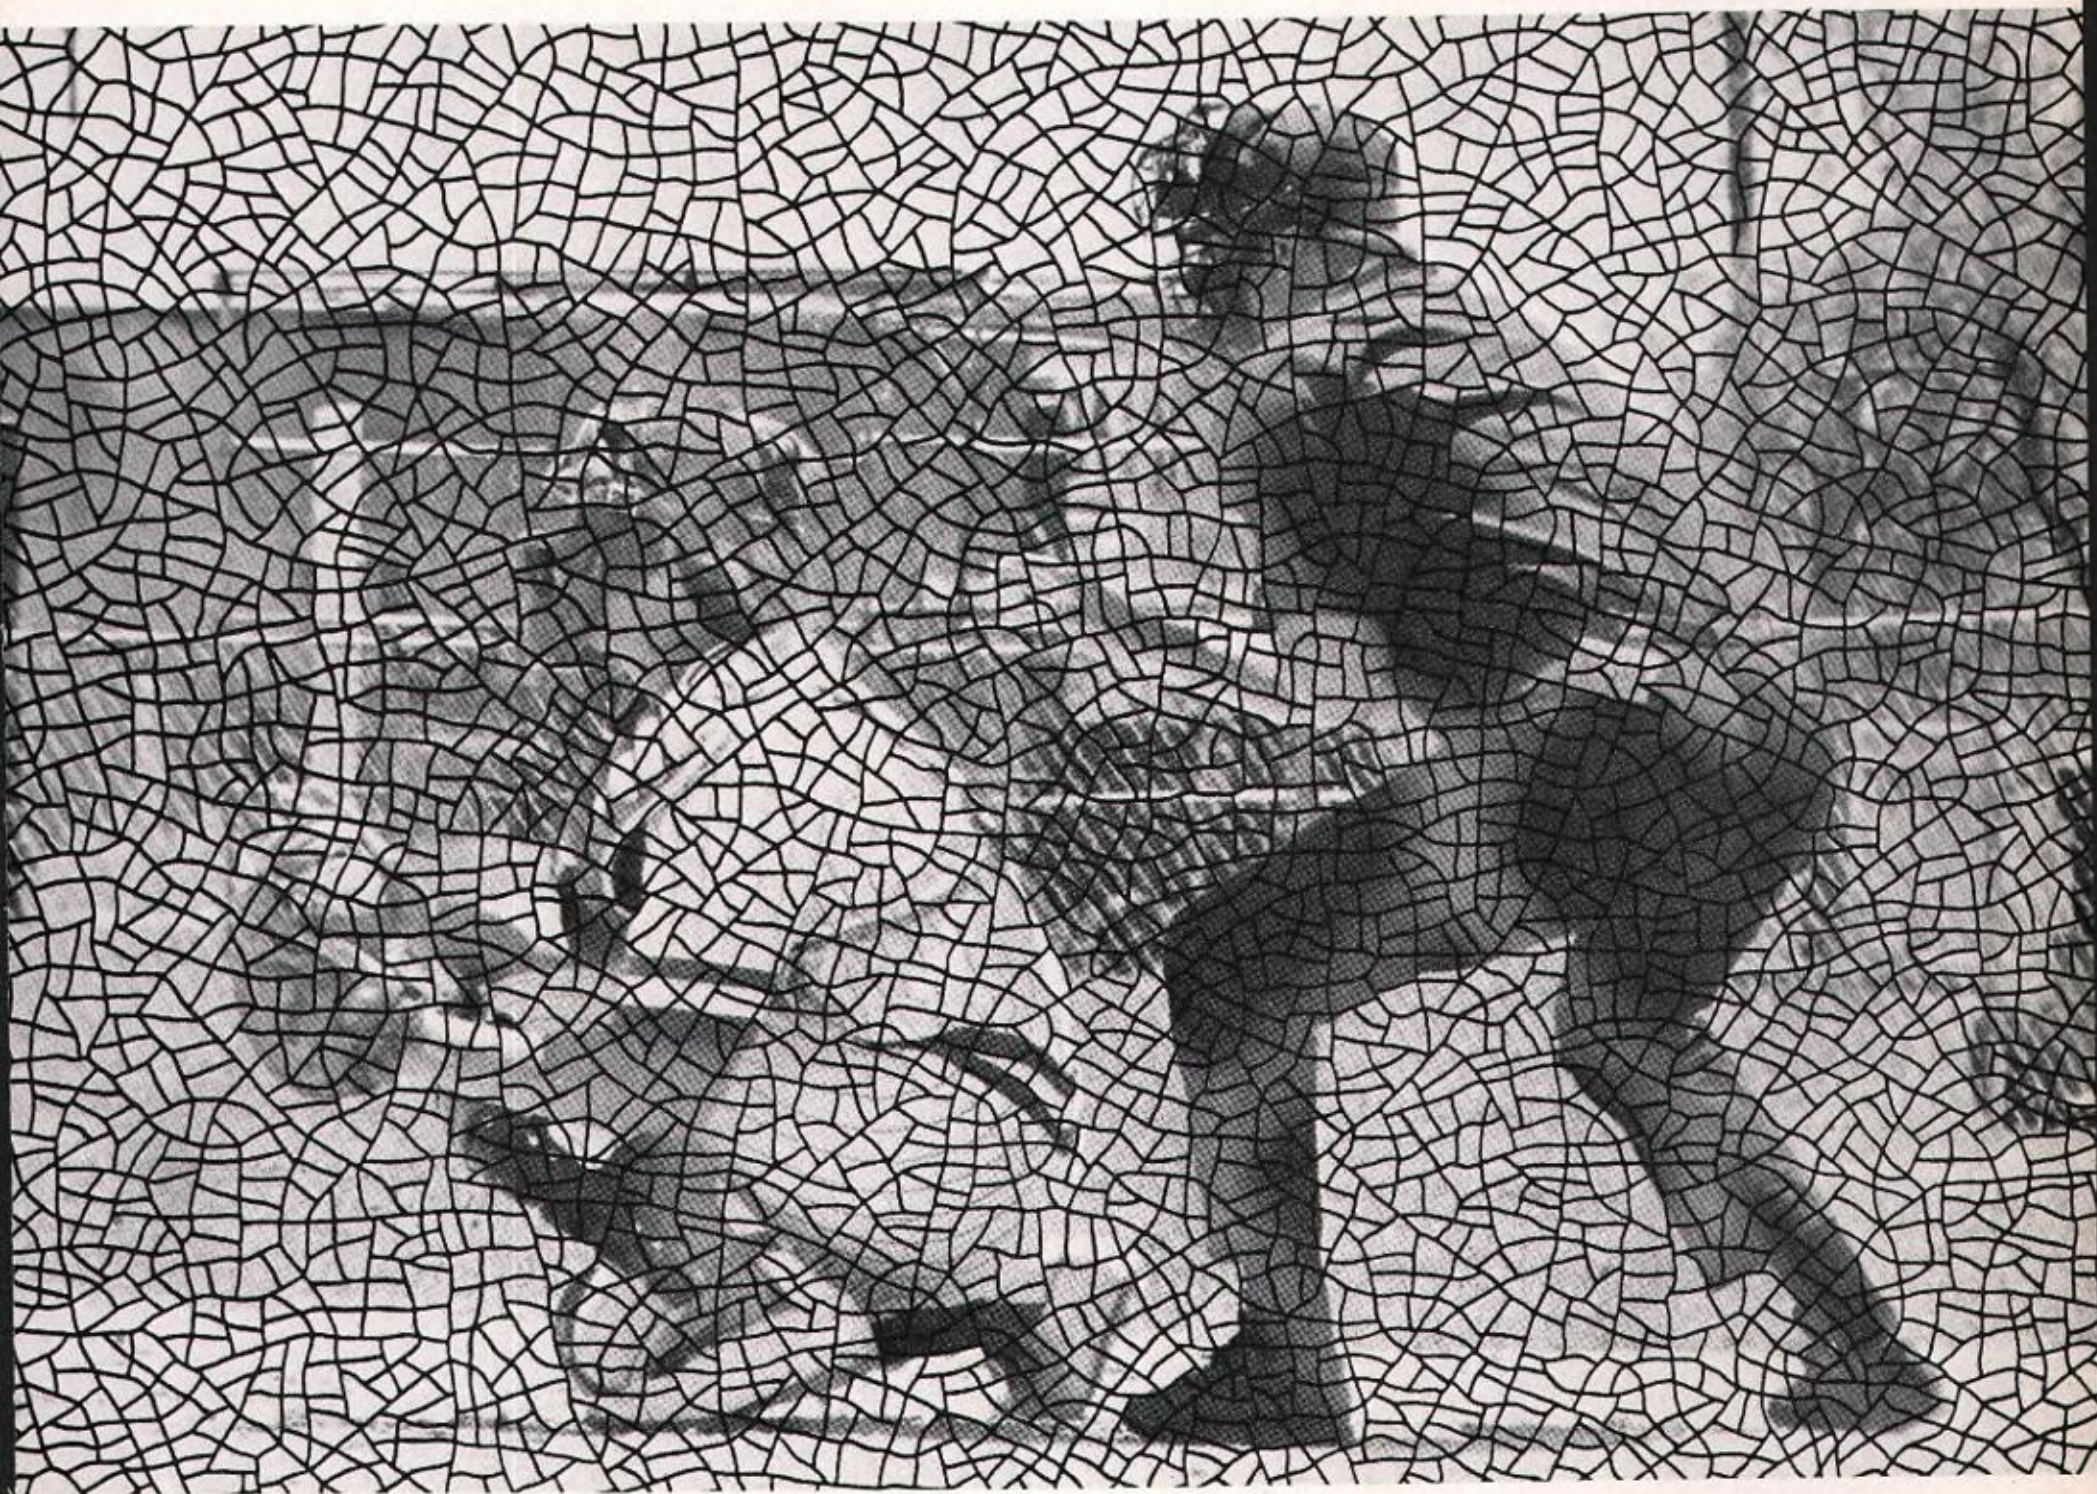

Baseball is a little publicized HHS sport. But it has been only baseball which has carried Hope into the state playoffs for the past two years.

Under new leadership this year, the Bobcats will be coached by Barry Bennett. Coach Bennett stated that they would win district or he would not return next year.

Returning about seven players from last year's team, the Bobcats have a good chance to go to state again.

What's a campus without clubs, or at least a group or students getting together to do something useful?

Hope High School has many such clubs doing things for the school and community. The students involved feel more a part of school as an experience instead of just a strict have-to routine.

At least once a day some campus club has a meeting or activity planned, and it's bound to catch you up somehow. So face it — some way, you're going to get involved.

Club initiations may be serious as in Beta candlelight service (Above) or in fun and games such as Vicki Loudermilk (Top) playing the part of "Mary, Mary, Quite Contrary" or (Below) Dena Roach as "Cinderella" being taken away by a "Beast," David Bain, at Quill and Scroll party.

Art exhibits brighten halls

Art Club members have shared their talents with exhibits this year.

They brightened HHS halls, teachers' lounges, and classrooms. Also, their work has been displayed at the Hempstead County Library and several downtown businesses.

At the reception following the Christmas pageant, their Christmas gifts were exhibited for the guests.

Mr. Jack Spates, florist, and Mrs. Talbot Feild, Crafts Club member, demonstrated Christmas floral arrangements and crafts at meetings.

Mrs. Roseatta Powell lectured on principles of mechanical drawing.

Meetings are at noon in the third-floor art lab.

Bobettes collect for Lynn Norton Fund

Bobettes is a lively group of girls who really come out for the Bobcats every year, but this year they also went all out for a great former Bobcat, Lynn Norton. They collected over \$300 at the Prescott home game and at the Arkadelphia game.

Membership, selected by a faculty committee, is limited to one busload of girls so that they may travel to all out-of-town football games.

Choir sings of Christ's birth

Music for the Christmas Pageant was by the Choir with Mrs. Valerie Booles the pianist-director.

Dressed in pastel formals, the choir's processional was by "candlelight." As the choir sang, members of the French-German clubs formed tableaux.

Songs from Sound of Music and other Broadway musicals were on the Spring Concert program. A select group of choir members presented a Kiwanis Club program in March.

(Top) John Hunter and friends await in the hall for time to have the candlelight processional. (Above) As choir sings at Christmas pageant, German-French club members form angelic tableaux. Band stands 'tall'

"Hope Pride" was a symbol of the band, and they stood "tall" everywhere they went.

Individual achievement, Director Gary Wells felt was an important factor in building pride among his ranks.

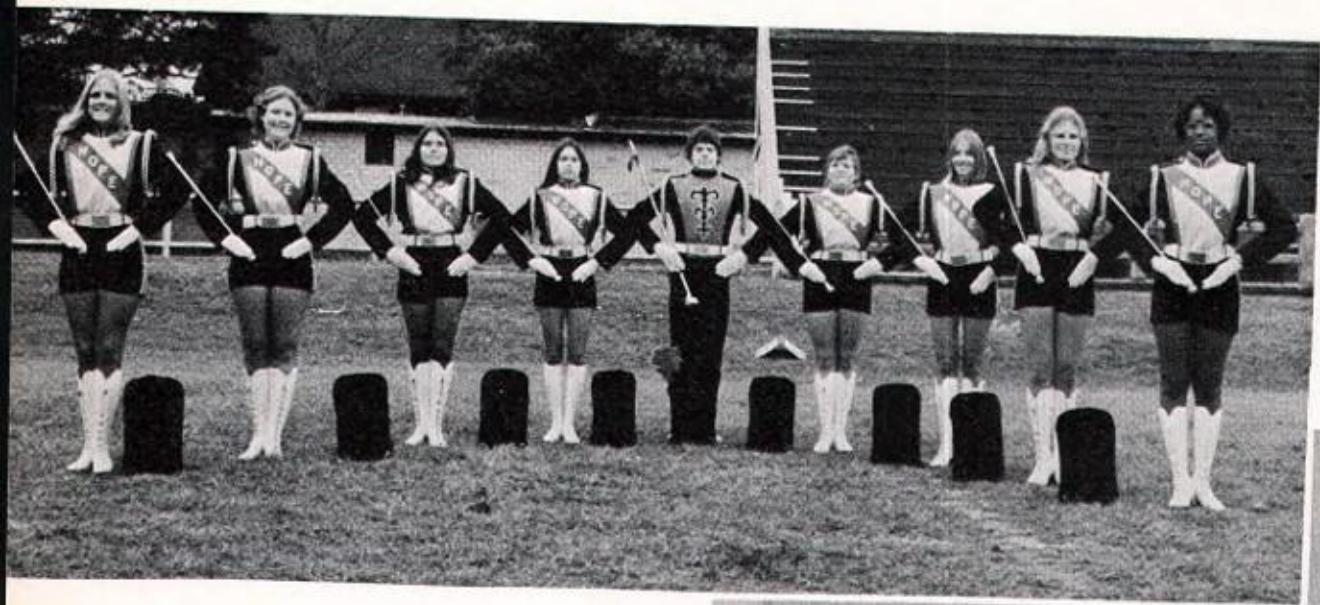

With "Challenge" (one-to-one competition for chair rank) section leaders emerged. They became squad leaders during marching season, and ETV film revealed their work with critical instant replays.

A "1" rating for marching was the payoff.

At region tryouts the following earned chairs (asterisk indicates eligibility for all-state tryouts): 1st Band: Steve Barton, Lance Beard*, Bill Billings*, William Brewer*, Lori Buchholzer*, Becky Burke*, Nora Cole*, Cindy Felder*, Pam Frady, Tim Gunter, Mike Hoover, John Jones, Thomasa Jordan, Larry Lavender*, Brack May*, Vicki May, Vivian Reese*, Denise Richards*, Steve Skinner*, Mary Stone, Nickolas Thomas.

Band is one of those institutions you look to whenever there's a need for music.

At pep rallies and football games they were there, blowing and beating loudly for the Bobcats. Director Wells showed his sense of knowing when the team needed that extra boost.

And what would the parades have been without music? Not much around HHS until the Band stepped in at Homecoming and the Third District Livestock Show.

City's trash: Beta Club's cash

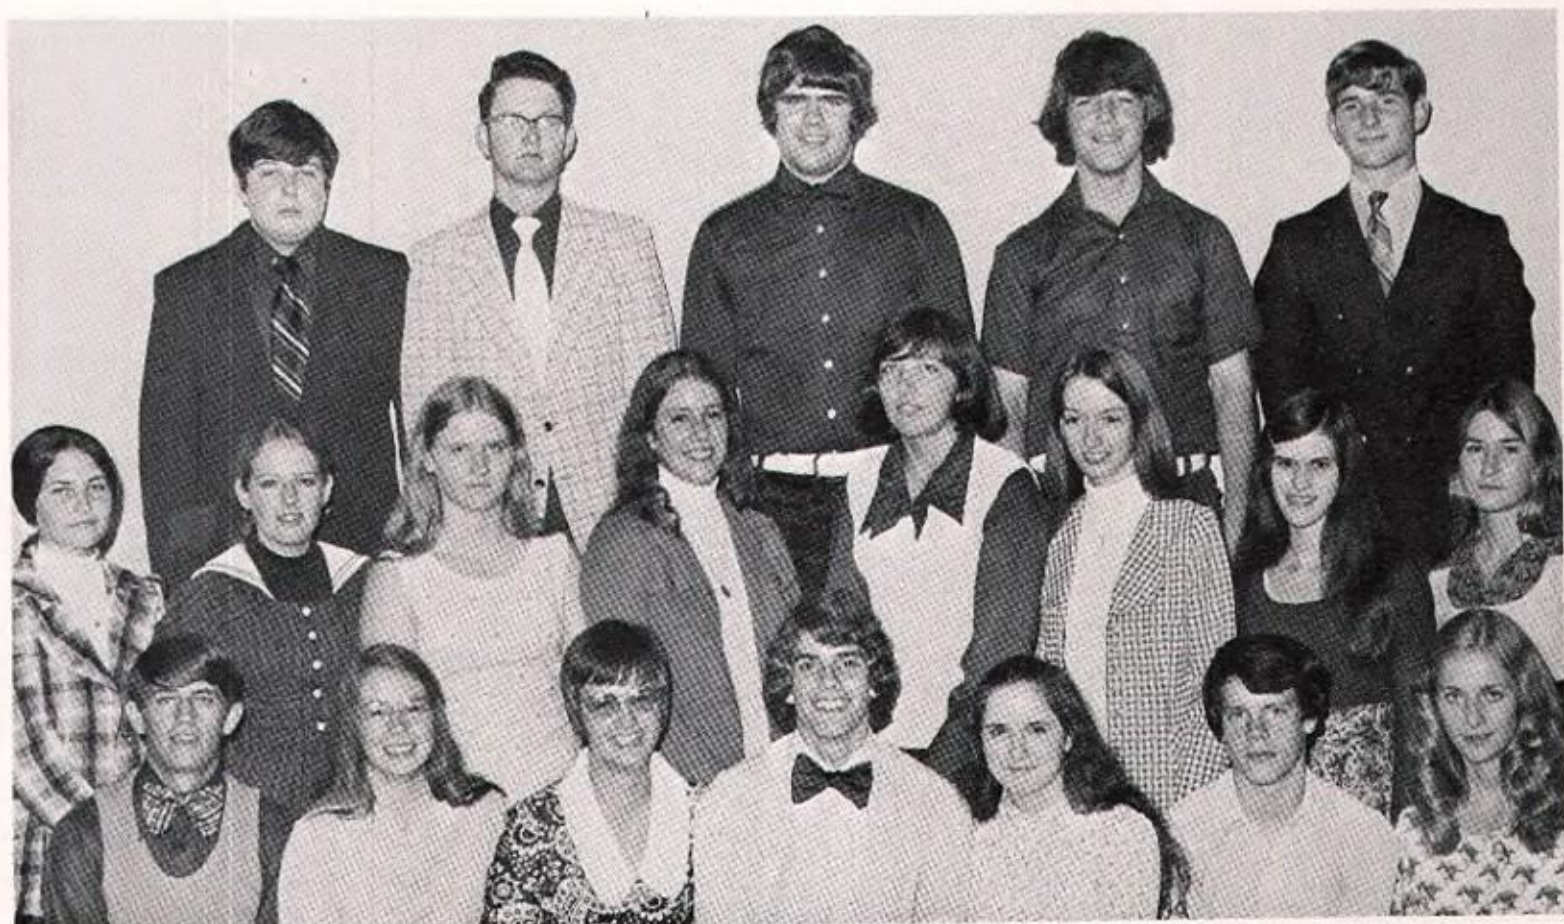

To earn money for Operation: Goodwill, about fifty Beta and Nike club members picked up trash one December Saturday.

About twenty Hope merchants made contributions, as did several students who had Saturday jobs, for the pickup along Hope's streets and highway entrances.

At the fall installation of new members, Mrs. Pat Roach was the guest speaker. Using slides and tapes, she told of her studies in India last summer.

Students with a 3-point grade average or better are invited to join this national honor society each year. Those who accept are inducted in a candle-light ceremony.

For the first time, the Future Business Leaders has extended its involvement past the front gates.

First step was Sherry Crippen's being elected district reporter and participating in convention planning.

About twenty members practiced shorthand, typewriting, accounting, and spelling to compete for individual honors at the district convention in March.

As a money-making project, laminated social security cards and souvenir "Hogs" were sold.

Meetings alternate between before-school and at night. Sherry Crippen was hostess for a Christmas get together.

FBLA competes for first time at district

FFA, largest 'team' on campus

Future Farmers of America is the largest "team" on campus. It is a federated organization, working on a district and state level. But locally its members are the men to call when help is needed.

For federation work members compete in manual and parliamentary procedure contests and ramrod the Jamboree at the third district livestock show in September. Their meetings are conducted according to the FFA chapter manual.

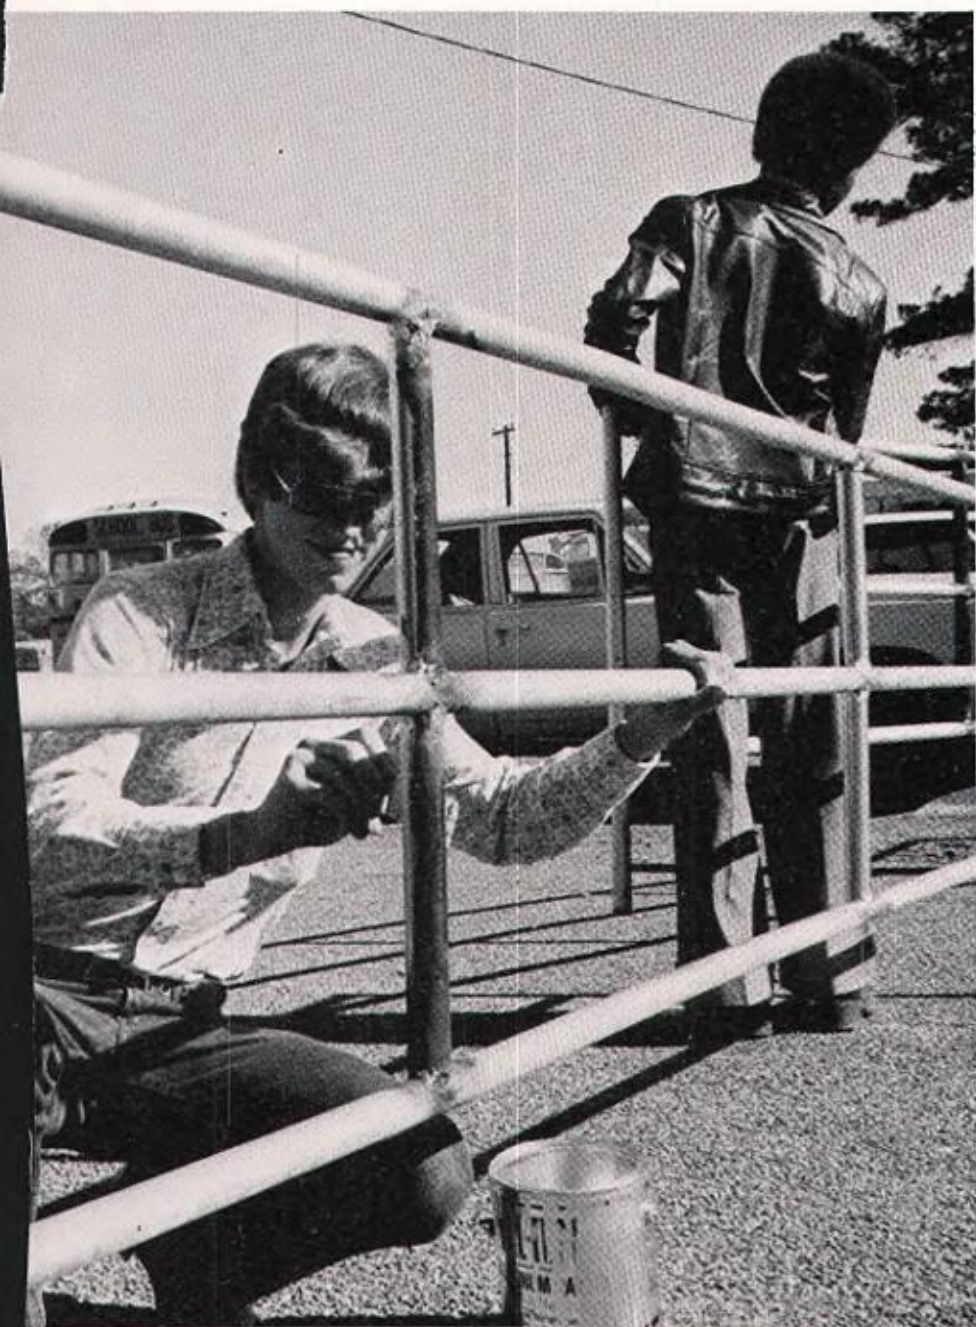

On the local level, the FFA is on call to move chairs for civic events, extracurricular cleanup before and after the livestock show, drive buses, haul hay, cut wood. You name it.

April was Rodeo month, involving most of the 250 boys enrolled in vocational agri. courses. It was the biggest money-making project and the most fun for the most people. At this event, the Rodeo Queen and FFA Sweetheart led the Grand Entry each night and an all-around cowboy was named.

Grand Finale was the awards banquet in May when new officers were installed and special notice given to deserving members.

Mary Grace "Gigi" Gladney was announced as the FFA Sweetheart during fourth period class in October. The Men presented her a bouquet of white mums. She assisted them at all FFA events, especially the annual Rodeo.

'Team' uses skills in projects

This year they made stands for the teachers at Yerger Junior High School as a special project. Woodworking skills were put to a practical test.

First-year students learned to weld, making feeding troughs for anyone who would furnish the pipes. The new gates and fences to enclose part of the campus were their products.

FHA campaigns for 'Every child by '74'

Volunteers from the HHS chapter of the Future Homemakers assisted with the mass immunization program on September 9 at the National Guard Armory and also helped publicize this drive to get all children treated by '74.

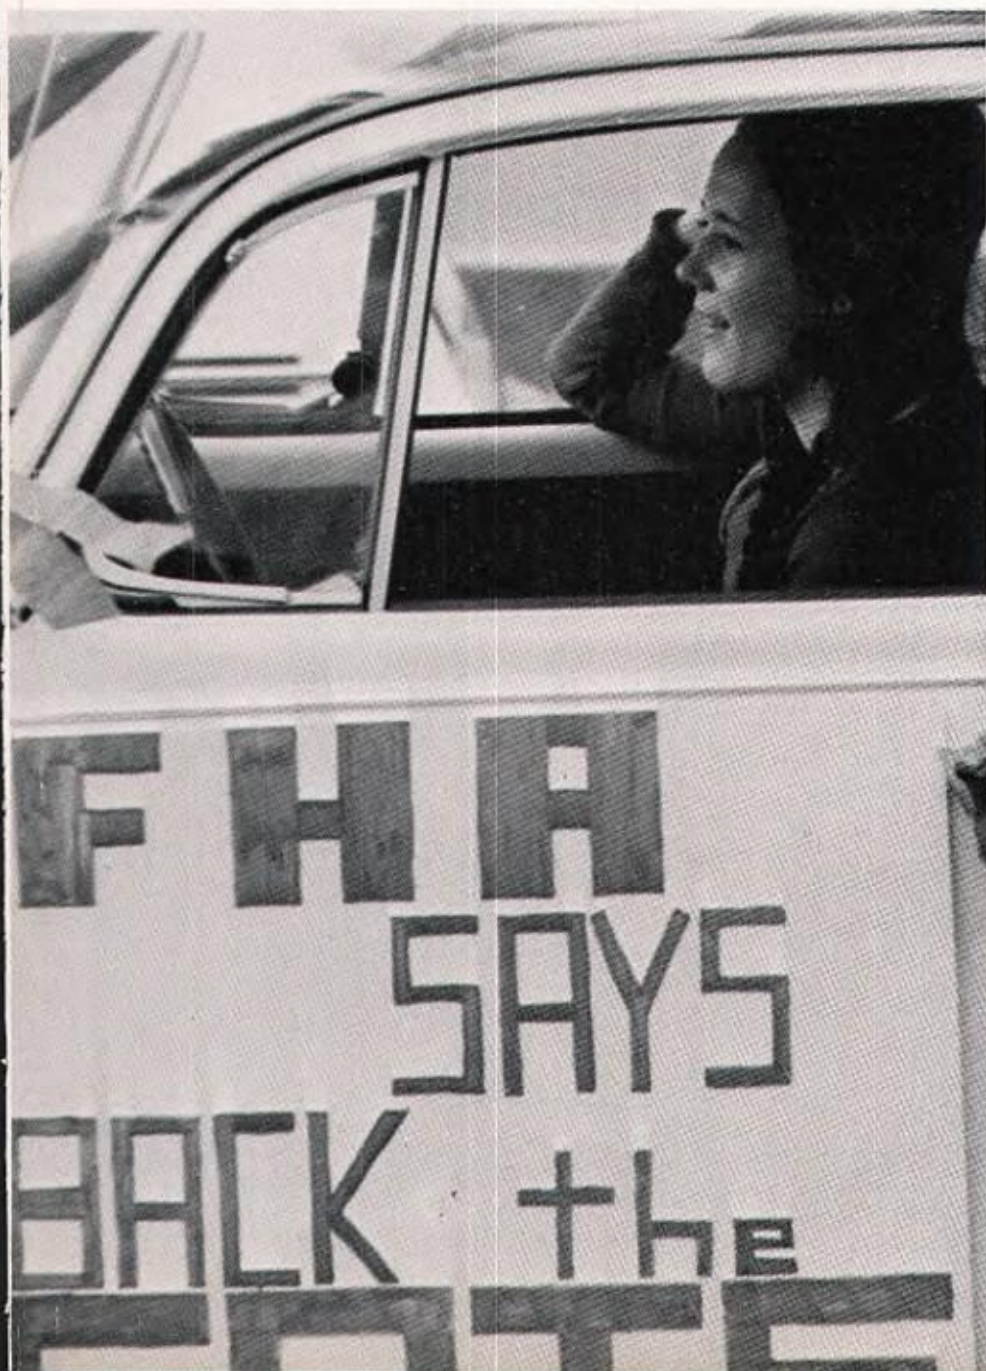

At the end of the FHA/HERO Week, the FHA sold "smile" candles and President Judy Powers presented a check to the Jerry Lewis telethon.

New members were initiated in an informal cottage gathering where the old members decorated two horror houses.

At the candlelight formal induction, a red rose was presented to each officer. An open house followed where parents were guests and toured the home economics cottage and the annex lab.

FHA is involved

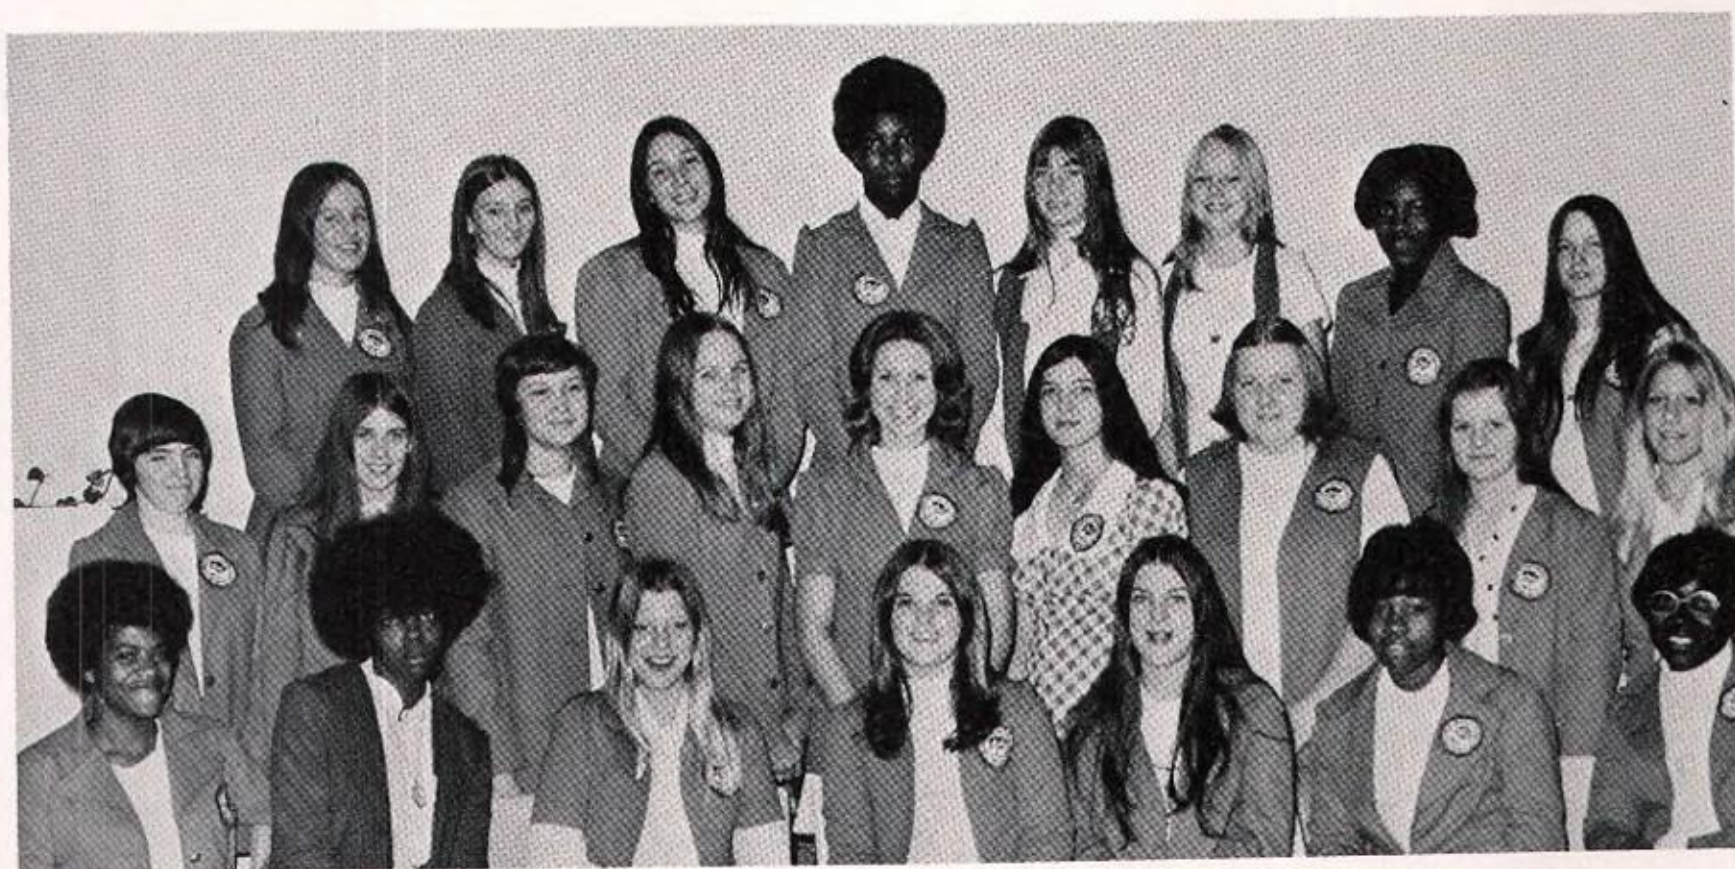

Open house was for parents at installation, and a luncheon with the "Top Brass" was for a class project.

Muscular Dystrophy campaign aid was the final big project for 1974, with proceeds being sent to Jerry Lewis.

FTA plans to get moving

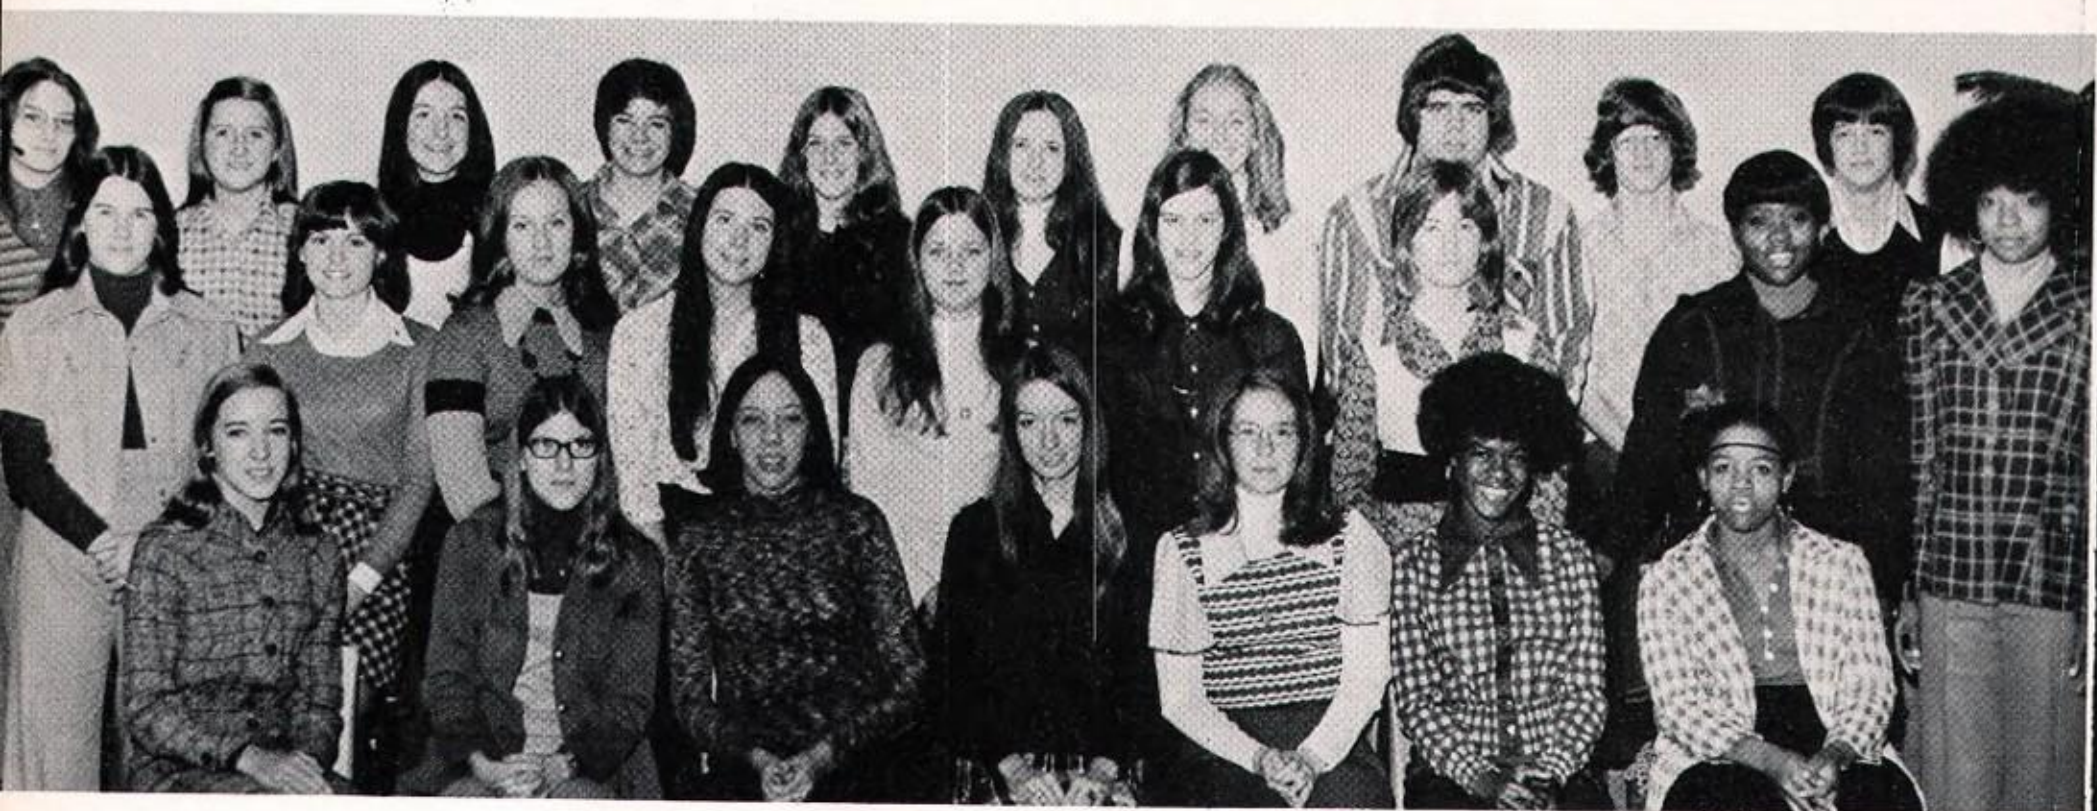

Big plans were made early in the year to get the Future Teachers on the move as a campus force. But, alas, the rains came.

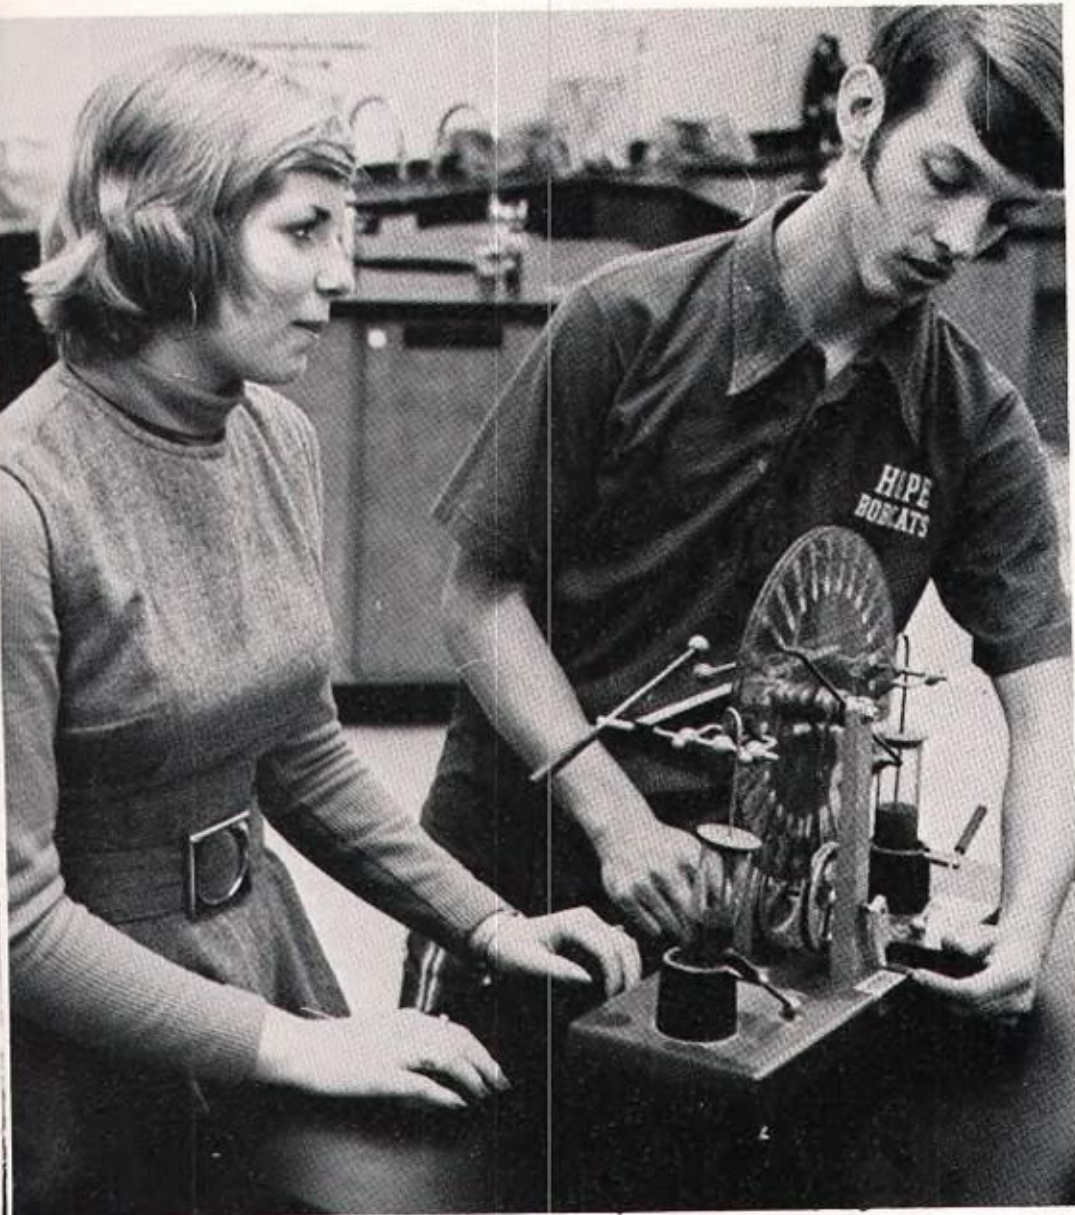

The Saturday car wash-bake sale was rained out. Members cleaned each other's cars, and the cookies and cakes were eaten by the "cooks" and their friends at school.

When the call came to help former HHS math teacher, Mr. Ed White, meet huge doctor and hospital bills for his son Jason, the club answered with a \$20 gift.

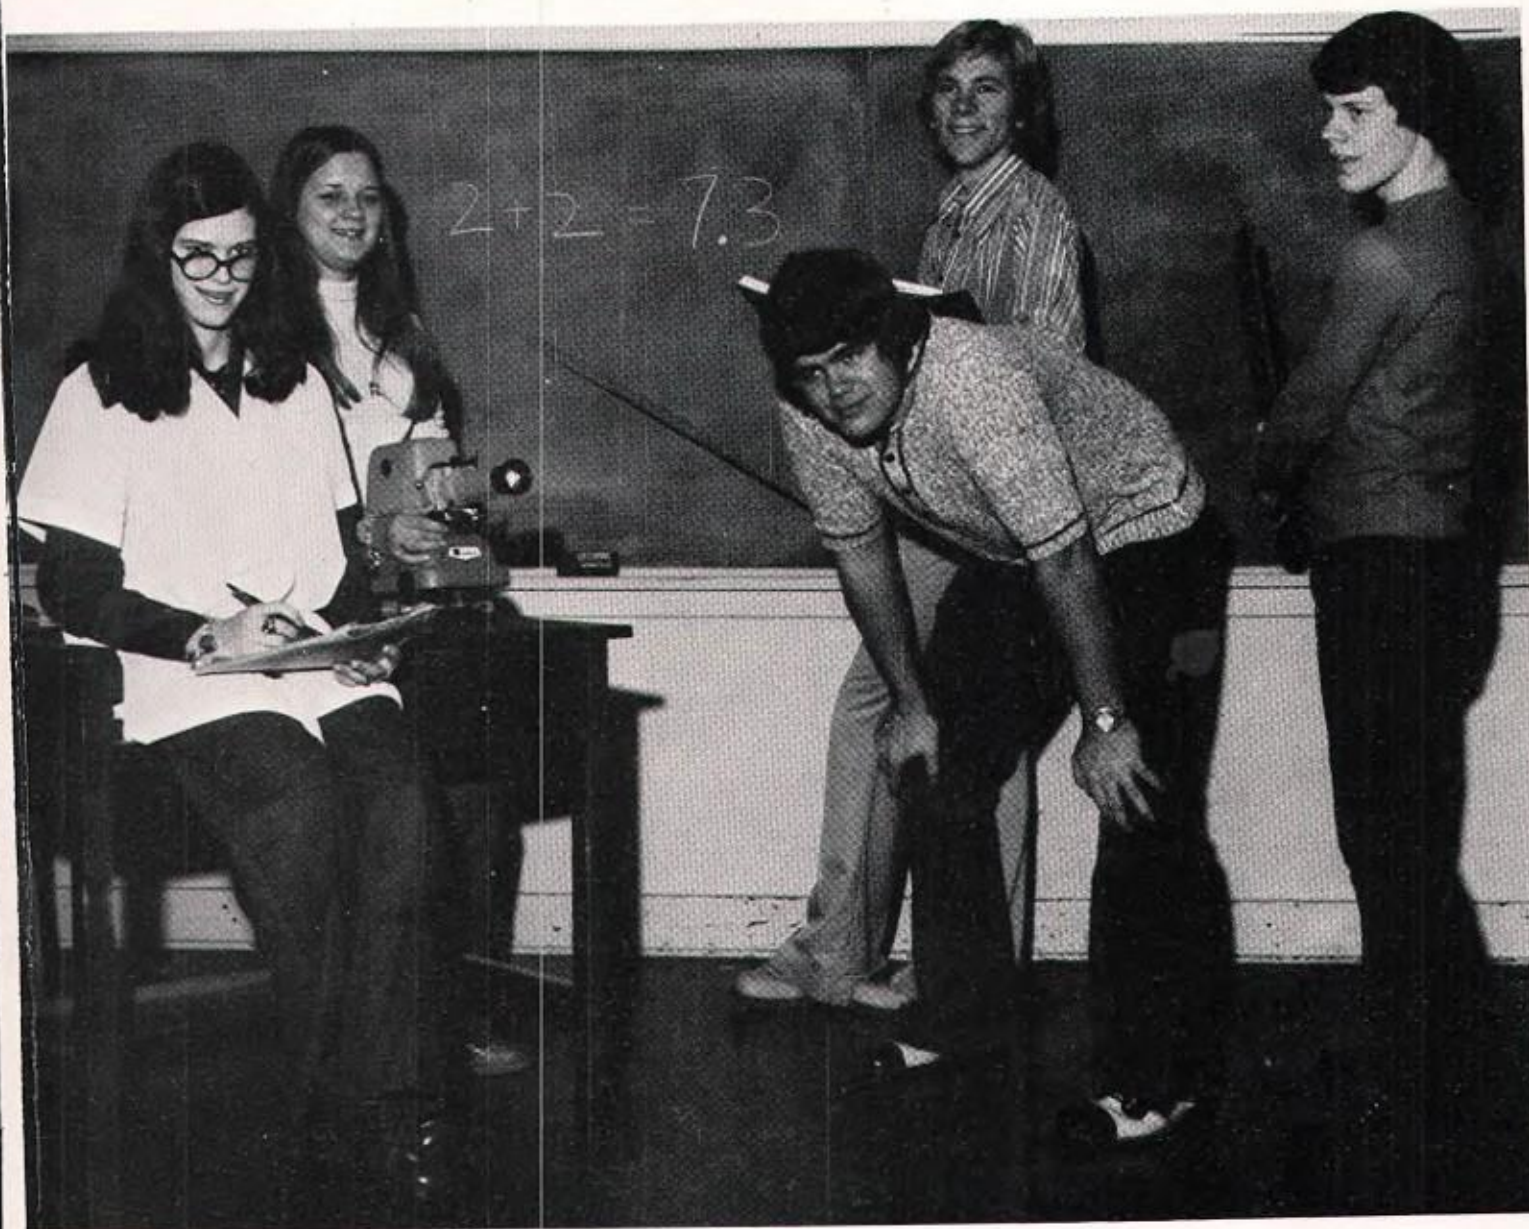

This spring, members worked up a program for the elementary schools emphasizing the importance of certain areas of study such as chemistry, physics, literature, and history.

French, German students form pageant tableaux

Under the direction of Mrs. Valerie Booles, the French and German clubs produced HHS's first Christmas pageant in many years. With the aid of the clubs' tableaux settings, the choir sang of the events of Christ's birth.

"Having a foreigner teach class gives us a cultural-widening experience," reports Tom Jackson.

The French and newly formed German clubs have traveled to a Concert Fest in Little Rock and the University of Arkansas Language Arts Festival.

Work schedule pays off for 23

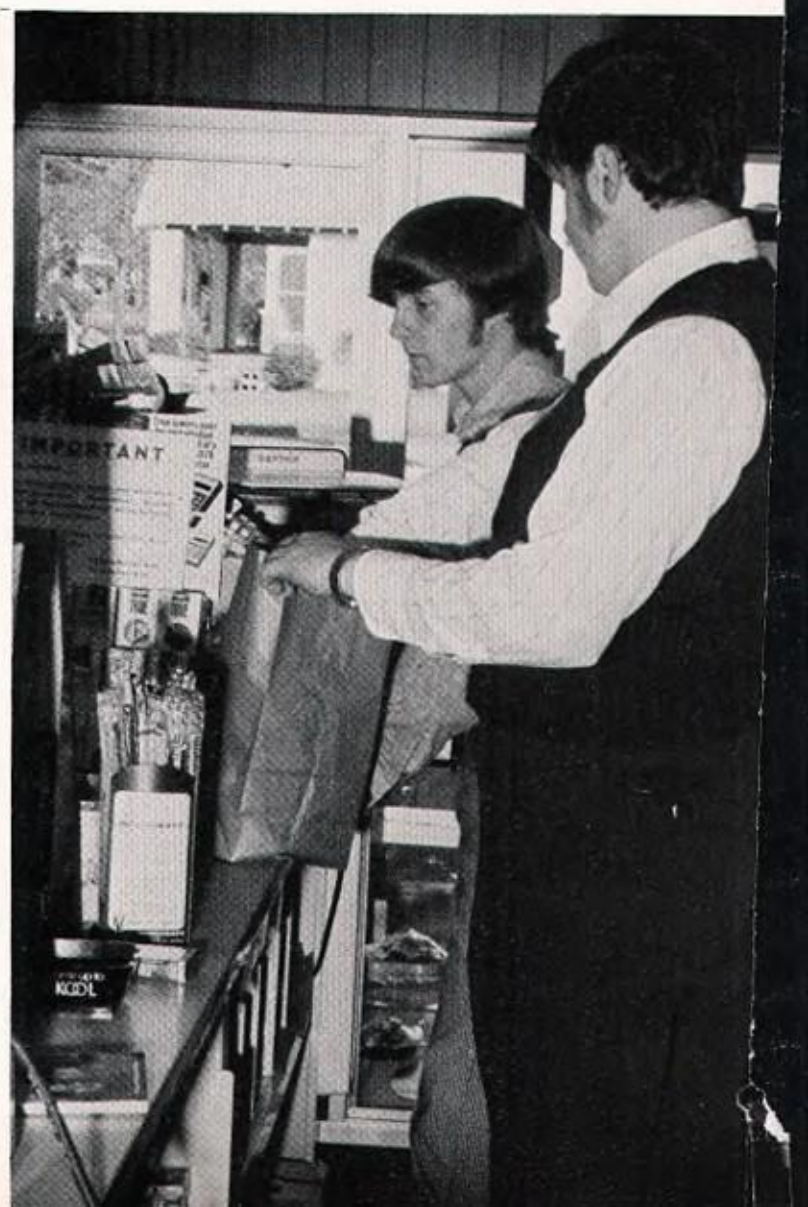

With the second year on campus came progress for the General Cooperative Education Club and the addition of five men, giving a total of 23.

GCE bosses were honored at the Employer Appreciation banquet in February.

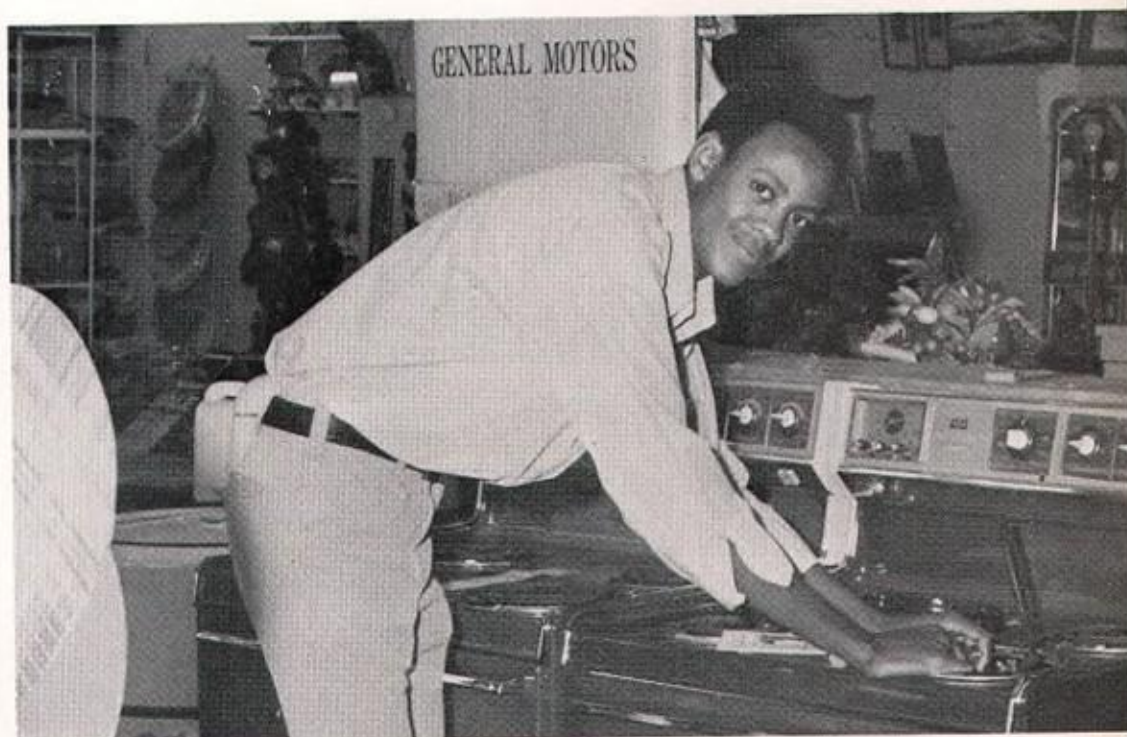

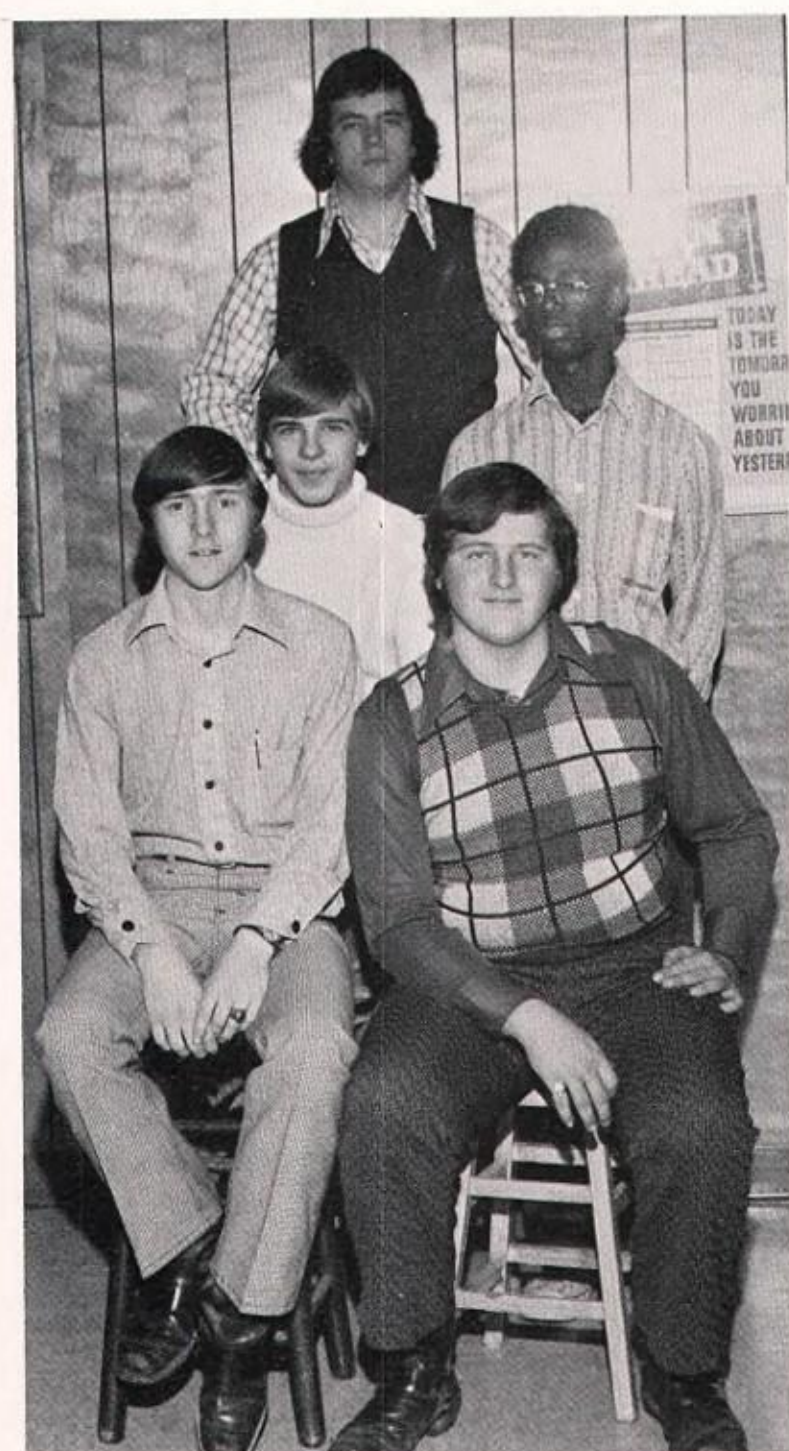

Officers attended the state convention at UALR in the fall and several members competed in the state contests (math, manuals, reading, talent) in March.

With the help of Mr. Jim Caudle, instructor, and Mr. Floyd Young, guidance counselor, students develop responsibility and gain a better knowledge of their chosen trades.

"Boys are beginning to realize the advantage of going to school in the morning and working at a paying job in the afternoon to get two credits," explained Mickey Hodges.

HOPE HI-GHITS

'74 Staff 'family' life begins at press meet

"Family" life for the 1974 staff began last April when seven staffers attended the state press convention in Hot Springs.

They applauded as Steve Campbell, '73 editor, received a scholarship and "editor-of-the-year" (Division 2); Mrs. Mary Nell Turner awarded plaque as "adviser-of-the-year"; and the *Hi-Lights* receive "General Excellence."

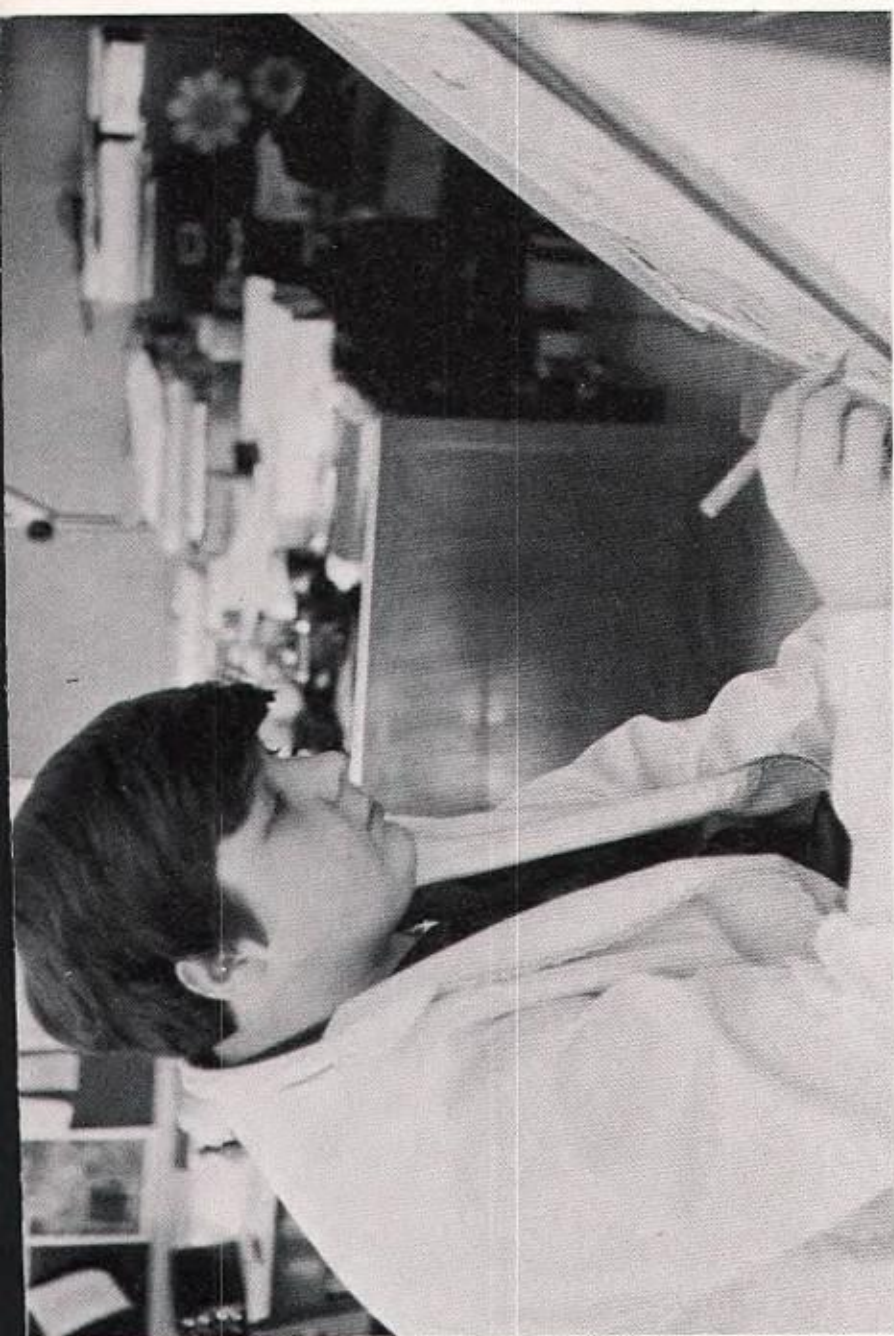

They met interesting people, climbed the mountain, ate pancakes, danced in the Derby Room, heard *Gazette* and *Democrat* speakers as well as George Smith, formerly of the *Hope Star*.

Their first paper was the Graduation issue with Evangeline Welch and Teresa Crawford adding their ideas. Those two moved away before fall. Karmel Kuhn moved to Oklahoma in January.

An 8-page paper has been printed each month, and they enlisted the aid of six Journalism I students for the spring term: Mary Browning, Dianne Croom, Anita Hoggard, Barbie Hendrix, Mike Hartsfield, and Mike Bobo.

The "family" will dissolve when the new staff publishes the Graduation issue.

Counselors guide guests on Career Day

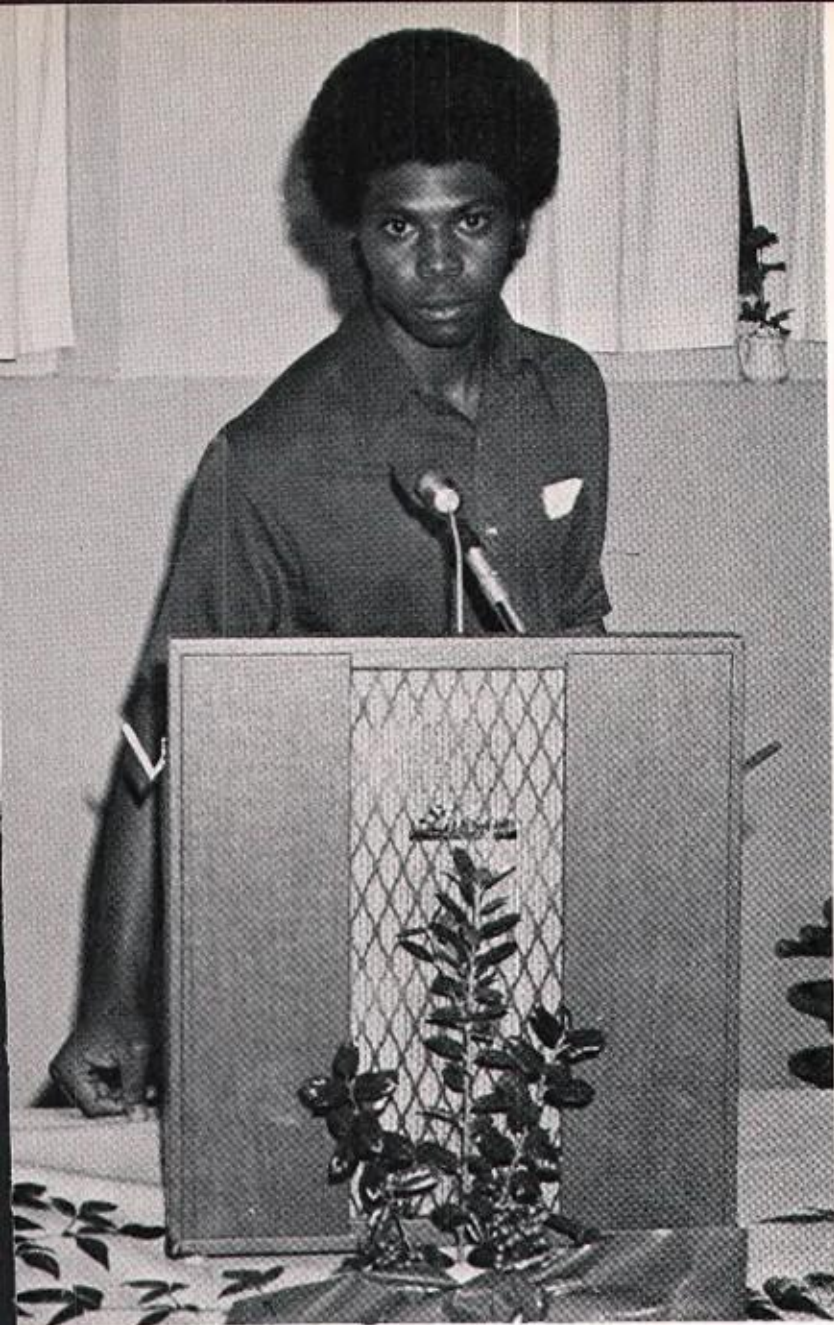

Junior Counselors was a busy group hosting Career Day for seniors from fourteen schools in this area last December.

Members helped the operation go smoothly by directing traffic and running errands for the resource men. They also furnished travel gasoline for several of the representatives from colleges and specialized fields for the program that day and for College Night which followed.

Senior members had dinner with the guests and local civic leaders in the cafeteria. Harold Collins, president, welcomed the guests. Table decorations were furnished by the JC's, and the dinner was hosted by the Hope Kiwanis Club.

They used profits from bookstore operations to mail issues of the school newspaper to last year's graduates enrolled for further education.

Those JC's who had free periods spent their time assisting the guidance counselors in any way they could, from giving guests a tour of the high school to grading tests.

Key men offer Saturday service for senior citizens

In cooperation with the Hope Kiwanis Club and the City of Hope, the Key Club has begun a taxi service for senior citizens on Saturdays.

The Little League and PeeWee League concession stand netted the club around \$200 which was donated to Operation: Goodwill.

In February the annual Sweetheart Dance was held at the Coliseum featuring the 1974 Sweetheart, Susan Prisock, and Maids Kennetha Cornelius, Karlene Coleman, and Sherry Gray.

Other fun events included the winter hayride with David Huddleston providing the entertainment as the "Fouke Monster," and the District convention at Kansas City in April.

Old members also participated in the initiation of the "elected ones" which was brought to an end by a soap-pie contest.

Smallest club keeps Latin alive

Even though most people declare the language dead, Mrs. Mildred McPherson tried to keep Latin alive with this smallest club on campus.

Since Mrs. "Mac" did teach Latin only one period a day, she gave special attention to these old-world knowledge seekers.

The group had some good times including a Christmas party at their sponsor's house where there were gag gifts and lots of laughs.

"Bobcats Are No. 1 In Our Book" was the theme for the Library Club's decorated car in the Homecoming parade.

They observed National Book Week with bulletin-board designs and posters.

With Dorothy Scott in charge of initiation, new members became "children" for a day, carrying everything from diapers to pacifiers and favorite toys.

Some of the members assist the librarian, their sponsor, checking out books during their free periods. Meetings are at noon with sack lunches.

Students + Brains = MATH

HHS's top math students taking advanced math and having a 3-point scholastic average are admitted into Mu Alpha Theta, a national honorary math society.

Mr. George Straughter, sponsor, says the organization "encourages club members to continue to develop their mathematical abilities in college."

Initiation, bewitching night

"Communication" was the subject of Mr. T. C. Bartlett's speech at the January induction of 31 students into the Quill and Scroll International Honorary Journalism Society.

The costume party consisted of skits used to clue everyone in on the costumes, an apple-eating contest, and orange races. The characters represented ranged from Robin Hood to Sinister Force (destroyer of the tapes) to Cinderella.

The Society honors students outstanding in the field of journalism either in writing, photography, or creativity.

Members, assisted by publications staffs, had openhouse in Annex 2 on October 12 in observance of National Newspaper Week. Guests were Mr. George Straughter's sixth-period Algebra I class and Mr. James Pride's third-period geometry.

Project: Mistletoe pays off

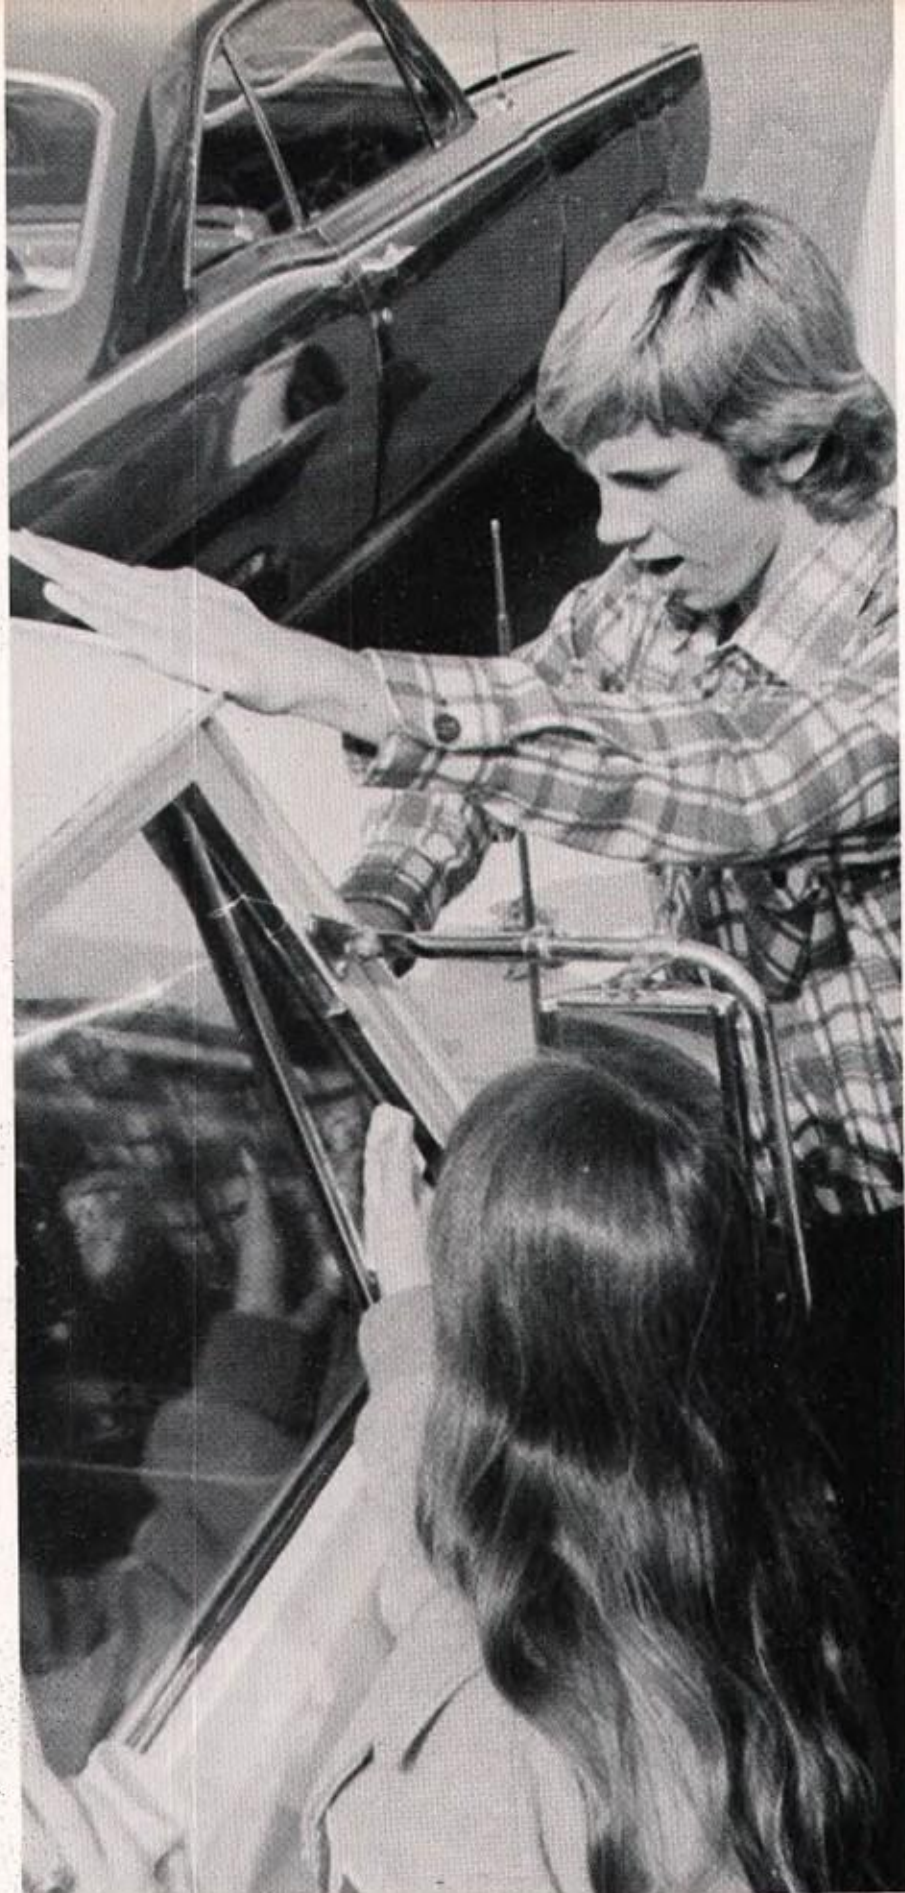

National Honor Society members got involved in earning money for Operation: Goodwill by selling mistletoe around campus at Christmas and washing car windshields.

They also purchased a football history book for Principal Whitmarsh as a gift of appreciation after his operation during the Christmas holidays.

"I Believe in Humanity" was the theme of the fall candlelight induction when sixteen new members were named at a special assembly for juniors and seniors.

Nike girls greet Queen contestants

When the Third District Fair Queen contestants arrived in Hope, Nike girls entertained them with a tea at the Chamber of Commerce while members of the KXAR radio staff and the Hope Star interviewed each of them.

Nike annual Valentine sales again met the approval of the HHS student body who paid \$123 to send them to teachers and "friends."

Sample: "I was thinking about you at dinner and tied my peanut-butter sandwich in a knot."

B&PW, Nike parent sponsors, entertained Nike members at Perry's Restaurant to observe National B&PW Week.

The club voted to contribute \$10 to Mona Rowe to help sponsor her at the State Junior Miss Pageant.

Monthly meetings are in the Little Court Room at the City Hall.

OHE 'appreciates' its employers

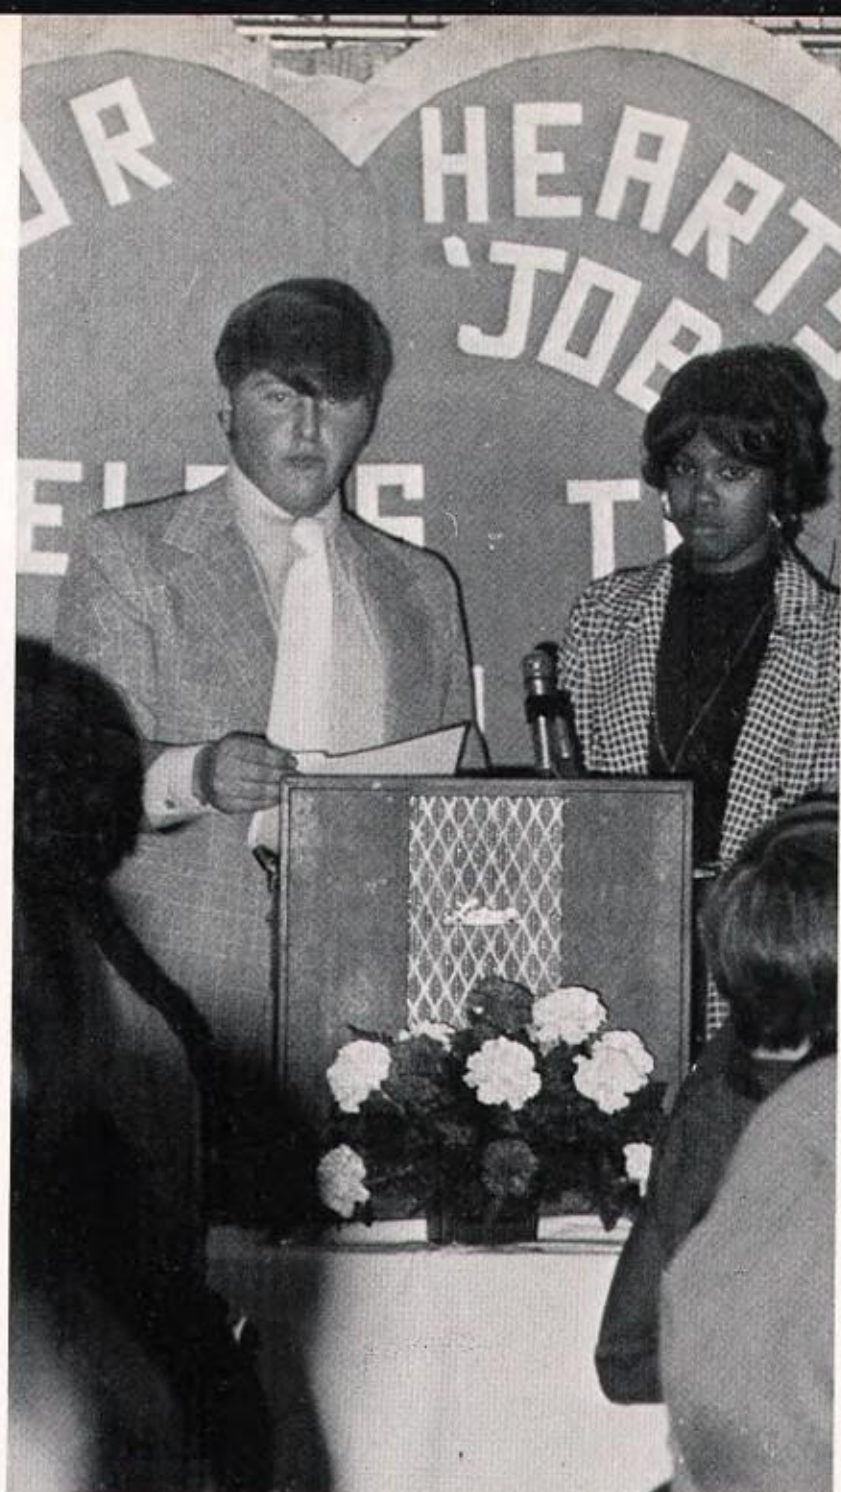

For the first time, the 25 members of Occupational Home Economics joined with GCE, their male counterpart, to give an Employer Appreciation banquet in February.

The banquet at the Town and Country Restaurant had a Valentine's Day atmosphere with the theme "Our hearts belong to you." Guest speaker was Mr. Earl Downs, HHS guidance counselor.

Not all high school students are involved in the world of business, but these girls are trying to get the best of two worlds — school and work — and learning store procedure for the future, according to their adviser and teacher Mrs. Carole Lester.

Just a few of the businesses at which they work are Cox's Drug Store, Rephan's, Sonic, Roadway Inn, and Safeway.

(Right) Hazel Brewer and Donald Hicks present certificates of appreciation at banquet. (Below) OHE members are Wanda Block, Judy Crider, Joyce Randel, Joann Franks, Alma Cole; back: Tina Walton, Kay Adams, Becky Sumner, Darlene Mobley, Karen Cooper, Tina Faris, Shirley Walton, and Hazel Brewer.

Since the organization of the Fellowship of Christian Athletes two years ago, Hope teams have grown closer together. They like to feel they are doing something for God, the school, and the community.

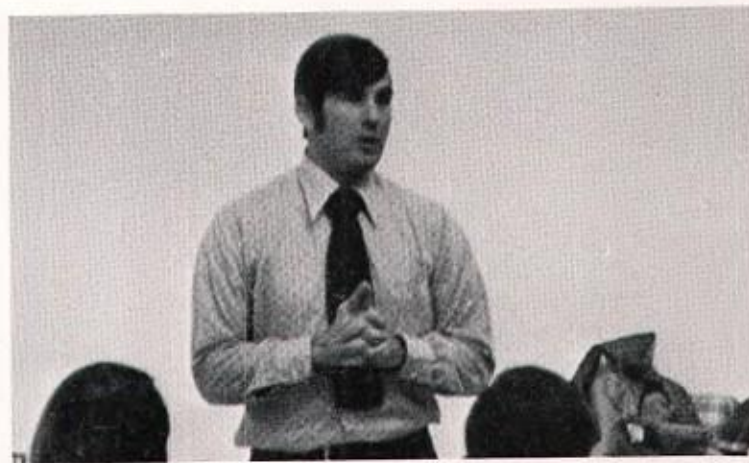

In January the FCA organized a going-away party for Coach Gaylord Solomon, who resigned. The party was held at the Hope Country Club with Bill Burnett, former Razorback, as the guest speaker.

The weekly Friday meetings consist of listening to tapes and a Bible study led by Dr. Jon Leim, chaplain.

Trying to do their part for the athletic program, the FCA has taken the job of running the refreshment stand for the basketball games.

Larry Butler, Mick McCormack, and Jack Still went to Channel 4 in Little Rock to present \$240 to the Crippled Children Drive following their benefit basketball game last March.

New members inducted at dinner

More than 210 Spanish Club members met for a semi-formal dinner in the cafeteria in February to induct new members.

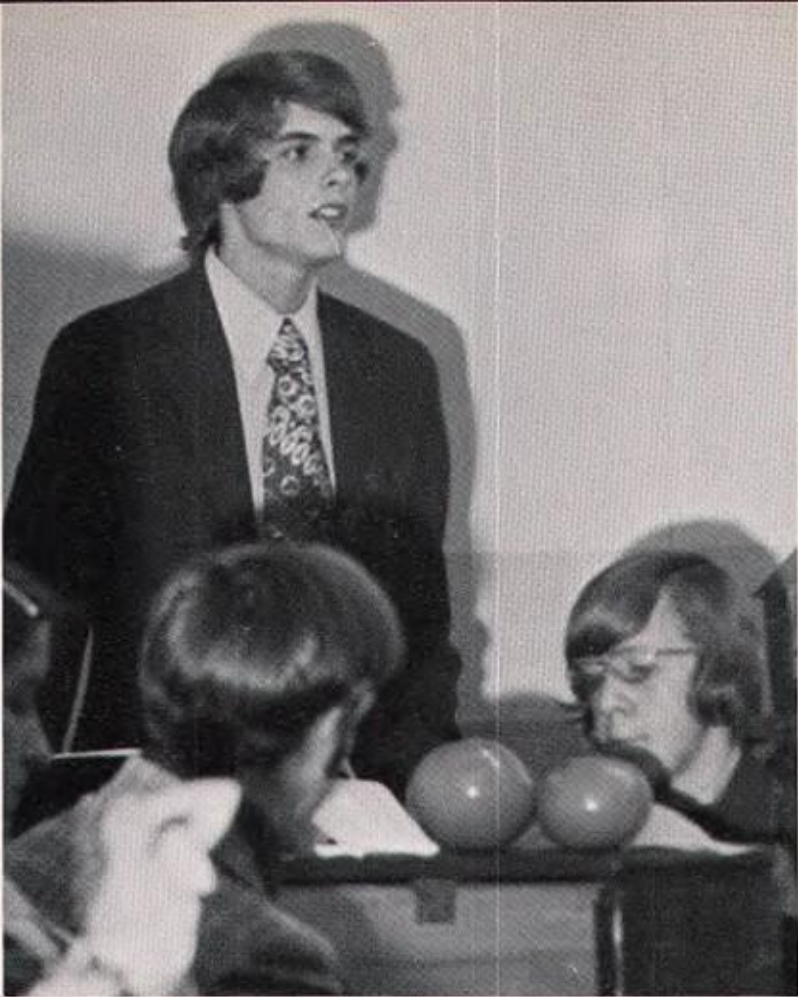

Mr. Jim Gunter, local attorney, was the guest speaker. Tim Hogan, accompanied by pianist Tim Gunter, sang a selection from "Jesus Christ Superstar."

A red rose, club flower, was presented to all new members.

An El Matador fellowship dinner marked the beginning of the club's events. To end the year, a picnic was given in April at the Fair Park.

SC creates Plaza

A dream came true in February when the Student Council opened the long-awaited Student Plaza, with a concession stand, in the old agriculture building.

As warming days came, so did students to the area behind the main building where benches are now placed and traffic is blocked off.

Clubs and classes competed in 1973 at a spring carnival and day of "thons" to earn more than \$450 for the project.

Operation: Goodwill was again the main project. Co-chairman encouraged donations and work projects from classes and clubs, both on campus and downtown.

Powder Puff, which matched junior and senior girls in football, was the only money-making project.

Hope was vice-president of the Arkansas Association of Student Councils and hosted a banquet at the state meeting where Mona Rowe, Arkansas Girls State governor, was speaker. They also hosted a district meeting last spring.

THEY AND OT

PEOPLE
HORSES

PEOPLE
HORSES

Now hear this:

NOW HEAR THIS!

We are giving the command
for all students interested in HHS,
to give your seven hours a day here to
making this school
a People Place.

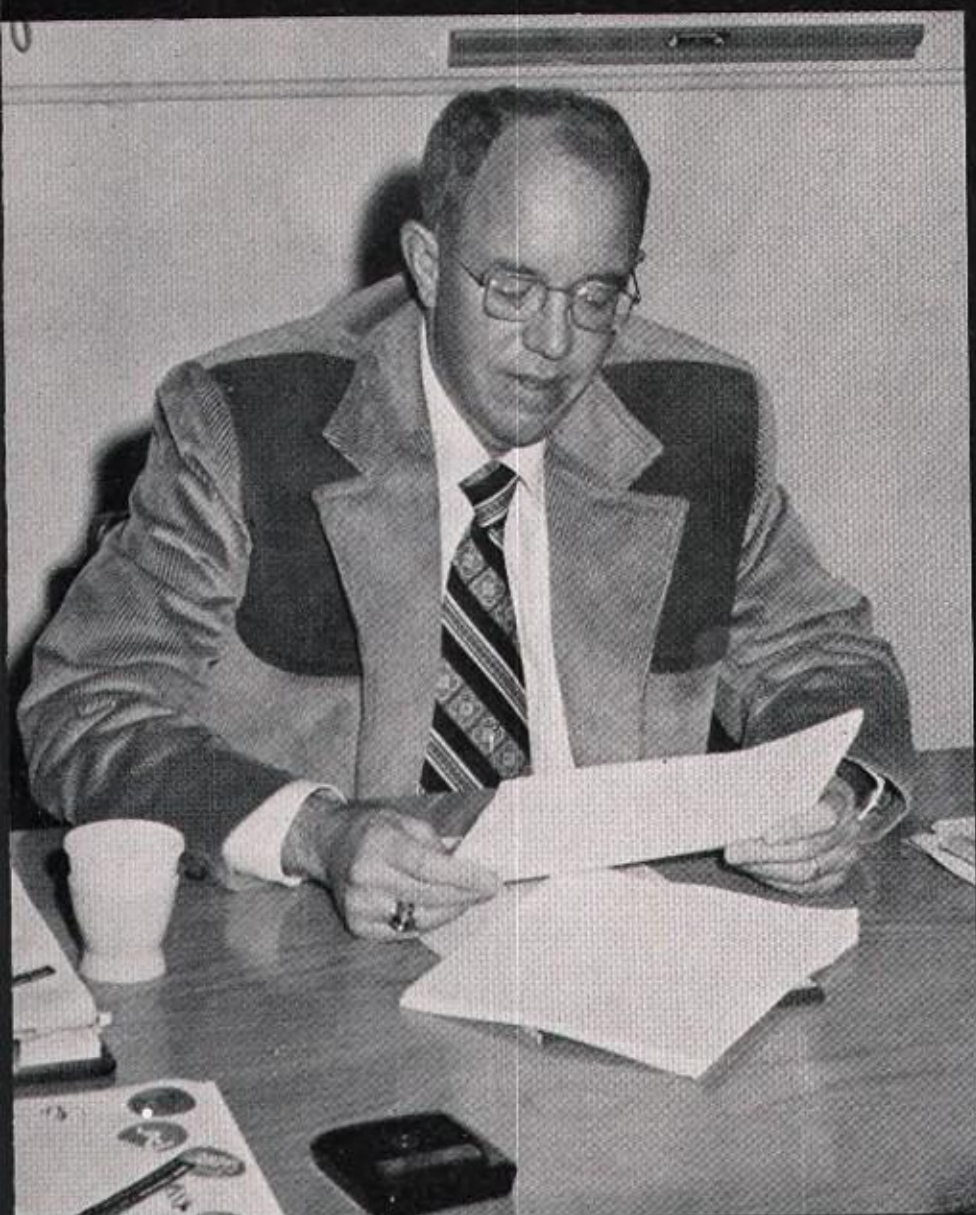

Not a student/teacher Place.
You work together in classes on homework,
hear teachers explain "hairy" problems
and listen to your friends
discuss their personal problems.
(at times you may feel like Dear Abby yourself.)

What better basis is there
for putting us all down on the record
as "The People of Hope High School"?

Mr. Joe Barentine is Hope's new superintendent. (below) Board of Education lines up with Mr. Jim Rowland, Mr. Bill Gunter, Mr. Jewel Moore; (back) Mr. Harold Bobo, Mr. Tom Ed Hays (secretary), Mr. James Davis, and Mr. W. E. Tolleson, (president).

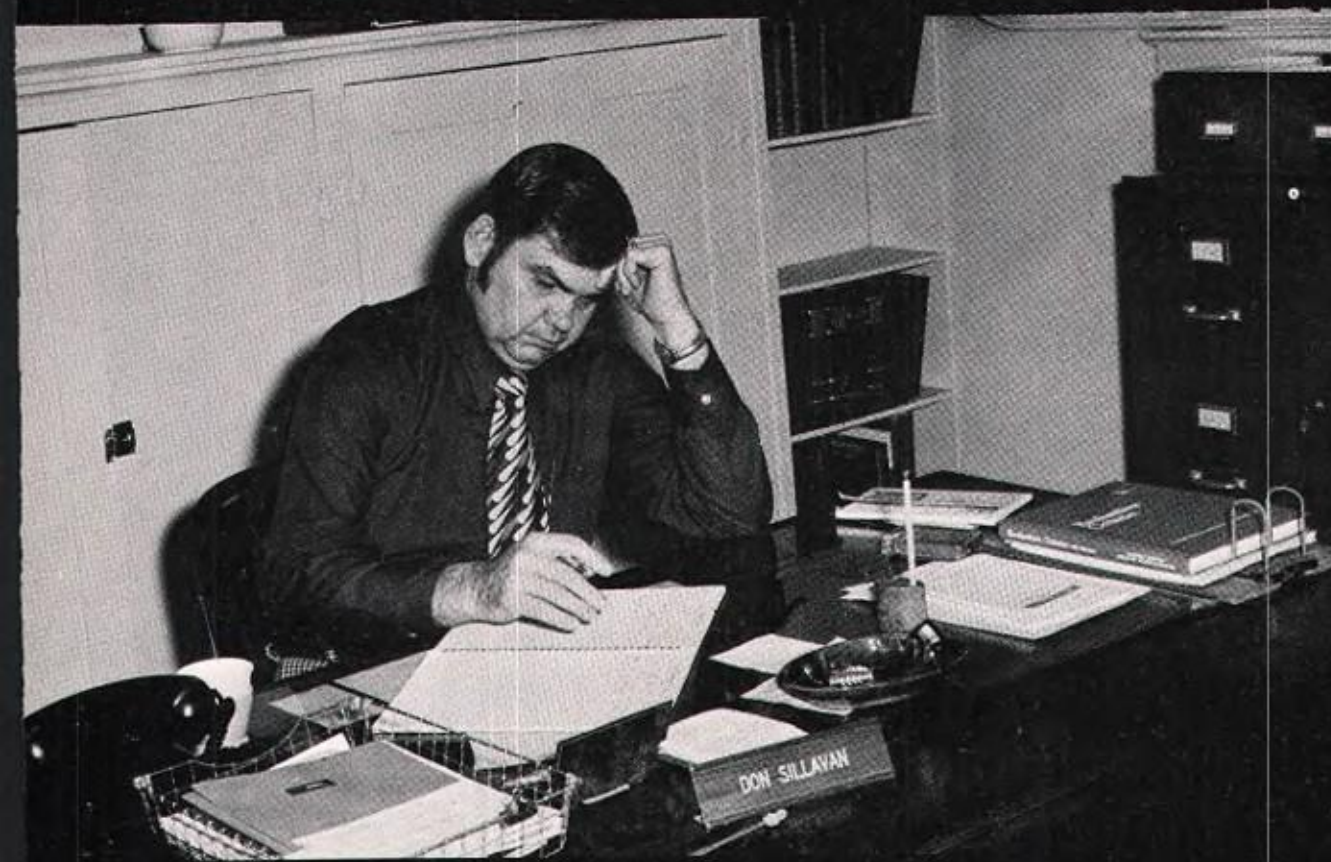

Despite popular belief . . . they are People

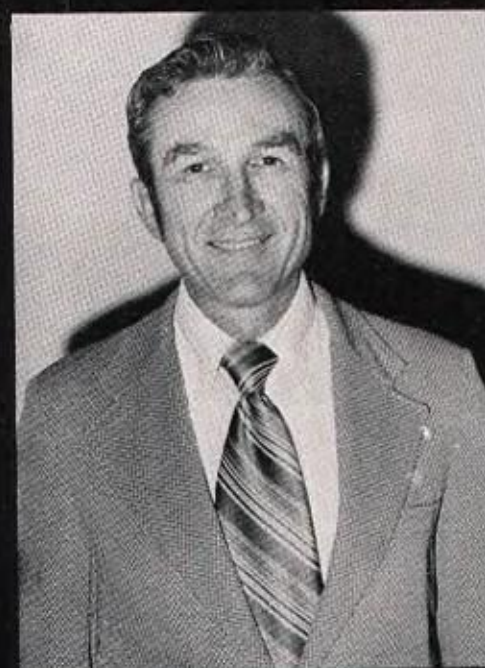

Real people, just like us. Oh, some act like us.

Oh, some act like teachers all the time, and some don't, but what makes them human, too, is the fact that school isn't all their lives. They have hobbies, crafts, interests beyond the wildest imaginations.

Take for instance Principal Whitmarsh. Responsibility rests on this head man's shoulders, so he's found a way to relieve his tension. Sports is the name and golf is the game. So, if you hear someone yell "Fore!" when he's around, don't be surprised to see little golf clubs gleaming in his eyes and calling him out for a rousing round.

(Top) Prin. Bob Whitmarsh is good at getting things straight. (Above) Busy counselors Floyd Young and Earl Downs get a rare rest from counseling. (Left) Asst. Prin. Don Sillavan keep daily record of absence excuses. (Below) Mr. Dale Franks is assistant superintendent.

(Left) Mrs. Aylene Kauble and Mr. Jack Watkins are ready to assist students. (Below) "I'm going bananas over these deadlines," screams Mrs. Turner.

Probing and analyzing the science and math teachers, we find that Mrs. Echols creates quite a commotion when she lets her long hair down at school. Another rumble-rouser is Mr. James Pride, giver of many powerful messages like "BULL!" Mr. Pride's idea of a party is a major feasco . . . a four page, two hour test!

Most say T.G.I.F., even on Monday

(Top) Social Studies Department boasts of Mr. Tommy Mosier, Mrs. Martha Allison, Mr. Barry Bennett, Mr. Felton Nunn, Miss Tomye Power; back: Mrs. Pat Roach, Mr. Stan Parris, Mr. Jim Duncan. (Above) So you want to be a band director—see Mr. Gary Wells first. (Above Right) With watchful eye over his domain, Mr. Harold Alexander sees everything is in top shape. (Below Right) Mrs. Marjorie Smith and Mrs. Virginia Cochran, librarian, keep books.

Teachers are people sure, but there are some real hams here, too.

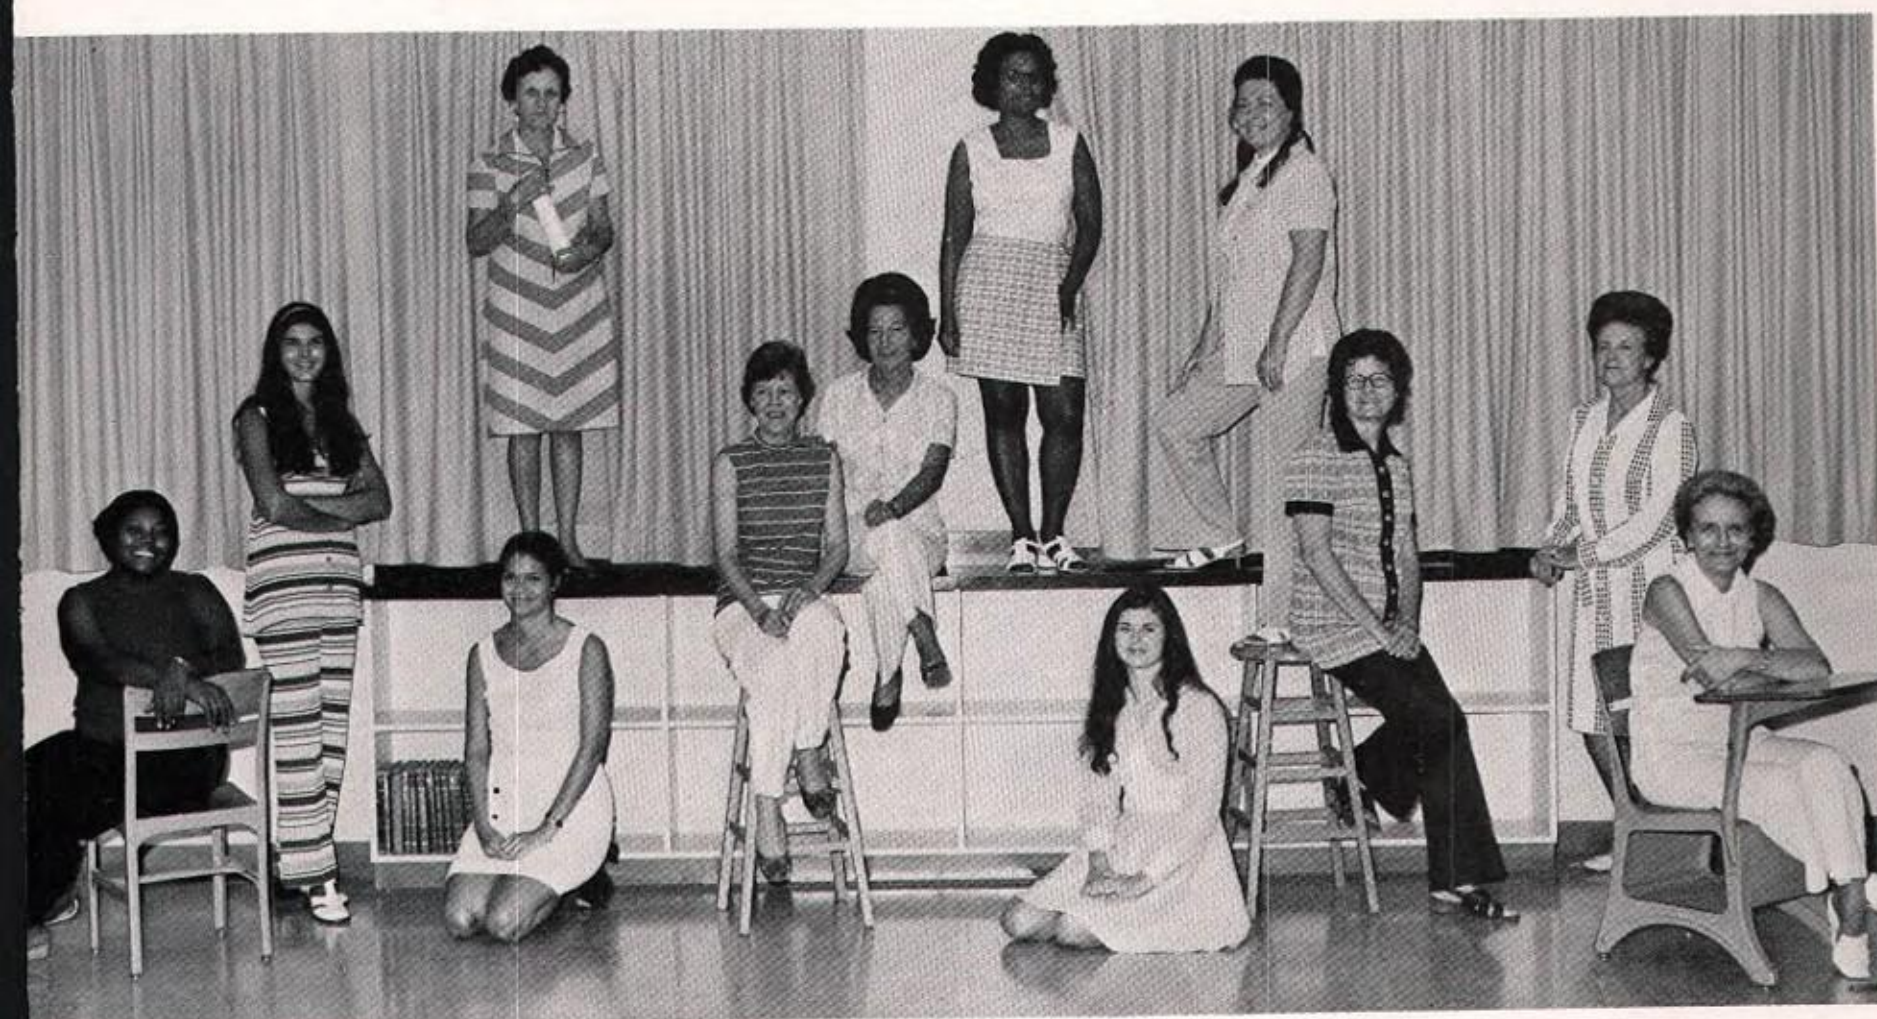

Mr. Gary Wells, HHS band director, is a bundle of dynamite when he lets his sophisticated exterior fall and puts on his cowboy hat to salute the "goat ropers" of HHS. He loves pretty girls, Cheetos, and Fridays, and of course his Band.

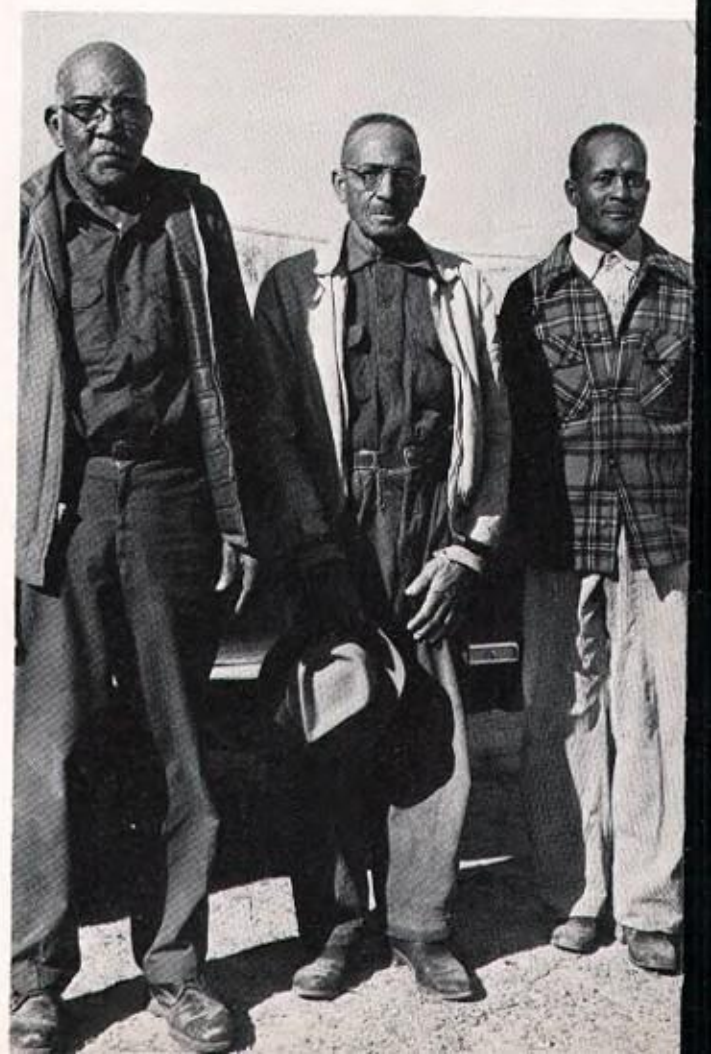

Another big ham is Mr. Tim Strawn, drama and speech teacher, who happens to be involved in just about anything you can name. He is a student council faculty adviser, working actively in construction of the Student Plaza, and also in church affairs.

(Above) Pretty as a picture, Mrs. Loretta Bartlett, instructs art. (Above Left) "Ham"-ering it up is natural for Mr. Tim Strawn, drama instructor. (Right Middle) Mrs. Verion Adams not only keeps up with absences but constantly monitors the intercom. (Right) HHS's top custodians are Jeff Holt, Buddy Isaiah Willis, and Jessie Stuart.

Surprises are behind these scenes

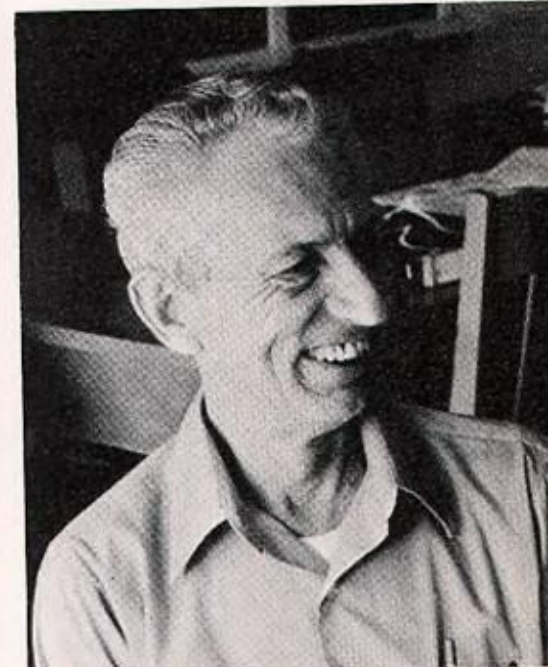

Mrs. Sue Delaney can whip out a school menu that's good and nutritious, but she has a talent few students know about. She sings with a country western group, sometimes as feature soloist.

And who is faster than a speeding teacher, more efficient than a duplicating machine, and always there when you need her? A teacher's aide or an office secretary, just getting the job done.

The big question for 1974: Will there be enough gas for the buses?

(Left) Discussion of gas shortage leads Karmel Kuhn, bus driver, and Mr. Bill Reyenga, transportation head, to consider gas tank locks. (Below) Mrs. Sue Delaney plans menus for school district. (Bottom Left) Friendly lunchroom aides exchange Christmas gifts. They are Sharon Townsend, Mary Ann Conway, Mrs. Susde Sisson; back: Mrs. Joyce Moss, Mrs. Barbara Calhoun, and Mrs. Katie Harris. (Bottom) Mr. L. L. Rowland is head maintenance man.

'I'm not 5' 8" even in heels!'

***Going and coming
This way and that***

Knowing just the right things
to say and the questions
to ask to get your western civ.
teacher off the subject.

Getting out of class . . .

Well, some have licked
that problem and some haven't.

Oh, brother! You can't help
but know . . . They're Seniors!
Q? What does it mean to be a
senior?

A! Once you really think about
it, it makes you wish you were
a few years younger so you
could go through all of it again.

Tim Hogan

The senior is the big haunch
on campus . . . His big senior
ring is his insignia of
superiority.

Juniors hit the door, 220 Juniors? What a ripoff!

They sure don't feel that way though they fill the halls with noise seven hours a day.

Juniors are proud of the fact that they are one of the largest classes to pass through good ole HHS.

What does it mean to be a Junior?

I appreciate it more because no law requires me to go to school and I feel even more like I am doing myself a favor by coming.

Being a junior means you are old enough to know better but young enough to do it anyway.

Stacked in classes, Sop homores

One year can sure make a difference and they've found that out.

Knowing the school and teachers better, not having to be embarrassed at asking where things are; And they aren't the ones that get picked on and stepped on any more.

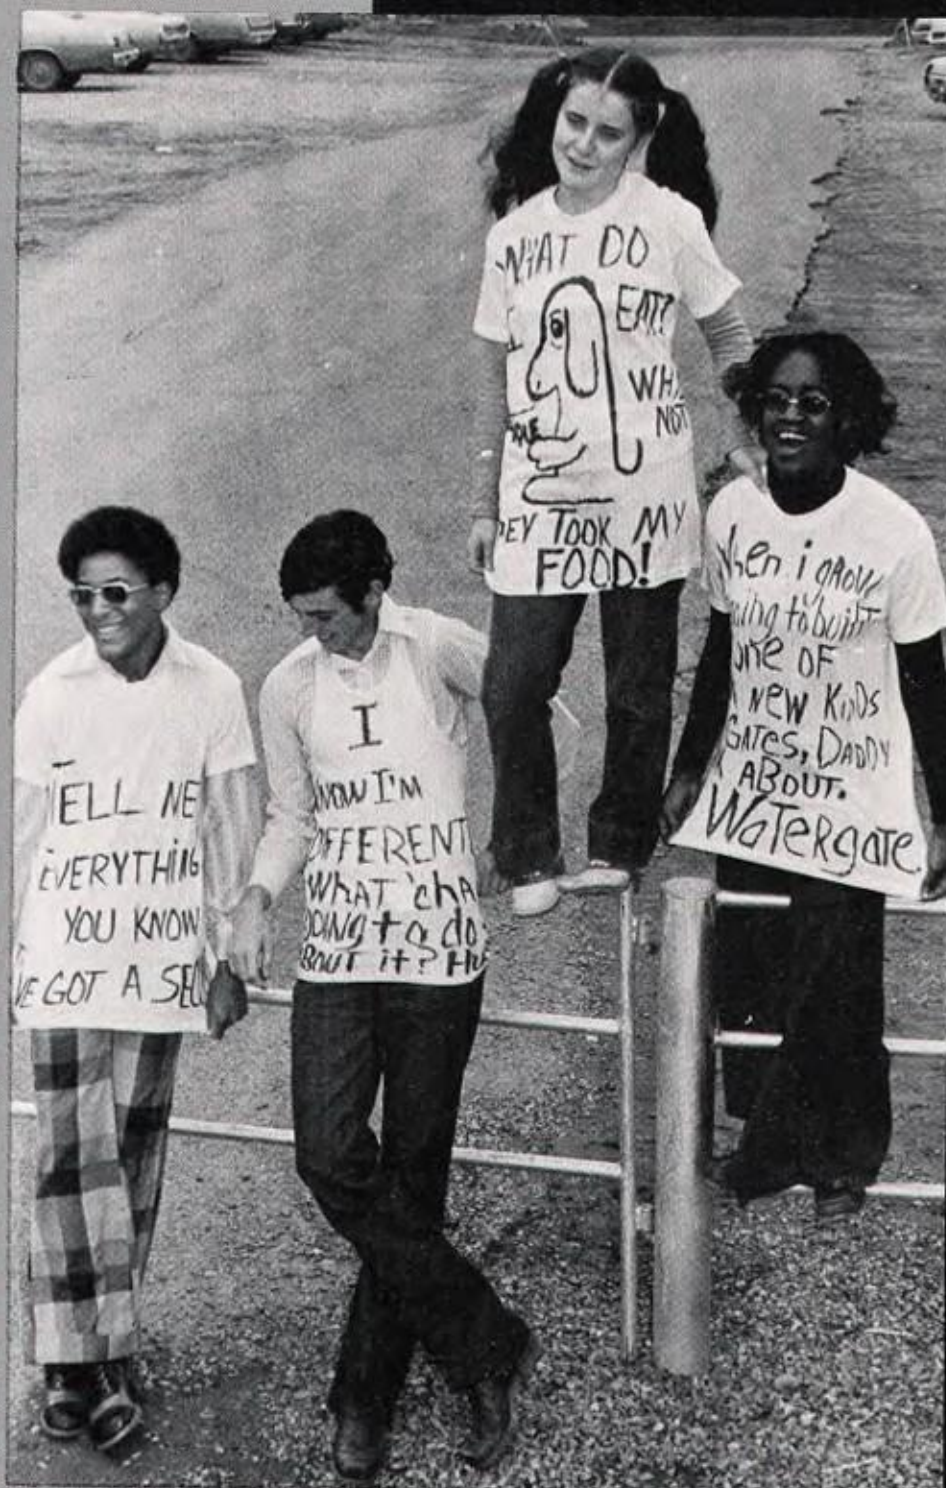

Q? What does it mean to be a Sophomore?

A! It means you are relieved over passing last year. It's the first grade where you actually see a guy faint after looking at one of Mr. England's biology tests.

Ted Tolleson
It means being able to watch the confused freshmen trying to find their next class which is a block away.

do and how they feel
about the rest of us here . . .

Q? How do you feel about open
campus for the first time?

A! It's really neat . . . they're
a lot more people to talk to.

Becky Hamilton
You don't have to just look at
the school all the time.

Odds are 24-560: teachers vs. students

What is it?
Do you hear it?
Oh yes, now I remember!
It is the 560 members of YJHS,
with all their enthusiasm.
Who couldn't help but hear them?
Fast-growing kids all over the campus:
their jeans get shorter,
hair gets longer, and
some of the boys are starting to have a lot
of "crack" in their voices.
See them coming closer
to HHS
as the ending of
school draws near. But,
with them comes
excitement and an anxious
group,
which will draw anyone's attention.

Seventh-grade 'mob' ***Keeps on a rollin'***

The seventh grade "mob" moved
in from Hopewell in September,
jamming already full
classrooms.

Closed campus for them
is no big deal, but going from
building to building gives a
feeling of freedom.

Transportation
is still by foot, bus, or car;
no motorbike license until you're
13 years old.

This is THE year
to get seriously involved
in basketball, football,
and track.

Just wait until this
MOB moves on up!

Bobcats begin careers even in junior high.

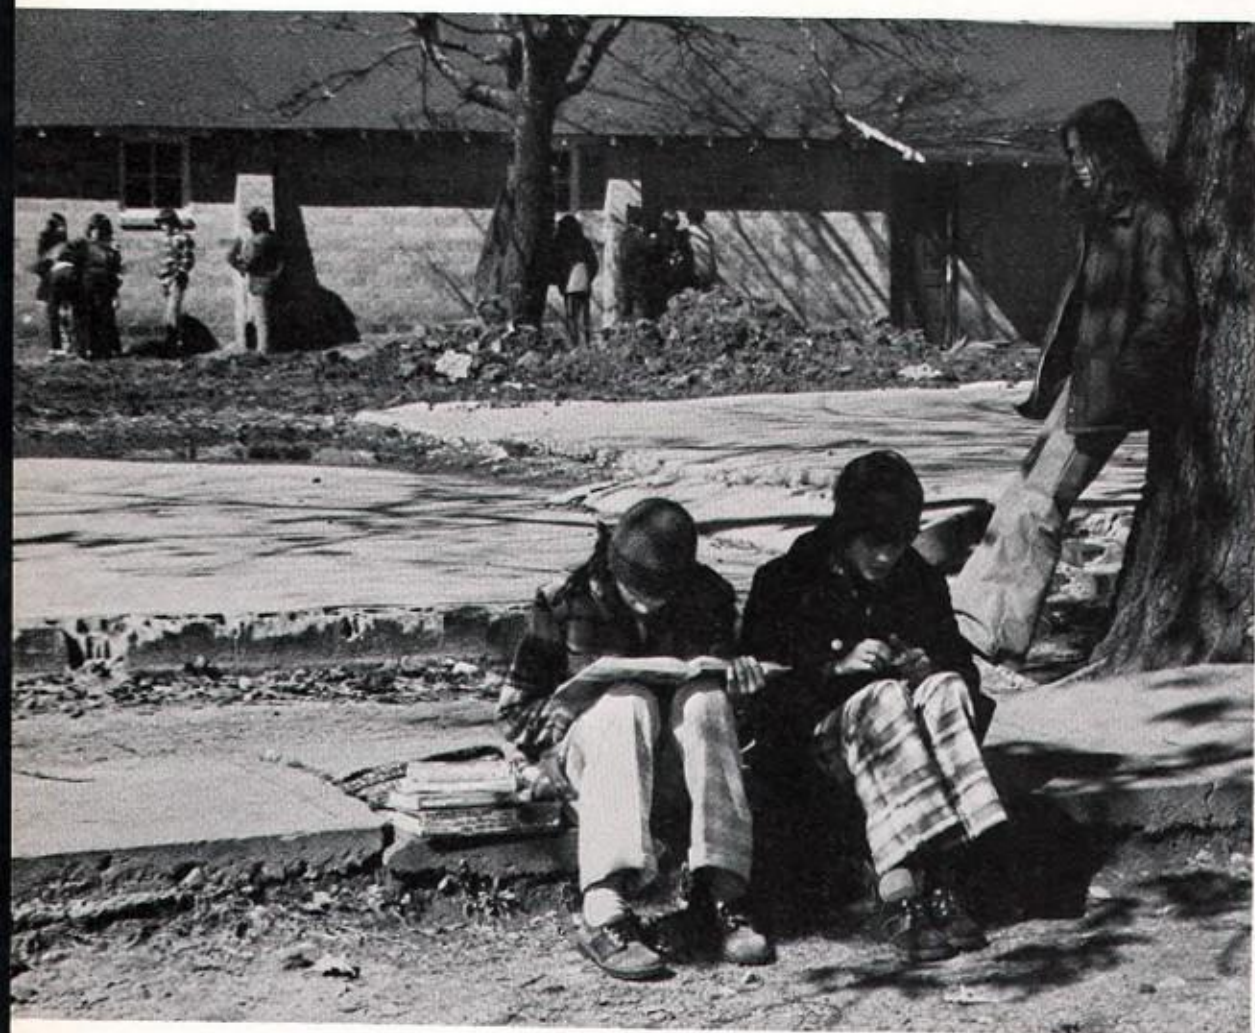

YJHS students love fun, but can be serious

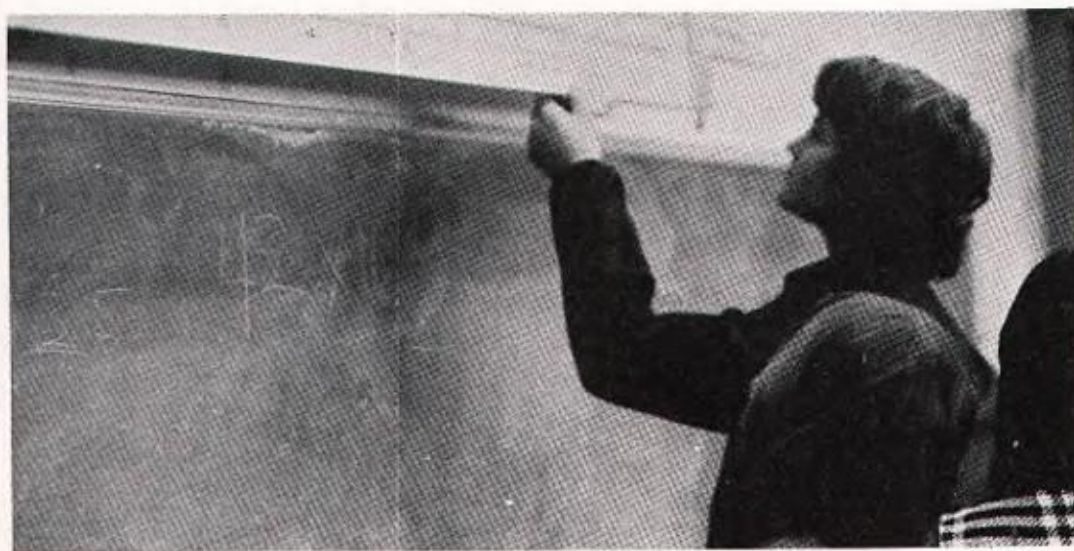

The fun-loving YJHers are serious, too. They volunteer to work in the library, the office, and for the teachers.

You know they're having chorus from the sounds coming from the music room — Christmas, Easter, spring, and Broadway hit songs.

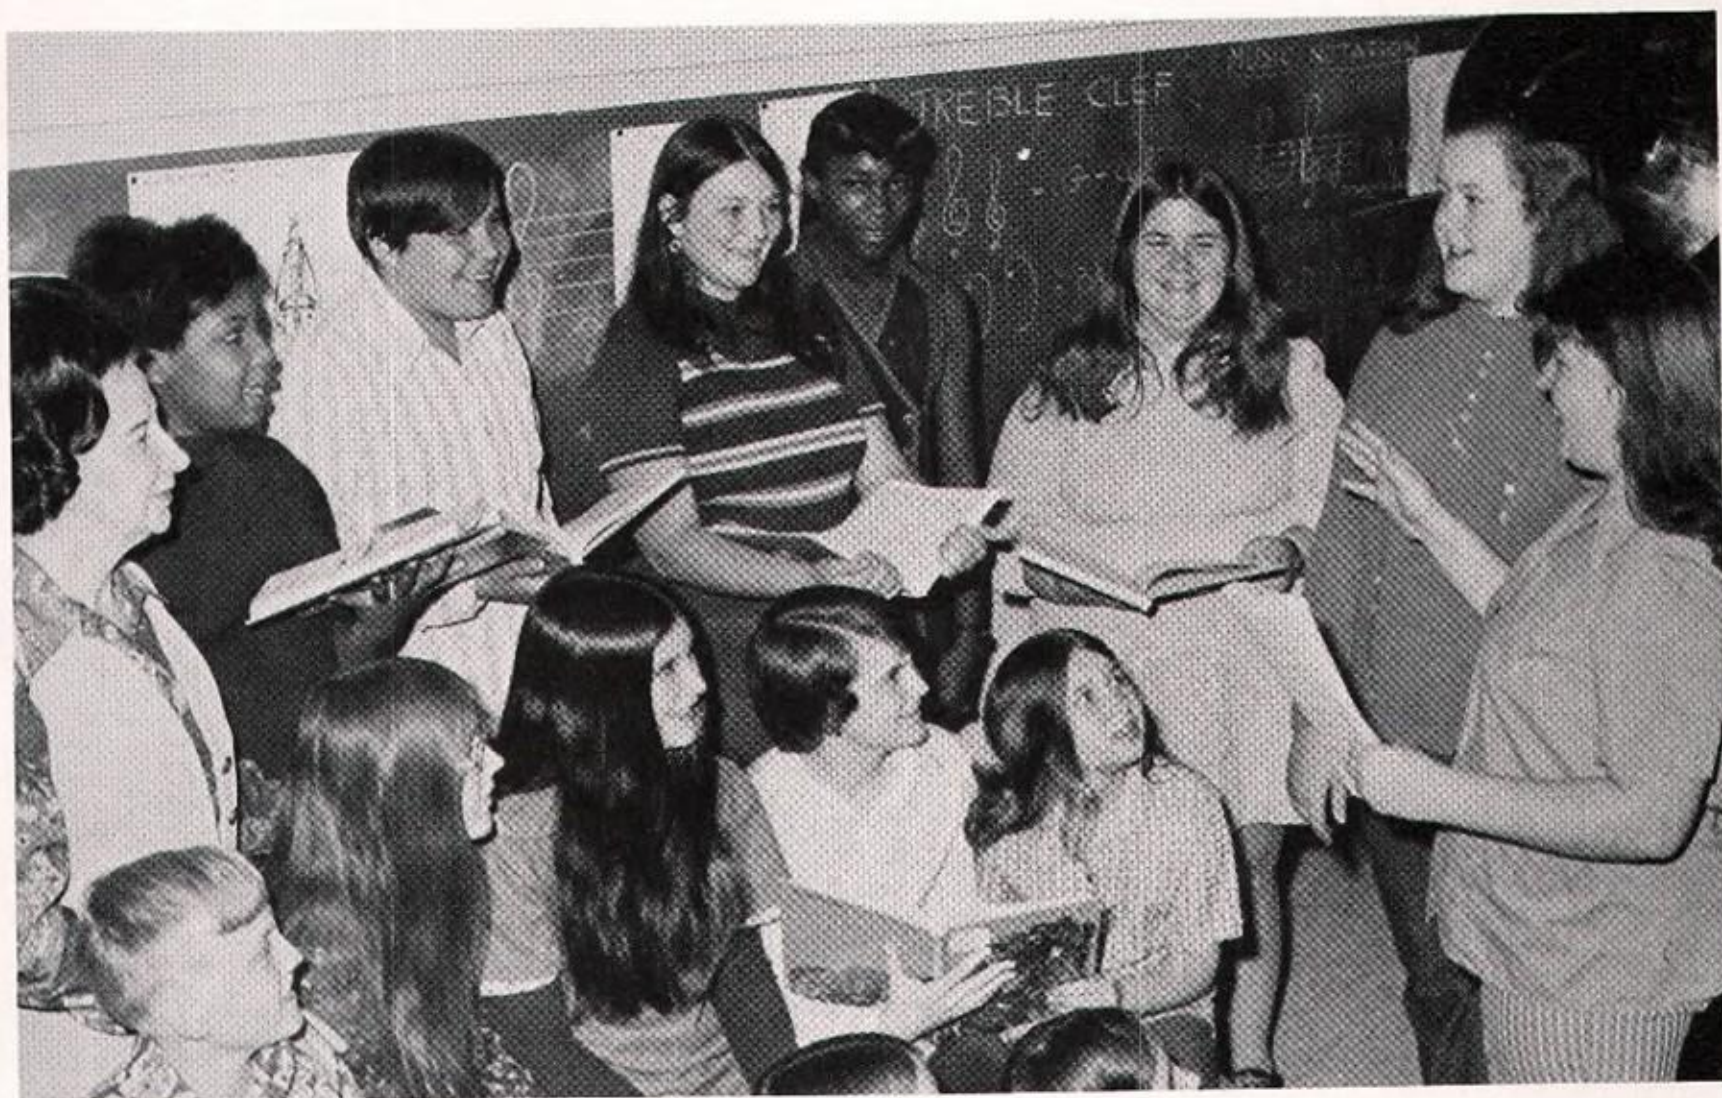

Each period volunteers assist Miss Brittain, librarian, checking out and shelving books.

No day at YJHS is an ordinary day.

Band grows and grows

YJHS band is growing each year. This means that private lessons have to be set up after school and even at night.

Band Director Byron Holt buses the group to the HHS band room daily for their practice sessions.

They were presented at the Christmas and spring concerts and add their sounds at the pep rallies and all home football games.

Student Council, live wire group

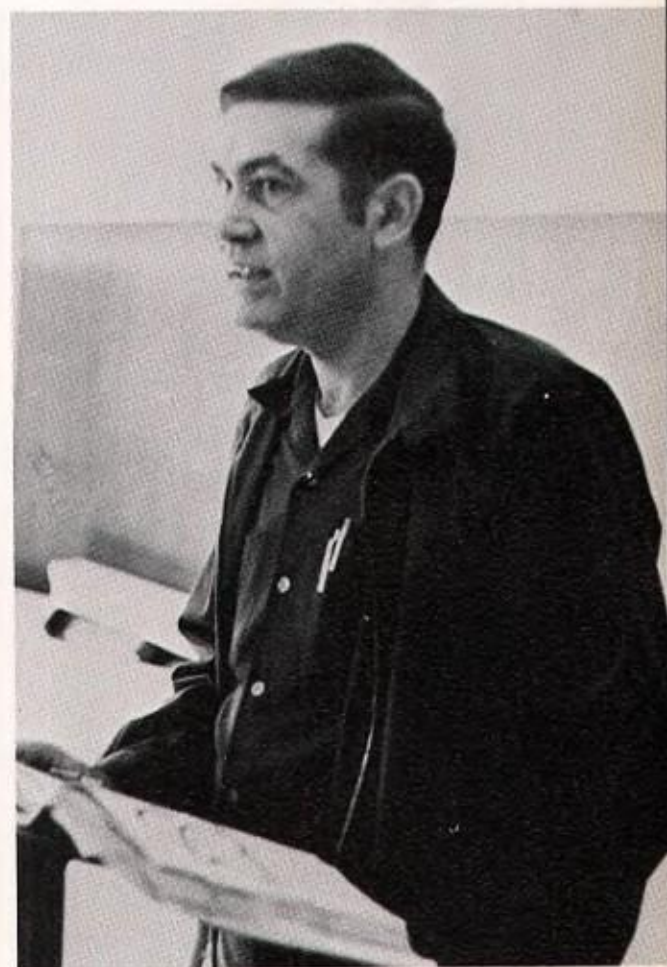

Busiest group on campus has to be the live wire Student Council, Mr. G. Cook, the adviser. They're selling school supplies before school and monitoring in the lunchroom and at the pop machines in the gym at noon.

From their profits they have purchased shades for some of the classrooms and speaker's stands for each of the teachers.

When you need to have something done now, ask for a Student Council member.

in Prescott, Nashville tournaments

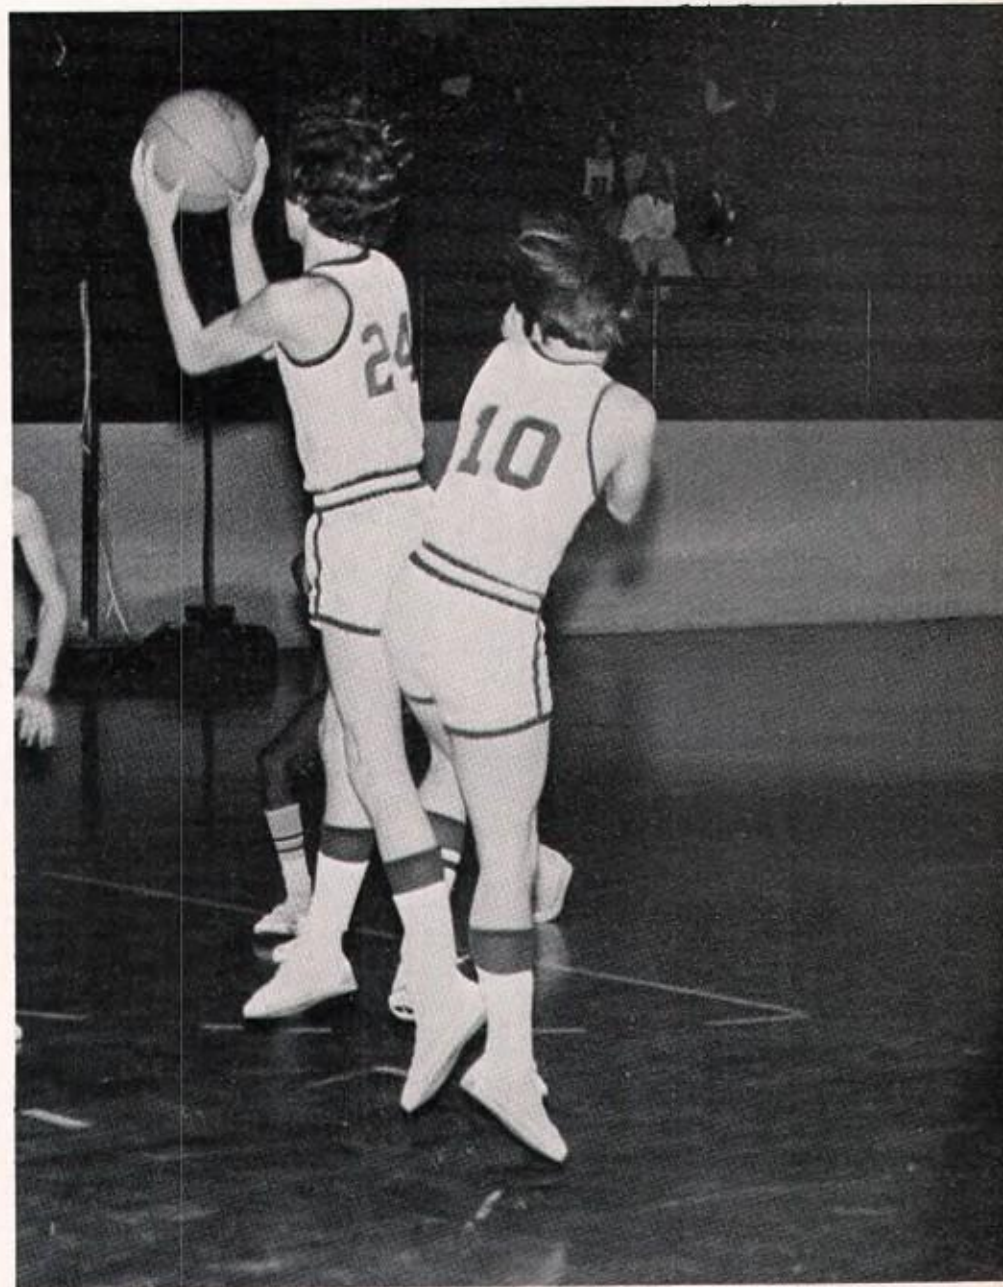

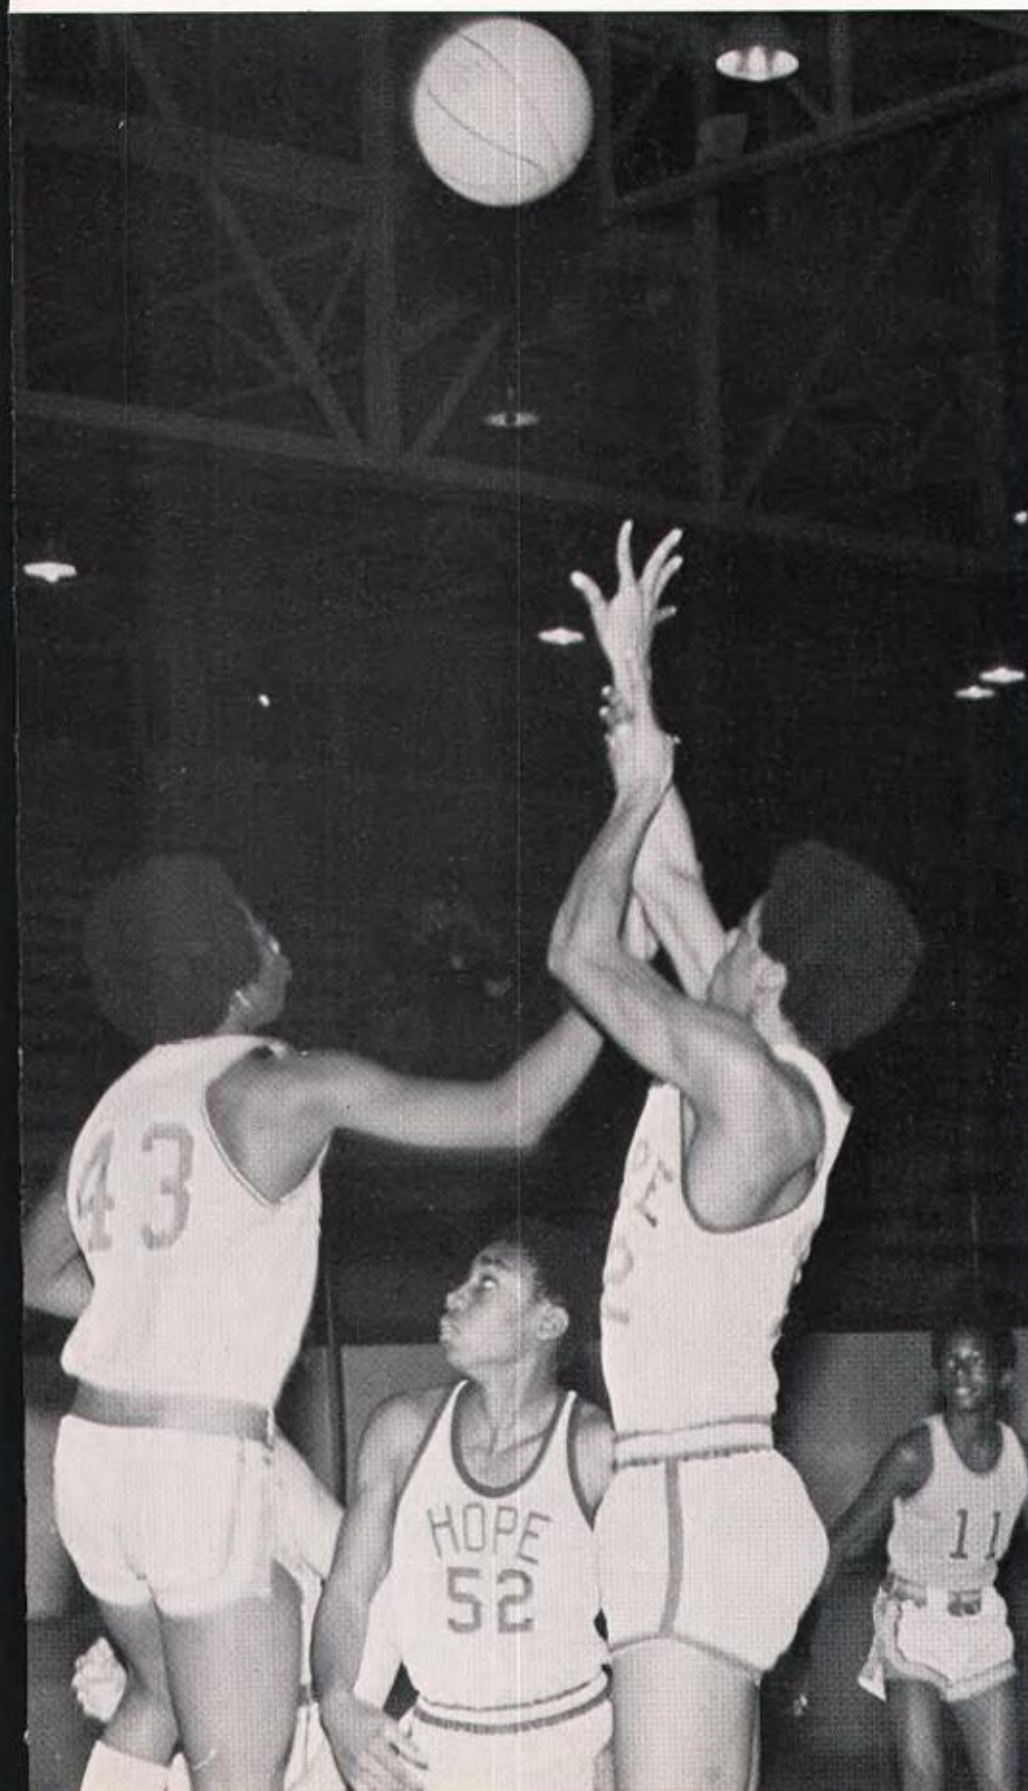

Starting the season off right, the Bobkittens placed second in the Prescott Tournament after losing by only one point to Arkadelphia in the finals.

Using the leadership of Coach Bill Barnes the Bobkittens marked their season with a 7-11 record.

After fighting their way through the Nashville Tourney, the Bobkittens were again disappointed by a two-point loss to Foreman in the finals.

District was not as sweet as the other tournaments. After a win over Magnolia, the Kittens were downed roughly by Camden.

Kitty Cats lack needed experience

Lacking much-needed experience, the Kitty Cats met disappointment in the 1973 season with a 2-12 record.

Winning only one game during their regular season, against Nashville in the Prescott Tournament, the Kitty Cats approached district with mixed emotions. Then with a 34-33 win over Foreman their hopes began to spiral.

The next step in district was Stephens, a long-time opponent of Hope. They brought the Kitty Cat's season to an end with a 41-17 defeat.

Outstanding Kitty Cats were Pam Compton, Jennifer Robinson, Shirley Kosh, Susie Sinyard, Becky Faulkner, Jeannie Ward, Donna Pendergraft, and Janice Martin.

This Page. (Center) Compton adds to Kitty Cat victory over Foreman. (Top) Martin, determined, takes the ball. (Above) Team includes Jeannie Ward, Susie Sinyard, Shirley Kosh, Jennifer Robinson; second row: Belinda O'Dell, Pam Tollison, Becky Faulkner, Kathy Cox, Pam Compton, Shari Bryan, Gwen

Monk; fourth row: Donna Pendergraft, Dee Dee Lauterback, Janice Martin, Carolyn Ellis, Mary Prater, Pam Williamson. Opposite Page. (Right) Sinyard and Martin confer with Coach Williams on what to do next. (Bottom) Becky Faulkner fights for tip against Foreman.

Bobkittens' ***Camden victory,*** ***season's highlight***

Bobkittens landed a 4-2-2 season under the direction of their new coach Jim Duncan.

The biggest game of the year was the all exciting one-point victory over Camden in the last minutes of the game.

After receiving a Camden punt, the Kittens took charge and marched to the Camden four but failed to put it over. There were less than two minutes in the game with the Panthers leading 20-13.

With Camden now in possession of the ball, the Kittens forced a fumble and covered it. Then the all-important play for a two-point conversion was good and Hope won it 21-20.

Opposite Page. (Top) QB Britt Henry takes time to talk things over with Coaches Duncan and Barnes. (Center) Campbell crawls for a few more yards against Prescott. (Bottom) Davis prepares for the attack. This Page. (Below) Davis keeps on his feet with Fairview hanging on. (Left) Campbell takes advantage of a hole in Prescott defense. (Bottom) Bobkittens are Bobby Frazier, Britt Henry, Jim Stuart, Mike Barnes, Darrell Flowers, Britt Monts, Bruce Huddleston, Duane Mayfield, David Jones, Tommy Waters; second row: Billy Bob Butler, Bryan Cox, Charles Jester, Wyatt McGaugh, Edwin Connelly, Jay Rowe, Brad Joyce, Johnny Campbell, David Sisson, Chris Cage, Coach Barnes; third row: Tracy Coleman, David Scott, Ricky Orr, Reginald Muldrew, Lavenski Smith, Herman Muldrew, Elvin Davis, Larry Coffee, Dick Harris, Steve Cox; fourth row: Larry Johnson, Charles Harris, Sammy Clark, Jimmy Johnson, Alvin Davis, Larry Smith, Johnny Palmer, Head Coach Duncan.

Cheerleaders, Kittenettes
They can be
seen, heard

Cheerleaders and Kittenettes can be heard at every home game and most away-from-home games. They wear bright red outfits.

Since some are in the ninth grade at HHS and some at YJHS, there are some problems. The Bob-kittens and cheerleaders are transported by school bus to the YJHS gym for pep rallies, lively events.

Opposite Page. (Top) YJHS loves those Bobkittens. (Bottom) Kittenettes are Sally White, Kim Mitchell, Carolyn Ellis, Darlene Sallee, Dana Flowers, Becky Faulkner, Vickie England, Susie Speark, Diana Martin; second row: Kathy Coffee, Lisa Lee, Cindy Arnett, Nancy Hampton, Sheila Stuart, Jo Jo Martin, Sharon Rowe, Patricia Rogers, Cindy Hudson, Angela Kellam, Diane Impson; third row: Gail Cannon, Penny Rosenbaum, Donna Tunstall, Judy May, Marcia Abbott, Greta Parks, Dee Dee Lauterback, Kim Harper, June Ann Downs, Cindy Jones, Mary Jo McClelland.

This Page. (Top Left) Susie Sinyard cheers the Kittens. (Top Right) Cheerleaders are caught in the home game action. (Left) Cheerleaders are, front, Betty Szymanski; second row; Pam Compton, Thomasa Jordan, Terri Alford, Sandra Reed; third row: Jakeeli Young, Teena Walden. (Above) Thomasa Jordan is cheerleader captain.

In Memoriam

Bobby Glenn Woods

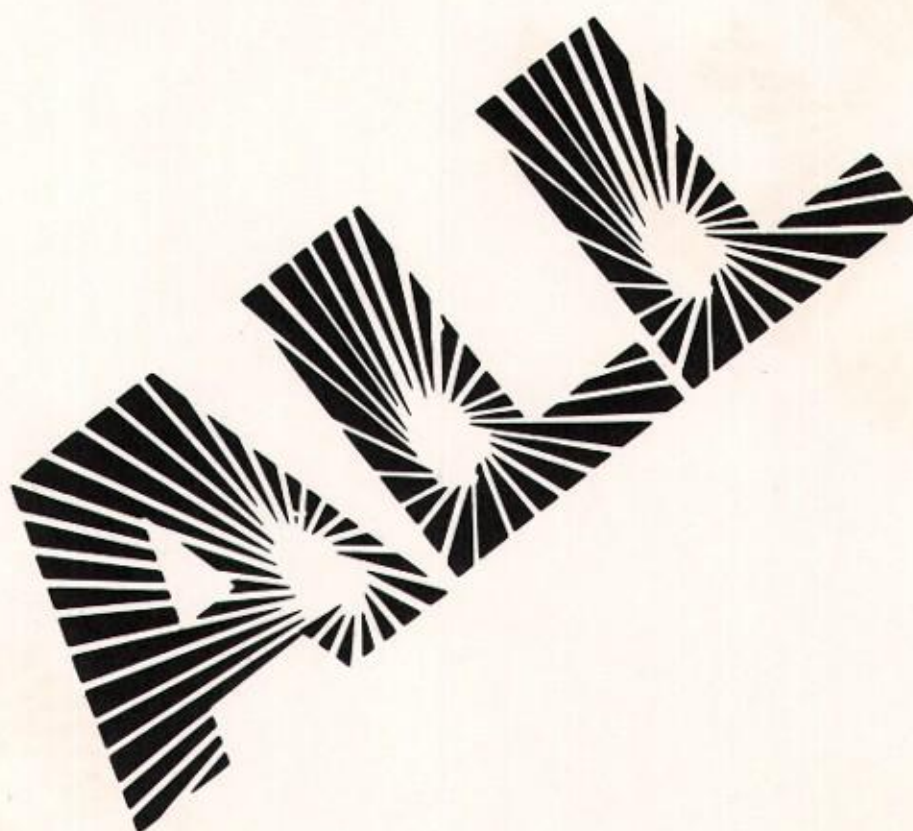

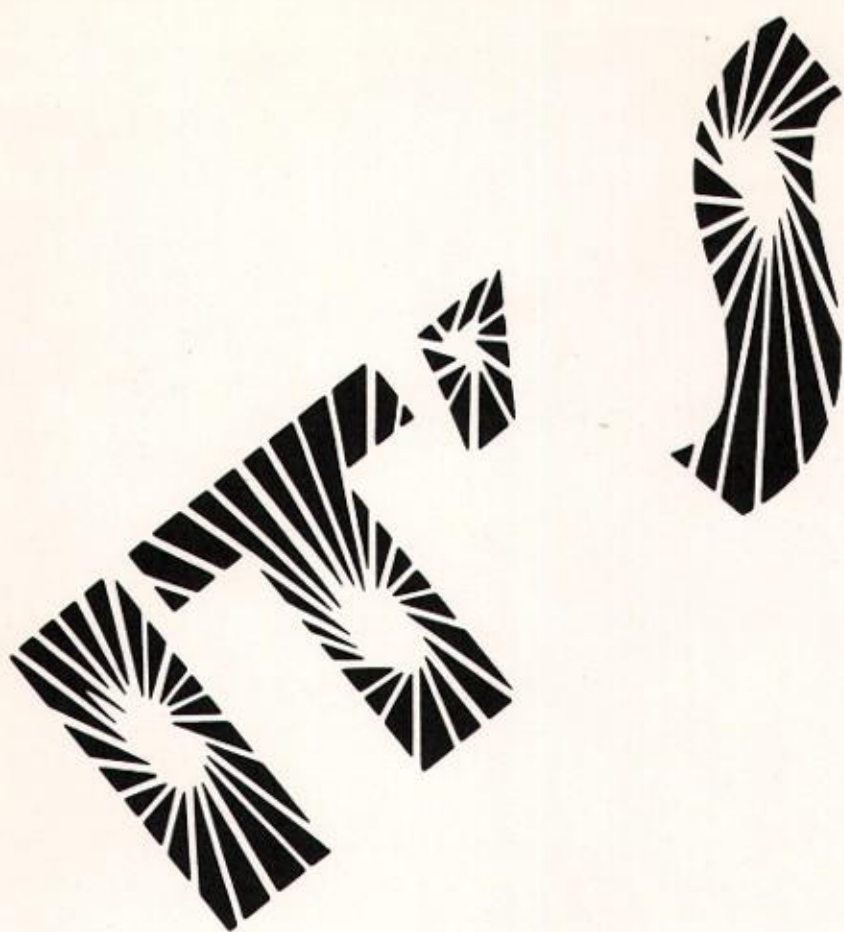

October 8, 1960 - March 12, 1974

This is the '74 BOBCAT yearbook staff signing off and wishing you a pleasant summer.

Summer means lots of things like swimming, baseball games, picnics, family reunions and free time ... But it is most famous for being the time when there's NO SCHOOL.

Take it easy. See ya 'round.
